Except for Arch Coal, Inc. (the “Company”), each of the foregoing entities shall be referred to herein collectively as the “Guarantors.” The Company and the Guarantors shall be referred to collectively as the “Applicants.”

2. Securities Act Exemption Applicable

On or promptly after the date of the Application for Qualification on Form T-3 (the “Application”), the Company intends to offer new 8.000% Senior Secured Notes due 2022 (the “New Notes”) in exchange for the Company’s outstanding 7.25% Senior Notes due 2020 (the “Old Notes”) which are held by holders of the Old Notes (“Holders”) who are not “qualified institutional buyers” as defined in Rule 144A under the Securities Act of 1933, as amended (the “Securities Act”) and the rules and regulations thereunder and “qualified purchasers” within the meaning of Section 2(a)(51) of the Investment Company Act and the rules and regulations thereunder (each such person, an “Eligible Holder”). The Company is offering, for each \$1,000 of a Holder’s Old Notes, to exchange (i) \$837.38 of the New Notes, (ii) a cash payment of 50% of the total amount of accrued and unpaid interest on the Old Notes from and including the prior interest payment date to, but excluding, the applicable closing date of the exchange (the “Interest Payment”), and (iii) a cash payment (the “Cash Payment”) of \$60 if the Holder agrees to an exchange and executes an exchange agreement by 5:00 p.m. July 16, 2015, or \$30 if the Holder agrees to exchange and execute an exchange agreement thereafter but prior to midnight New York City time at the end of July 30, 2015. The Company calls this transaction the “Exchange Transaction.”

In connection with the Exchange Transaction, the Company is requesting that Holders consent to certain proposed amendments to the indenture, dated as of August 9, 2010, as supplemented by a first supplemental indenture dated as of August 9, 2010 by and among the Company, the subsidiary guarantors named therein and U.S. Bank National Association, as trustee, governing the Old Notes (the “Old Indenture”) and to the related execution of a supplemental indenture (the “Supplemental Indenture”) embodying the proposed amendments. The proposed amendments would allow the incurrence of additional secured debt under the Old Indenture. If the Exchange Transaction is completed, the New Notes will be governed by the indenture (the “New Indenture”) to be qualified under this Application for Qualification on Form T-3. For more detailed information regarding the New Indenture, please see Item 8 of this Application.

As the New Notes are proposed to be offered for exchange by the Company with its existing noteholders exclusively and solely for the Old Notes of the Company, the transaction is exempt from registration under the Securities Act, pursuant to the provisions of Section 3(a)(9) thereof. No soliciting activities will be conducted in connection with this offer other than a notice in a Company press release that invites holders that are not Qualified Institutional Buyers and Qualified Purchasers to contact the Company. Only after confirming their status as such will Holders receive the materials related to this offer. No fees will be paid, directly or indirectly, to any person in connection with this Exchange Transaction for which the Section 3(a)(9) exemption is claimed, except for customary fees and payments to be made in respect of preparation, printing and mailing of the Offer to Exchange Notice (a form of which is attached hereto as Exhibit T3E), the payments of the fees and expenses of the Company’s legal advisors and the engagement of U.S. Bank National Association, as trustee and collateral agent under the New Indenture and trustee under the Old Indenture (the “Trustee”). No Holder of the Old Notes has made or will be requested to make any cash payment to the Company in connection with the Exchange Transaction. No advisor was retained to or did make recommendations or solicitations with respect to the proposed Exchange Transaction or encouragements to participate in any particular manner.

[Table of Contents](#)

The Company is making an additional concurrent exchange offers to holders of the Company’s securities other than the Old Notes as well as holders of the Old Notes in each case that are able to establish that they are Qualified Institutional Buyers and Qualified Purchasers. Several dealer managers are participating in such concurrent exchange offers. Certain participating holders in these additional concurrent exchange offers will receive New Notes in combination with certain other of the Company’s securities. The Company calls these concurrent exchange offers together, the “Concurrent Exchange Offers.” The Concurrent Exchange Offers are private placement transactions being conducted pursuant to an exemption from registration under Section 4(a)(2) of the Securities Act, with solicitation fees paid to dealer managers involved therewith. Holders who are eligible to participate in this offer by definition will not be eligible to participate in the Concurrent Exchange Offers and will receive no documentation in respect thereof; similarly holders participating in the Concurrent Exchange Offers will not be solicited using the materials for this offer.

INDENTURE SECURITIES

8. Analysis of indenture provisions.

The New Notes will be issued under the New Indenture to be entered into among the Company, the Guarantors and the Trustee. The following is a general analysis of certain provisions of the New Notes and is qualified in its entirety by reference to the New Indenture filed as an exhibit hereto. The Company has not entered into the New Indenture as of the date of this filing, and the terms of the New Indenture are subject to change prior to its execution.

(a) Events of Default; Withholding of Notice

Events of Default in respect of the New Notes include:

- (1) failure to make the payment of any interest on the New Notes when the same becomes due and payable, and such failure continues for a period of 30 days;
- (2) failure to make the payment of any principal of, or premium, if any, on, the New Notes when the same becomes due and payable at its stated maturity, upon acceleration, optional redemption, required repurchase or otherwise;
- (3) failure to comply with the covenants pertaining to repurchase at the option of Holders upon a change of control, limitation on asset sales, and merger, consolidation and sale of property;
- (4) failure to comply with the covenant pertaining to SEC Reports for 120 days after written notice is given to the Company as provided below;
- (5) failure to comply with any other covenant or agreement in the New Notes, the New Indenture or the note guarantees (other than a failure that is the subject of the foregoing clause (1), (2), (3) or (4)), and such failure continues for 60 days after written notice is given to the Company as provided below;
- (6) a default under any debt by the Company or any restricted subsidiary that results in acceleration of the maturity of such debt, or failure to pay any such debt at maturity, in an aggregate amount greater than \$100.0 million or its foreign currency equivalent at the time (the “cross acceleration provisions”);
- (7) any final judgment or judgments for the payment of money in an aggregate amount in excess of \$100.0 million (or its foreign currency equivalent at the time), to the extent such judgments are not paid or covered by insurance provided by a reputable carrier that shall be rendered against the Company or any restricted subsidiary and that shall not be waived, satisfied, stayed or discharged for any period of 60 consecutive days after the date on which the right to appeal has expired (the “judgment default provisions”);
- (8) certain events involving bankruptcy, insolvency or reorganization of the Company, any guarantor or any other significant subsidiary (the “bankruptcy provisions”);
- (9) any note guarantee shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason (other than in accordance with the provisions of the New Indenture) to be in full force and effect or any guarantor, or any person acting on behalf of any guarantor, shall deny or disaffirm its obligations under any note guarantee; and
- (10) unless all of the collateral has been released from the 1.5 priority liens in accordance with the provisions of the security documents, (x) default by the Company or any guarantor in the performance of the security documents which adversely affects the enforceability, validity, perfection or priority of the 1.5 priority liens on any collateral, individually or in the aggregate, having a fair market value in excess of \$100.0 million, (y) the repudiation or disaffirmation by the Company or any guarantor of its material obligations under the security documents or (z) the determination in a judicial proceeding that the security documents are unenforceable or invalid against the Company or any guarantor party thereto for any reason with respect to any collateral, individually or in the aggregate, having a fair market value in excess of \$100.0 million, in each case, which default, repudiation, disaffirmation or determination is not rescinded, stayed, or waived by the persons having such authority pursuant to the security documents or otherwise cured within 60 days after the Company receives written notice thereof specifying such

occurrence from the Trustee or the Holders of at least 25% of the outstanding principal amount of the New Notes and demanding that such default be remedied.

“Default” means any event which is, or after notice or passage of time or both would be, an Event of Default.

A Default under clauses (3) or (4) is not an Event of Default until the Trustee or the Holders of not less than 25% in aggregate principal amount of the New Notes then outstanding notify the Company of the Default and the Company does not cure such Default within the time specified after receipt of such notice. Such notice must specify the Default, demand that it be remedied and state that such notice is a “Notice of Default.”

The Company shall deliver to the Trustee, within 30 days after the occurrence thereof, written notice in the form of an officers’ certificate of any event that with the giving of notice or the lapse of time or both would become an Event of Default, its status and what action is being taken or proposed to be taken with respect thereto.

If a Default or an Event of Default occurs and is continuing and is known to a trust officer of the Trustee, the Trustee shall mail to each Holder notice of the Default or Event of Default within five business days after its occurrence. Except in the case of a Default or an Event of Default in payment of principal of, premium, if any, on the New Notes or interest, if any, on any New Note, the Trustee may withhold the notice to the Holders if and so long as a committee of its trust officers in good faith determines that withholding the notice is in the interests of the Holders.

(b) Authentication and Delivery of the Notes; Use of Proceeds

The New Notes to be issued under the New Indenture may be executed by manual or facsimile signature on behalf of the Company by any of the following persons: (i) the Chief Executive Officer, (ii) the President, (iii) the Senior Vice President and Chief Financial Officer, (iv) the Senior Vice President — Law, General Counsel and Secretary, (v) the Controller, (vi) the Treasurer, (vii) any Assistant Secretary, (viii) any Assistant Treasurer and (ix) any such other officer of the Company as the Chief Executive Officer may in his discretion designate.

The New Notes shall not be valid or obligatory for any purpose until an authorized signatory of the Trustee manually signs the certificate of authentication on the New Note. The signature shall be conclusive evidence that the New Note has been authenticated. The Company shall execute and the Trustee shall authenticate the New Notes pursuant to a written order signed in the name of the Company by any person authorized by a resolution of the directors, officers or shareholders of the Company or such other similar governing body or person of the Company.

The Trustee may appoint an authenticating agent reasonably acceptable to the Company to authenticate the New Notes. Unless limited by the terms of such appointment, any such authenticating agent may authenticate New Notes whenever the Trustee may do so. The Trustee shall have the right to decline to authenticate and deliver any New Notes if the Trustee, being advised by counsel, determines that such action may not lawfully be taken or if the Trustee in good faith shall determine that such action would expose the Trustee to personal liability to existing Holders.

There will be no proceeds from the issuance of the New Notes because the New Notes will be exchanged for the Old Notes.

(c) Release and Substitution of Property Subject to the Lien of the Indenture

The security documents and the New Indenture will provide that the 1.5 priority liens securing the note guarantee of any guarantor will be automatically released when such guarantor's note guarantee is released in accordance with the terms of the New Indenture. In addition, the 1.5 priority liens securing the obligations under the New Notes and the New Indenture will be released (a) in whole, upon a legal defeasance or a covenant defeasance of the New Notes, (b) in whole, upon satisfaction and discharge of the New Indenture, (c), in whole, upon payment in full of principal, interest and all other obligations on the New Notes issued under the New Indenture, (d) in whole or in part, with the consent of the requisite Holders of the New Notes in accordance with the amendment and waiver provisions, including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, New Notes; (e) in whole, upon the first date that the New Notes have investment grade ratings from both Standard & Poor's Ratings Services and Moody's Investors Service, Inc. and no Default or Event of Default has occurred and is continuing under the New Indenture; and (f) in part, as to any asset constituting collateral (A) that is sold or otherwise disposed of by the Company or any of the guarantors in a transaction permitted by the

[Table of Contents](#)

covenant limiting asset sales and by the security documents (to the extent of the interest sold or disposed of) or otherwise permitted by the New Indenture and the security documents, if all other liens on that asset securing the first lien obligations and any pari passu secured debt then secured by that asset (including all commitments thereunder) are released, (B) that is used to make a restricted payment or permitted investment permitted by the New Indenture, (C) that becomes excluded collateral, (D) that is otherwise released in accordance with, and as expressly provided for in accordance with, the New Indenture and the security documents.

The Company must deliver an officers' certificate to the collateral agent within 30 calendar days following the end of each six-month period beginning on each interest payment date, to the effect that all such releases and withdrawals during the preceding six-month period (or since the issue date, in the case of the first such officers' certificate) as described in clause (f) of the preceding paragraph, were not prohibited by the New Indenture.

The Company shall comply with Section 314(a)(4) of the Trust Indenture Act.

(d) Satisfaction and Discharge of the Indenture

The New Indenture will be discharged and will cease to be of further effect as to all New Notes issued thereunder, when:

(1) either:

(a) all New Notes that have been authenticated (except lost, stolen or destroyed New Notes that have been replaced or paid and New Notes for whose payment money has theretofore been deposited in trust and thereafter repaid to the Company) have been delivered to the Trustee for cancellation; or

(b) all New Notes that have not been delivered to the Trustee for cancellation are to be called for redemption within one year and an irrevocable notice of redemption with respect thereto has been deposited with the Trustee or will become due and payable within one year and the Company or a Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, U.S. government obligations, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the New Notes not delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default will have occurred and be continuing on the date of such deposit or will occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Company or any Guarantor is a party or by which the Company or any Guarantor is bound;

(3) the Company or any Guarantor has paid or caused to be paid all sums payable by it under the New Indenture; and

(4) the Company has delivered irrevocable instructions to the Trustee under the New Indenture to apply the deposited money toward the payment of the New Notes at maturity or the redemption date, as the case may be.

In addition, the Company must deliver an officers' certificate and an opinion of counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

The collateral will be released from the liens securing the New Notes upon a satisfaction and discharge in accordance with the provisions described above.

(e) Evidence Required to be Furnished by the Company to the Trustee as to Compliance with the Conditions and Covenants Provided for in the Indenture

The Company shall deliver to the Trustee, within 90 days after the end of each fiscal year, an officers' certificate stating that in the course of the performance by the signer of its duties as an officer of the Company he or she would normally have knowledge of any Default and whether or not the signer knows of any Default that occurred during such period and if any specifying such Default, its status and what action the Company is taking or proposed to take with respect thereto.

[Table of Contents](#)

The Company shall deliver to the Trustee, within 30 days after the occurrence thereof, written notice in the form of an officers' certificate of any event that with the giving of notice or the lapse of time or both would become an Event of Default, its status and what action is being taken or proposed to be taken with respect thereto.

Every certificate or opinion with respect to compliance with a condition or covenant shall include a statement that each individual signing such certificate or opinion has read such covenant or condition and the definitions relating thereto, a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such certificate or opinion are based, a statement that, in the opinion of each such individual, he or she has made such examination or investigation as is necessary to enable him to express an informed opinion as to whether or not such covenant or condition has been complied with, and a statement as to whether, in the opinion of such individual, such condition or covenant has been complied with.

9. Other Obligors

Participation in a meeting in this manner shall constitute presence in person at the meeting. Action of the Board of Managers shall require the favorable vote of a majority of all managers.

Article VI Liability and Indemnification

6.01 Liability of the Member and the Managers. The Member shall only be liable to make the payment of the Member's initial capital contribution. Neither the Member nor any manager shall be liable for any obligations of the Company. Except as otherwise specifically provided in the Act, the Member shall not be obligated to pay any distribution to or for the account of the Company or any creditor of the Company.

6.02 Indemnification.

- (a) The Member, the managers, any officers of the Company appointed by the Board of Managers, and their affiliates, and their respective stockholders, members, managers, directors, officers, partners, agents and employees (individually and collectively, an "Indemnitee") shall be indemnified and held harmless by the Company from and against any and all losses, claims, damages, liabilities, expenses (including legal fees and expenses), judgments, fines, settlements and other amounts arising from any and all claims, demands, actions, suits or proceedings, civil, criminal, administrative or investigative (each a "Claim"), in which the Indemnitee may be involved, or threatened to be involved, as a party or otherwise by reason of such Indemnitee's status as any of the foregoing, which relates to or arises out of the Company, its assets, business or affairs, if in each of the foregoing cases, the Indemnitee acted in good faith and in a manner such Indemnitee believed to be in, or not opposed to, the best interests of the Company, and, with respect to any criminal proceeding, had no reasonable cause to believe

6

such Indemnitee's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere, or its equivalent, shall not, of itself, create a presumption that the Indemnitee acted in a manner contrary to that specified above. Any indemnification pursuant to this Article VI shall be made only out of the assets of the Company, and neither the Member nor any manager shall have any personal liability on account thereof.

- (b) In the event that an amendment to this Agreement reduces or eliminates any Indemnitee's right to indemnification pursuant to this Article VI, such amendment shall not be effective with respect to any Indemnitee's right to indemnification that accrued prior to the date of such amendment. For purposes of this Section 6.02(b), a right to indemnification shall accrue as of the date of the event underlying the Claim that gives rise to such right to indemnification.
- (c) All calculations of Claims and the amount of indemnification to which any Indemnitee is entitled under this Article VI shall be made (i) giving effect to the tax consequences of any such Claim and (ii) after deduction of all proceeds of insurance net of retroactive premiums and self-insurance retention recoverable by the Indemnitee with respect to such Claims.

6.03 Expenses. Expenses (including reasonable legal fees and expenses) incurred by an Indemnitee in defending any claim, demand, action, suit or proceeding described in Section 6.02 may, from time to time, be advanced by the Company prior to the final disposition of such claim, demand, action, suit or proceeding, in the discretion of the Board of Managers, upon receipt by the Company of an undertaking by or on behalf of the Indemnitee to repay such amount if it shall be determined that the Indemnitee is not entitled to be indemnified as authorized in this Article VI.

6.04 Non-Exclusivity. The indemnification and advancement of expenses set forth in this Article VI shall not be exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any statute, the Act, the Certificate, this Agreement, any other agreement, a vote of the Member, a policy of insurance or otherwise, and shall not limit in any way any right which the Company may have to make additional indemnifications with respect to the same or different persons or classes of persons, as determined by the Board of Managers. The indemnification and advancement of expenses set forth in this Article VI shall continue as to an Indemnitee who has ceased to be a named Indemnitee and shall inure to the benefit of the heirs, executors, administrators, successors and assigns of such a person.

6.05 Insurance. The Company may purchase and maintain insurance on behalf of the Indemnitees against any liability asserted against them and incurred by them in such capacity, or arising out of their status as Indemnitees, whether or not the Company would have the power to indemnify them against such liability under this Article VI.

6.06 Duties. An authorized officer or manager shall discharge his or her duties hereunder in good faith, with the care a corporate officer of like position would exercise under similar circumstances, in the manner he or she reasonably believes to be in the best interest of the Company, and shall not be liable for any such action so taken or any failure to take such action, if he or she performs such duties in compliance herewith.

Article VII

Article VIII

8.01 Events Causing Dissolution. The Company shall be dissolved upon the first to occur of the following events:

Upon the dissolution of the Company as a result of the occurrence of any of the events set forth in Section 8.01, the Board of Managers shall proceed to wind up the affairs of and liquidate the Company and the liquidation proceeds, if any, shall be applied and distributed in the following order of priority:

- (a) First, to the payment of debts and liabilities of the Company in the order of priority as provided by law (including any loans or advances that may have been made by the Member to the Company) and the expenses of liquidation;
- (b) Second, to the establishment of any reserve which the Board of Managers may deem reasonably necessary for any contingent, conditional or unasserted claims or obligations of the Company; and
- (c) Finally, the remaining balance of the liquidation proceeds, if any, to the Member.

8.04 In-Kind Distributions. Notwithstanding the foregoing, in the event the Board of Managers shall determine that an immediate sale of part or all of the property of the Company would cause undue loss to the Member, or the Board of Managers determines that it would be in the best interest of the Member to distribute property of the Company to the Member in-kind, then the Board of Managers may either defer liquidation of, and withhold from distribution for a reasonable time, any property of the Company except that necessary to satisfy the Company's debts and obligations, or distribute such property to the Member in-kind.

Article IX

Except as otherwise specifically provided in the Act, the Member shall not be obligated to pay any distribution to or for the account of the Company or any creditor of the Company.

6.02 Indemnification.

- (a) The Member, the managers, any officers of the Company appointed by the Board of Managers, and their affiliates, and their respective stockholders, members, managers, directors, officers, partners, agents and employees (individually and collectively, an "Indemnitee") shall be indemnified and held harmless by the Company from and against any and all losses, claims, damages, liabilities, expenses (including legal fees and expenses), judgments, fines, settlements and other amounts arising from any and all claims, demands, actions, suits or proceedings, civil, criminal, administrative or investigative (each a "Claim"), in which the Indemnitee may be involved, or threatened to be involved, as a party or otherwise by reason of such Indemnitee's status as any of the foregoing, which relates to or arises out of the Company, its assets, business or affairs, if in each of the foregoing cases, the Indemnitee acted in good faith and in a manner such Indemnitee believed to be in, or not opposed to, the best interests of the Company, and, with respect to any criminal proceeding, had no reasonable cause to believe

6

such Indemnitee's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere, or its equivalent, shall not, of itself, create a presumption that the Indemnitee acted in a manner contrary to that specified above. Any indemnification pursuant to this Article VI shall be made only out of the assets of the Company, and neither the Member nor any manager shall have any personal liability on account thereof.

- (b) In the event that an amendment to this Agreement reduces or eliminates any Indemnitee's right to indemnification pursuant to this Article VI, such amendment shall not be effective with respect to any Indemnitee's right to indemnification that accrued prior to the date of such amendment. For purposes of this Section 6.02(b), a right to indemnification shall accrue as of the date of the event underlying the Claim that gives rise to such right to indemnification.
- (c) All calculations of Claims and the amount of indemnification to which any Indemnitee is entitled under this Article VI shall be made (i) giving effect to the tax consequences of any such Claim and (ii) after deduction of all proceeds of insurance net of retroactive premiums and self-insurance retention recoverable by the Indemnitee with respect to such Claims.

6.03 Expenses. Expenses (including reasonable legal fees and expenses) incurred by an Indemnitee in defending any claim, demand, action, suit or proceeding described in Section 6.02 may, from time to time, be advanced by the Company prior to the final disposition of such claim, demand, action, suit or proceeding, in the discretion of the Board of Managers, upon receipt by the Company of an undertaking by or on behalf of the Indemnitee to repay such amount if it shall be determined that the Indemnitee is not entitled to be indemnified as authorized in this Article VI.

6.04 Non-Exclusivity. The indemnification and advancement of expenses set forth in this Article VI shall not be exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any statute, the Act, the Certificate, this Agreement, any other agreement, a vote of the Member, a policy of insurance or otherwise, and shall not limit in any way any right which the Company may have to make additional indemnifications with respect to the same or different persons or classes of persons, as determined by the Board of Managers. The indemnification and advancement of expenses set forth in this Article VI shall continue as to an Indemnitee who has ceased to be a named Indemnitee and shall inure to the benefit of the heirs, executors, administrators, successors and assigns of such a person.

6.05 Insurance. The Company may purchase and maintain insurance on behalf of the Indemnitees against any liability asserted against them and incurred by them in such capacity, or arising out of their status as Indemnitees, whether or not the Company would have the power to indemnify them against such liability under this Article VI.

6.06 Duties. An authorized officer or manager shall discharge his or her duties hereunder in good faith, with the care a corporate officer of like position would exercise under similar circumstances, in the manner he or she reasonably believes to be in the best interest of the Company, and shall not be liable for any such action so taken or any failure to take such action, if he or she performs such duties in compliance herewith.

Article VII
Transferability; Assignment

7.01 Transferability; Assignment. The Member shall have the right to sell, pledge, hypothecate or otherwise transfer all or any part of such Member's membership interest in the Company at any time.

7.02 Pledge of Units. The Member hereby consents, both on behalf of itself and the Company, to the pledge by the Member of the Units to PNC Bank, National Association, as Collateral Agent (the "Collateral Agent"), and agrees that any such pledge may be foreclosed and sold at a foreclosure sale, or the pledged interest transferred to the Collateral Agent or its designee in lieu of foreclosure, and/or the rights of the Collateral Agent under such pledge exercised, and the Collateral Agent or its designee shall thereupon be entitled to all rights as a Member without the need for any consents, approvals or other action by the Company or the Member, and without the necessity of the Collateral Agent becoming a substitute member.

Article VIII
Dissolution and Termination

8.01 Events Causing Dissolution. The Company shall be dissolved upon the first to occur of the following events:

- (a) The vote of the Member to dissolve;
- (b) The sale or other disposition of substantially all of the assets of the Company and the receipt and distribution of all the proceeds therefrom; or
- (c) Except as otherwise agreed upon in this Agreement, any other event causing a dissolution of the Company under the provisions of the Act.

8.02 Notices to Secretary of State. As soon as possible following the occurrence of the events specified in Section 8.01, the Company shall file a Certificate of Cancellation with the Secretary of State of Delaware which cancels the Certificate.

8.03 Cash Distributions Upon Dissolution. Upon the dissolution of the Company as a result of the occurrence of any of the events set forth in Section 8.01, the Board of Managers shall proceed to wind up the affairs of and liquidate the Company and the liquidation proceeds, if any, shall be applied and distributed in the following order of priority:

- (a) First, to the payment of debts and liabilities of the Company in the order of priority as provided by law (including any loans or advances that may have been made by the Member to the Company) and the expenses of liquidation;
- (b) Second, to the establishment of any reserve which the Board of Managers may deem reasonably necessary for any contingent, conditional or unasserted claims or obligations of the Company; and
- (c) Finally, the remaining balance of the liquidation proceeds, if any, to the Member.

8.04 In-Kind Distributions. Notwithstanding the foregoing, in the event the Board of Managers shall determine that an immediate sale of part or all of the property of the Company would cause undue loss to the Member, or the Board of Managers determines that it would be in the best interest of the Member to distribute property of the Company to the Member in-kind, then the Board of Managers may either defer liquidation of, and withhold from distribution for a reasonable time, any property of the Company except that necessary to satisfy the Company's debts and obligations, or distribute such property to the Member in-kind.

Article IX
Accounting and Bank Accounts

9.01 Fiscal Year and Accounting Method. The fiscal year of the Company shall be as designated by the Board of Managers. The Board of Managers shall also determine the accounting method to be used by the Company.

9.02 Books and Records. Proper and complete records and books of account shall be kept by the Board of Managers in which shall be entered all transactions and other matters relative to the Company business. The Company's books and records shall be prepared in accordance with generally accepted accounting principles, consistently applied. The Member shall have the right at any time and without notice to inspect the books and records of the Company.

9.03 Tax Returns and Elections. The Company shall cause to be prepared and timely filed all federal, state and local income tax returns or other returns or statements required by applicable law. As soon as reasonably practicable after the end of each fiscal year of the Company, the Company shall cause to be prepared and delivered to the Member all information with respect to the Company necessary for the Member's federal and state income tax returns.

9.04 Bank Accounts. All funds of the Company shall be deposited in a separate bank, money market or similar account approved by the Board of Managers and in the Company's name. Withdrawals therefrom shall be made only by persons authorized to do so by the Board of Managers.

Offer to Exchange

**8.000% Senior Secured Notes due 2022 (the “New Secured Notes”), an Interest Payment and a Cash Payment (each as defined below)
for
7.25% Senior Notes due 2020 (the “2020 Notes”) (CUSIP 039380 AC4) held by the Holder (as defined below)**

You are receiving this notice because you are (i) a holder (a “Holder”) of 7.25% Senior Notes due 2020 (CUSIP No. 039380 AC4) (the “Old Notes”) of Arch Coal, Inc. (the “Company”), which were issued pursuant to the indenture, dated as of August 9, 2010, as supplemented by a first supplemental indenture dated as of August 9, 2010 by and among the Company, the subsidiary guarantors named therein and U.S. Bank National Association, as trustee and (ii) not an “Eligible Purchaser” (as defined in the Exchange Agreement attached hereto as Annex A) pursuant to evidence you have provided to us. We are offering, for each \$1,000 of your Old Notes, to exchange (i) \$837.38 in principal amount of 8.000% Senior Secured Notes due 2022 (the “New Secured Notes”), with terms set forth in the Description of Notes attached to the Exchange Agreement attached hereto as Annex A, (ii) a cash payment of 50% of the total amount of accrued and unpaid interest on the Old Notes from and including the prior interest payment date to, but excluding, the applicable closing date of this exchange (the “Interest Payment”), and (iii) a cash payment of \$60 (the “Cash Payment”) if you agree to an exchange and execute an Exchange Agreement by 5:00 p.m. New York City time on July 16, 2015, or \$30 if you agree to exchange thereafter but prior to midnight New York City time at the end of July 30, 2015. The Company calls this transaction the “Exchange Transaction.” If you wish to participate in the Exchange Transaction, please review the Exchange Agreement attached hereto as Annex A, which includes a summary of the terms of the New Secured Notes, carefully. Your participation in the Exchange Transaction will be conditioned upon your signing the Exchange Agreement in Annex A hereto and satisfaction of the conditions set forth therein, which shall constitute your implicit acceptance of the terms of the New Secured Notes as described in the Exchange Agreement. You will also be required to consent to certain amendments to the indenture governing your Old Notes to participate in this offer. **ONCE YOU AGREE TO EXCHANGE AND EXECUTE AN EXCHANGE AGREEMENT, YOU WILL NOT BE ABLE TO WITHDRAW YOUR AGREEMENT.**

We are separately conducting an exchange offer for Eligible Purchasers under which we are offering them the same amount of cash but a different security. Closing of the Exchange Transaction will be conditioned upon closing of that transaction. We are separately seeking to conduct exchanges for notes of our other series, which could reduce our total amount of debt outstanding but increase the amount of debt that is secured by liens that rank ahead of the liens securing the New Secured Notes and will be effectively senior to the Old Notes.

The Company has filed with the Securities and Exchange Commission (“SEC”) an application on Form T-3 for qualification of the indenture governing the New Secured Notes under the Trust Indenture Act of 1939. The indenture has been filed as an exhibit to the Form T-3. No Exchange Transaction will occur, and no New Secured Notes will be issued, before this indenture has been so qualified.

You should read Arch’s filings with the SEC, available at www.sec.gov before deciding whether or not to exchange. We hereby incorporate by reference our annual report on Form 10-K for the year ended December 31, 2014, our quarterly report on Form 10-Q for the quarter ended March 31, 2015, our Current Reports on Form 8-K dated February 3, 2015, February 26, 2015, February 27, 2015, April 21, 2015, April 23, 2015, April 24, 2015, May 22, 2015, June 26, 2015 and July 2, 2015 and any subsequent filing we make with the SEC prior to the execution of your Exchange Agreement. The Company does not take any responsibility for, and can provide no assurances as to, the reliability of any information that others may provide you. This document may only be used where it is legal to offer or sell the New Secured Notes. The information in this document may only be accurate as of its date.

The Company is relying on Section 3(a)(9) of the Securities Act of 1933, as amended (the “Securities Act”), to exempt the Exchange Transaction from the registration requirements of the Securities Act. The Company has not filed and will not file a registration statement under the Securities Act or any other federal or state securities laws with respect to the New Secured Notes.

In making a decision in connection with the Exchange Transaction, noteholders must rely on their own examination of the Company and the terms of the Exchange Transaction, including the merits and risks involved. Noteholders should not construe the contents of this document as providing any legal, business, financial or tax advice. Each noteholder should consult with its own legal, business, financial and tax advisors with respect to any such matters concerning the Exchange Transaction.

The Holder further agrees to cooperate with the Company in executing any documentation and taking any other actions to effectuate any such release.

Representations, Warranties, and Covenants of the Holder

The Holder hereby makes the following representations, warranties, and covenants, each of which is true and correct on the date hereof and shall survive the Closing Date and the transactions contemplated hereby to the extent set forth herein.

Section 4.1 Existence and Power.

(a) The Holder is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization and has the power, authority and capacity to execute and deliver this Agreement, to perform its obligations hereunder, and to consummate the transactions contemplated hereby, and has taken all necessary action to authorize such execution, delivery and performance.

(b) All governmental and other consents that are required to have been obtained by the Holder with respect to this Agreement and the transactions contemplated hereby have been obtained and are in full force and effect and all conditions of any such consents required to be complied with on or prior to the date hereof have been complied with.

(c) The execution of this Agreement by the Holder and the consummation by the Holder of the transactions contemplated hereby do not and will not constitute or result in a

4

breach, violation or default under any note, bond, mortgage, deed, indenture, lien, instrument, contract, agreement, lease or license, whether written or oral, express or implied, any provision of its constitutional documents, or any statute, law, ordinance, decree, order, injunction, rule, directive, judgment or regulation of any court, administrative or regulatory body, governmental authority, arbitrator, mediator or similar body on the part of the Holder or on the part of any other party thereto or cause the acceleration or termination of any obligation or right of the Holder.

Section 4.2 Valid and Enforceable Agreement; Authorization. This Agreement has been duly executed and delivered by the Holder and constitutes a legal, valid and binding obligation of the Holder, enforceable against the Holder in accordance with its terms, except that such enforcement may be subject to (i) bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting or relating to enforcement of creditors' rights generally, and (ii) general principles of equity and public policy.

Section 4.3 Title to Old Notes. The Holder is the sole legal and beneficial owner of Old Notes as of the date hereof and has good and valid title to the Old Notes, free and clear of any mortgage, lien, pledge, charge, security interest, encumbrance, title retention agreement, option, equity or other adverse claim thereto. The Holder has not, in whole or in part, (i) assigned, transferred, hypothecated, pledged or otherwise disposed of the Old Notes or its rights in such Old Notes, or (ii) given any person or entity any transfer order, power of attorney or other authority of any nature whatsoever with respect to such Old Notes. The Holder will transfer and deliver to the Company on the Closing Date valid title to the Old Notes, free and clear of any mortgage, lien, pledge, charge, security interest, encumbrance, title retention agreement, option, equity or other adverse claim thereto.

Section 4.4 Investment Decision.

(a) The transactions contemplated hereby are intended to be exempt from registration by virtue of Section 3(a)(9) of the Securities Act of 1933, as amended (the "Securities Act"). The Holder does not know of any reason why such exemption is not available.

(b) The Holder understands, represents, warrants and agrees that the New Notes have not been registered under the Securities Act, or any other applicable securities laws and, accordingly, may be reoffered, resold, pledged or otherwise transferred only if exemptions from the Securities Act and applicable state securities laws are available to the Holder, and that none of the Company or the Guarantors has made or is making any representation, warranty or covenant, express or implied, as to the availability of any exemption from registration under the Securities Act or any applicable state securities laws for the reoffer, resale, pledge or other transfer of any New Notes, or that any New Notes purchased by it will ever be able to be lawfully reoffered, resold, pledged or otherwise transferred. The New Notes will be subject to any transfer restrictions applicable to the Old Notes. The Holder has not acted on behalf of the Company.

5

(c) The Holder understands that no federal or state agency has passed upon the merits or risks of any investment in the New Notes or made any finding or determination concerning the fairness or advisability of this investment.

(d) The Holder also specifically acknowledges that the Company would not enter into this Exchange Agreement or the Exchange Transaction in the absence of the Holder's representations and acknowledgments set out in this Exchange Agreement, and that this Exchange Agreement, including such representations and acknowledgments, are a fundamental inducement to the Company, and a substantial portion of the consideration provided by the Holder, in this transaction, and that the Company would not enter into this transaction but for this inducement. The Holder agrees that if any of the representations or acknowledgments made by it are no longer accurate, or if any of the agreements made by it are breached, it shall promptly notify the Company.

The Holder understands, warrants and agrees that (i) it has received and reviewed the information set forth in Annex C, Annex D and Annex E hereto, (ii) it has carefully reviewed the publicly available information regarding the Company and its subsidiaries and affiliates, has been furnished with all other materials that it considers relevant to an exchange of the Old Notes and an investment in the New Notes, and has had a full opportunity to ask questions of and receive answers from representatives of the Company concerning the terms and conditions of an investment in the New Notes; (iii) there are risks incident to the acquisition of the New Notes, including, without limitation, those risks which are disclosed in the publicly available information regarding the Company, its subsidiaries and affiliates; and (iv) it has not relied on the Company or its representatives for any tax advice related to the Exchange Transaction and that it has consulted with its own tax advisor with respect to the application of the United States Federal income tax laws to its particular situation, as well as any tax consequences of the Exchange Transaction.

Section 4.6 No Solicitation. The Holder acknowledges that it was not solicited by anyone on behalf of the Company (other than employees of the Company) to enter into the Exchange Transaction, and it has not solicited any other holder of the Company's outstanding debt securities to participate in a similar transaction.

Section 4.7 No Advisory or Fiduciary Responsibility. The Holder acknowledges and agrees that: (i) any purchase of New Notes in the Exchange Transaction is an arm's-length commercial transaction between the Holder, on the one hand, and the Company, on the other; (ii) none of the Company or any Guarantor has assumed an advisory, fiduciary or similar responsibility in favor of the Holder with respect to the Exchange Transaction or any purchase of New Notes contemplated thereby or the process leading thereto (irrespective of whether any of them has advised or is currently advising the Holder on other matters) or any other obligation to the Holder except, in the case of the Company, the obligations expressly set forth in this Agreement; and (iii) all claims, obligations, liabilities, demands or causes of action that may be based upon, arise under or relate to the Exchange Transaction or this Agreement, or their respective negotiation, execution or performance may be made only against the Company and the Guarantors, as applicable.

Section 4.8 Eligible Purchaser. The Holder represents, warrants and agrees that it is not both (i) a "qualified institutional buyer" as defined in Rule 144A under the Securities Act and the rules and regulations thereunder and (ii) a "qualified purchaser" within the meaning of Section 2(a)(51) of the Investment Company Act and the rules and regulations thereunder (such person who would meet such requirements, an "Eligible Purchaser").

(c) The execution, delivery and performance of this Agreement by the Company and the Guarantors, and the consummation by the Company and the Guarantors of the transactions contemplated hereby, do not and will not constitute or result in a breach, violation or default under any note, bond, mortgage, deed, indenture, lien, instrument, contract, agreement, lease or license, whether written or oral, express or implied, or with the Company's or the Guarantors' Certificate of Incorporation or by-laws, or any statute, law, ordinance, decree, order, injunction, rule, directive, judgment or regulation of any court, administrative or regulatory body, governmental authority, arbitrator, mediator or similar body on the part of the Company or the Guarantors, or on the part of any other party thereto or cause the acceleration or termination of any obligation or right of the Company or any other party thereto. ANNEX C-1

DESCRIPTION OF NEW 2022 SECURED NOTES

Arch Coal will issue the 8.000% senior secured notes due 2022 (the “New 2022 Secured Notes”) under an Indenture to be dated as of the Issue Date (the “Indenture”), among Arch Coal, the Guarantors and U.S. Bank National Association, as trustee (in such capacity, the “Trustee”) and collateral agent. The Notes will be issued in a private transaction that is not subject to the registration requirements of the Securities Act. The Indenture will not be qualified under the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”), and the provisions of the Trust Indenture Act that would otherwise be made part of the Indenture will not be included in the Indenture. The Security Documents referred to under the caption “—Security” define the terms of the agreements that will secure the New 2022 Secured Notes and the Note Guarantees.

You can find the definitions of certain terms used in this description under the caption “Certain Definitions.” In this description, “Arch Coal” refers only to Arch Coal, Inc. and not to any of its subsidiaries, and the terms “Note” and “Notes” refer only to the New 2022 Secured Notes.

You are encouraged to read the Indenture and the Security Documents because they, and not this description, define your rights as a holder of the Notes. Copies of the Indenture and the Security Documents are available upon request to Arch Coal at the address indicated under “Where You Can Find Additional Information.”

Brief Description of the Notes and the Guarantees

The Notes

The Notes will:

- be Arch Coal’s general obligations;

- be secured by 1.5 Priority Liens, subject to the First Priority Liens securing obligations under the Amended and Restated Credit Agreement (including the New Term Loans and the New Revolving Loans) and the other First Lien Obligations and any Permitted Liens, on substantially all of the assets of Arch Coal and the Guarantors;
- be initially issued in an aggregate principal amount of up to \$200.0 million in the Exchange Offer and the Concurrent Ineligible Holders Offer, subject to Arch Coal's ability to issue additional notes under certain circumstances;
- rank equally in right of payment with any and all of Arch Coal's existing and future Debt that is not subordinated in right of payment to the Notes, including the Arch Coal Senior Notes;
- be structurally subordinated to all existing and future Debt of Subsidiaries of Arch Coal that do not provide Note Guarantees, including the accounts receivable securitization program;
- be effectively junior to any secured Debt which is either secured by assets that are not Collateral or which is secured by a Lien senior or prior to the 1.5 Priority Liens, including the First Priority Liens securing obligations under the Amended and Restated Credit Agreements (including the New Term Loans and the New Revolving Loans) and any Permitted Liens, in each case, to the extent of the value of the assets securing such Debt;
- be effectively senior to all existing and future unsecured Debt of Arch Coal or Debt of Arch Coal with a Junior Priority Lien on the Collateral (as defined under the caption "—Security") securing the Notes to the extent of the Collateral, including the Arch Coal Secured Notes;

-
- rank senior in right of payment with any and all of Arch Coal's future Debt that is subordinated in right of payment to the Notes; and
 - be initially guaranteed on a senior secured basis by the Subsidiaries of Arch Coal that guarantee the repayment of Debt under the Amended and Restated Credit Agreement or any capital markets Debt.

The Note Guarantees

Each Note Guarantee will:

- be a general obligation of the Guarantor that granted such Note Guarantee;
- be secured by 1.5 Priority Liens, subject to the First Priority Liens securing obligations under the Amended and Restated Credit Agreement (including the New Term Loans and the New Revolving Loans) and the other First Lien Obligations and any Permitted Liens, on substantially all of the assets of such Guarantor;
- be effectively junior to any secured Debt of such Guarantor which is either secured by assets that are not Collateral or which is secured by a Lien prior to the 1.5 Priority Liens, including the First Priority Liens securing obligations under the Amended and Restated Credit Agreement (including the New Term Loans and the New Revolving Loans) and any Permitted Lien, in each case, to the extent of the value of the assets securing such Debt;
- be structurally subordinated to all existing and future Debt of Subsidiaries of Arch Coal that do not provide Note Guarantees, including the accounts receivable securitization program;
- rank equally in right of payment with any and all of such Guarantor's existing and future Debt that is not subordinated in right of payment to its Note Guarantee, including its Guarantee of the Arch Coal Senior Notes;
- rank senior in right of payment to any and all of such Guarantor's future Debt that is subordinated in right of payment to its Note Guarantee; and
- rank effectively senior to all unsecured Debt of such Guarantor or Debt of such Guarantor with a Junior Priority Lien on the Collateral (to the extent of the value of the Collateral), including its Guarantee of the Arch Coal Secured Notes.

General

As of March 31, 2015, after giving effect to the Transactions (assuming (A) the exchange of \$500 million aggregate principal amount of 2020 Notes in the Concurrent Exchange Offer and the Concurrent Ineligible Holders Offer, resulting in (i) the issuance of \$180.0 million aggregate principal amount of Trust Certificates by the Trust (and Arch Coal's issuance to the Trust as lender of \$150.0 million aggregate principal amount of New Term Loans and \$30.0 million aggregate principal amount of New Revolving Loans), and (ii) the issuance of \$58.6 million aggregate principal amount of New 2022 Secured Notes by Arch Coal; and (B) the exchange of (i) \$800.0 million aggregate principal amount of the Old 7.000% 2019 Notes, (ii) \$300.0 million aggregate principal amount of Old 9.875% 2019 Notes and (iii) \$150.0 million aggregate principal amount of the Old 7.250% 2021 Notes, resulting in the issuance of (x) \$224.0 million aggregate principal amount of Trust Certificates by the Trust (and Arch Coal's issuance to the Trust as lender of \$224.0 million aggregate principal amount of New Revolving Loans), (y) \$141.4 million aggregate principal amount of New 2022 Secured Notes by Arch Coal and (z) \$150.0 million aggregate principal amount of New 2023 Secured Notes by Arch Coal):

- Arch Coal would have had \$4.2 billion of indebtedness outstanding on a consolidated basis, excluding intercompany notes, including approximately \$2.3 billion of indebtedness secured by First Priority Liens or assets that are not Collateral;
- on a combined basis, the Guarantors would have had total Debt of \$36.5 million, excluding an intercompany note, the Note Guarantees, Guarantees of the Arch Coal Secured Notes, Guarantees of the Arch Coal Senior Notes and Guarantees under the Amended and Restated Credit Agreement; and
- on a combined basis, the Subsidiaries that will not guarantee the Notes would have had (i) no Debt, (ii) total liabilities of approximately \$0.8 million, excluding intercompany payables, and (iii) total assets of approximately \$220.5 million.

Not all of Arch Coal's Subsidiaries will guarantee the Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will be

required to repay financial and trade creditors before distributing any assets to Arch Coal or a Guarantor. For the twelve months ended March 31, 2015, the non-guarantor Subsidiaries did not generate any of Arch Coal's consolidated revenues.

As of the date of the issuance of the Notes, substantially all of Arch Coal's Subsidiaries will be "Restricted Subsidiaries." However, under the circumstances described below under the caption "—Certain Covenants—Designation of Restricted and Unrestricted Subsidiaries," Arch Coal will be permitted to designate certain of its Subsidiaries as "Unrestricted Subsidiaries." Arch Coal's Unrestricted Subsidiaries will not be subject to any of the restrictive covenants in the Indenture. Arch Coal's Unrestricted Subsidiaries will not guarantee the Notes.

Holding Company Structure

Arch Coal is a holding company for its Subsidiaries and has no material operations of its own and only limited assets. Accordingly, Arch Coal is dependent upon the distribution of the earnings of its Subsidiaries, whether in the form of dividends, advances or payments on account of intercompany obligations, to service its debt obligations.

Principal, Maturity and Interest

Arch Coal is issuing up to \$200.0 million aggregate principal amount of Notes in connection with the Transactions. In addition, subject to compliance with the limitations described under the captions "—Certain Covenants—Limitation on Debt" and "—Certain Covenants—Limitation on Liens," Arch Coal may in the future issue an unlimited principal amount of additional Notes from time to time after this offering under the same Indenture (the "Additional Notes") without the consent of the Holders. Any Additional Notes that Arch Coal issues in the future will be identical in all respects to the Notes and will form a single series with the Notes, except that Additional Notes issued in the future will have different issuance dates, may have different issuance prices and may not be fungible for trading purposes with the Notes. Any Additional Notes will be secured, equally and ratably with the Notes, by Liens on the Collateral described below under the caption "—Security." Arch Coal will issue Notes only in fully registered form without coupons, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The Notes will mature on August 15, 2022.

The Notes will bear interest at the rate of 8.000% per year, from the issue date or from the most recent date on which interest has been paid. Interest on the Notes will be payable semi-annually in arrears on February 15 and August 15, commencing on February 15, 2016. Arch Coal will pay interest to those persons who were Holders of record on the February 1 or August 1 immediately preceding each interest payment date. Interest on the Notes will accrue from the Issue Date or, if interest has already been paid, from the date of the last interest payment date. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Note Guarantees

The Notes will initially be guaranteed by each Restricted Subsidiary of Arch Coal that guarantees Debt under the Amended and Restated Credit Agreement or any other capital markets Debt. The Guarantors will consist of substantially all of Arch Coal's Subsidiaries. The Indenture will also require that each existing and future Restricted Subsidiary that is not otherwise a Guarantor that Guarantees or secures the payment of any other Debt of Arch Coal or any of its Restricted Subsidiaries under the Amended and Restated Credit Agreement or capital markets Debt will be required to Guarantee the Notes as described below under the caption "—Certain Covenants—Guarantors by Restricted Subsidiaries." Each of the Guarantors will unconditionally guarantee, jointly and severally, on a senior second-lien basis with all other Guarantors, all of Arch Coal's obligations under the Notes, including its obligations to pay principal, interest, and premium, if any, with respect to the Notes. The Note Guarantees will be general secured obligations of the Guarantors and rank pari passu with all existing and future Debt of the Guarantors that is not, by its terms, expressly subordinated in right of payment to the Guarantees. The obligations of each Guarantor will be limited to the maximum amount which, after giving effect to all other contingent and

fixed liabilities of such Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Guarantor under its Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. See "*Risk Factors—Risks Relating to the New Notes—Federal and state statutes allow courts, under specific circumstances, to void guarantees and require debtholders to return payments received or prevent debtholders from receiving payments.*" Each Guarantor that makes a payment or distribution under a Note Guarantee will be entitled to a contribution from each other Guarantor in a pro rata amount, based on the net assets of each Guarantor determined in accordance with GAAP. Except as provided in "*Certain Covenants—Limitation on Asset Sales,*" Arch Coal will not be restricted from selling or otherwise disposing of any of the Guarantors.

The Indenture will provide that:

- (i) in the event of a sale or other disposition, by way of merger, consolidation or otherwise, of the Capital Stock of any Guarantor, after which the applicable Guarantor is no longer a Restricted Subsidiary, such Guarantor will be released and relieved of any obligations under its Guarantee; *provided that* the Net Available Cash from such sale or other disposition is applied in accordance with the applicable provisions of the Indenture. See "*Certain Covenants—Limitation on Asset Sales;*"
- (ii) upon the release or discharge of the Guarantee of the Amended and Restated Credit Agreement or the Guarantee of a Guarantor that resulted in the creation of the Note Guarantee of such Guarantor, except a discharge or release by or as a result of payment under such other Guarantee, such Guarantor will be released and relieved of any obligations under its Note Guarantee;

(iii) upon the designation of any Guarantor as an Unrestricted Subsidiary in accordance with the terms of the Indenture, such Guarantor will be released and relieved of any obligations under its Note Guarantee; and

(iv) upon the satisfaction and discharge of the Indenture as described under “—Satisfaction and Discharge,” or upon the defeasance of the Indenture as described under “—Defeasance,” each Guarantor will be released and relieved of any obligations under its Note Guarantee.

Security

General

The Notes, the Note Guarantees and Arch Coal’s and the Guarantors’ Obligations under the Indenture will be secured by 1.5 Priority Liens on the Collateral (subject to Permitted Liens). The Collateral includes substantially all of the assets of Arch Coal and the Guarantors (including Arch Coal’s ownership interests in substantially all of its subsidiaries and certain real property that is owned or leased by Arch Coal or any Guarantor, including, but not limited to, the surface, coal and other mineral rights, interests and coal leases associated with such properties), but in any event not including Excluded Collateral. The security interests securing the Notes and the Note Guarantees will be second in priority to any and all security interests at any time granted to secure the First Lien Obligations and will also be subject to all other Permitted Liens. The security interests securing the Notes and the Note Guarantees will be senior in priority to any and all security interests granted to secure the Arch Coal Secured Notes and any other Junior Priority Obligations. The First Lien Obligations include the Amended and Restated Credit Agreement and related obligations. A Person holding such First Lien Obligations may have rights and remedies with respect to the property subject to such Liens that, if exercised, could adversely affect the value of the Collateral or the ability of the Collateral Agent to realize or foreclose on the Collateral on behalf of Holders of the Notes.

“Excluded Collateral” means (i) all undeveloped land so long as such land is not used in connection with or related to any Mining Operation of Arch Coal or any Guarantor, neither Arch Coal nor any Guarantor has any logging or timber rights with respect to such land and such land does not secure First Lien Obligations; (ii) vehicles or other assets subject to certificates of title that do not secure First Lien Obligations; (iii) any other assets which, pursuant to the First Lien Obligations, are not required to be

4

pledged for the benefit of the secured parties; (iv) those assets which, in the discretion of the administrative agent under the Amended and Restated Credit Agreement, the taking of Liens thereupon is impractical, prohibited by law or commercially unreasonable; (v) the assets of any non-guarantor Subsidiary; and (vi) any Capital Stock or other securities of any Foreign Subsidiaries (except for 65% of the Capital Stock or other securities in any first-tier Foreign Subsidiaries).

Arch Coal will be required to perfect on the Issue Date the security interests in the Collateral to the extent such security interests are not already perfected and to the extent they can be perfected by the filing of UCC-1 financing statements or the delivery of certificates representing Capital Stock or notes representing intercompany debt to the First Lien Agent who will hold such Collateral as gratuitous bailee and/or gratuitous agent on behalf of the Collateral Agent and the Holders of the Notes. To the extent any such security interest is not already perfected and cannot be perfected by such filing or delivery, Arch Coal will be required to use commercially reasonable efforts to have all security interests that are required by the Security Documents to be in place perfected as soon as practicable following the Issue Date, but in any event no later than 180 days after the Issue Date, except to the extent any such security interest cannot be perfected with commercially reasonable efforts or to the extent the Security Documents do not require perfection of the security interest. If Arch Coal, or any Guarantor, were to become subject to a bankruptcy proceeding, any Liens recorded or perfected after the Issue Date would face a greater risk of being invalidated than if they had been recorded or perfected on the Issue Date.

Subject to the foregoing, if property of the type which would constitute Collateral is acquired by Arch Coal or a Guarantor (including property of a Person that becomes a new Guarantor) that is not automatically subject to a perfected security interest under the Security Documents, then Arch Coal or such Guarantor will provide a 1.5 Priority Lien over such property (or, in the case of a new Guarantor, such of its property) in favor of the Collateral Agent and deliver certain certificates and opinions in respect thereof, all as and to the extent required by the Indenture or the Security Documents.

As set out in more detail below, upon an enforcement event or Insolvency or Liquidation Proceeding, proceeds from the Collateral will be applied first to satisfy First Lien Obligations and then ratably to satisfy obligations under the Notes and any Pari Passu Secured Debt. In addition, the Indenture will permit Arch Coal and the Guarantors to create additional Liens under specified circumstances. See the definition of “Permitted Liens.”

The Collateral is or will be pledged to (1) each collateral agent under the Amended and Restated Credit Agreement (the “First Lien Agent”), on a first priority basis, for the benefit of the First Lien Secured Parties or successor holders of the First Lien Obligations to secure the First Lien Obligations, (2) the Collateral Agent, on a second-priority basis, for the benefit of the Trustee and the Holders of the Notes and the holders of any Pari Passu Secured Debt to secure the 1.5 Lien Obligations, and (3) to the Collateral Agent on a third priority basis, for the benefit of the Junior Lien Secured Parties and the holders of any other Junior Lien Obligations. The 1.5 Lien Obligations will constitute claims separate and apart from (and of a different class from) the First Lien Obligations and Junior Lien Obligation. The 1.5 Liens will be junior and subordinate to the First Priority Liens in accordance with the terms of the New Intercreditor Agreement.

Control over Collateral and Enforcement of Liens; Application of Proceeds

The Security Documents will provide that, prior to the Discharge of First Lien Obligations, the First Lien Agent will have the sole power to exercise remedies against the Collateral (subject to the right of the Collateral Agent and the Holders of 1.5 Lien Obligations to take limited protective measures with respect to the 1.5 Priority Liens and to take certain actions that would be permitted to be taken by unsecured creditors) and to foreclose upon and dispose of the Collateral.

Proceeds realized by the First Lien Agent or the Collateral Agent from the Collateral (including proceeds of Collateral in an Insolvency or Liquidation Proceeding) will be applied:

- (1) *first*, to amounts owing to the holders of the First Lien Obligations until the Discharge of First Lien Obligations;

5

(2) *second*, to amounts owing to the Collateral Agent in its capacity as such in accordance with the terms of the Security Documents and to amounts owing to the Trustee in its capacity as such in accordance with the terms of the Indenture;

(3) *third*, ratably to amounts owing to any representative for Pari Passu Secured Debt in their capacity as such in accordance with the terms of such Pari Passu Secured Debt;

(4) *fourth*, ratably to amounts owing to the holders of 1.5 Lien Obligations in accordance with the terms of the Security Documents and the Indenture; and

(5) *fifth*, to holders of Junior Priority Lien Obligations in accordance with the terms of the Junior Lien Documents; and

(6) *sixth*, to Arch Coal and/or other persons entitled thereto.

None of the Collateral has been appraised in connection with the offering of the Notes or otherwise. The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of our industry, our ability to implement our business strategy, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the Collateral would be dependent on numerous factors, including but not limited to the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By its nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Likewise, there can be no assurance that the Collateral will be saleable, or, if saleable, that there will not be substantial delays in its liquidation. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, we cannot assure you that the proceeds from any sale or liquidation of the Collateral will be sufficient to pay our obligations under the Notes. In addition, the fact that the First Lien Lenders will receive proceeds from enforcement of the Collateral before Holders of the Notes, that other Persons may have Permitted Liens and that the 1.5 Priority Lien held by the Collateral Agent will secure any Pari Passu Secured Debt in addition to the Obligations under the Notes and the Indenture could have a material adverse effect on the amount that Holders of the Notes would receive upon a sale or other disposition of the Collateral. Accordingly, there can be no assurance that proceeds of any sale of the Collateral pursuant to the Indenture and the related Security Documents following an Event of Default would be sufficient to satisfy, or would not be substantially less than, amounts due under the Notes. In addition, in the event of a bankruptcy, the ability of the Holders to realize upon any of the Collateral may be subject to certain bankruptcy law limitations as described below.

If the proceeds from a sale or other disposition of the Collateral were not sufficient to repay all amounts due on the Notes, the Holders of the Notes (to the extent not repaid from the proceeds of the sale of the Collateral) would have only an unsecured claim against the remaining assets of Arch Coal and the Guarantors.

To the extent that Liens (including Permitted Liens), rights or easements granted to third parties encumber assets located on property owned by Arch Coal or the Guarantors, including the Collateral, such third parties may exercise rights and remedies with respect to the property subject to such Liens that could adversely affect the value of the Collateral and the ability of the Collateral Agent, the Trustee or the Holders of the Notes to realize or foreclose on Collateral.

Certain Bankruptcy Limitations

The right of the Collateral Agent to repossess and dispose of the Collateral upon the occurrence of an Event of Default in accordance with the terms of the New Intercreditor Agreement would be significantly impaired by bankruptcy law in the event that a bankruptcy case were to be commenced by or against Arch Coal or any Guarantor prior to the Collateral Agent's having repossessed and disposed of the Collateral. Upon the commencement of a case for relief under Title 11 of the United States Code, as amended (the "Bankruptcy Code"), a secured creditor such as the Collateral Agent is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security without bankruptcy court approval.

In view of the broad equitable powers of a U.S. bankruptcy court, it is impossible to predict how long payments under the Notes could be delayed following commencement of a bankruptcy case, whether or when the Collateral Agent could repossess or dispose of the Collateral, the value of the Collateral at any time during a bankruptcy case or whether or to what extent Holders of the Notes would be compensated for any delay in payment or loss of value of the Collateral. The Bankruptcy Code permits only the payment and/or accrual of post-petition interest, costs and attorneys' fees to a secured creditor during a debtor's bankruptcy case to the extent the value of such creditor's interest in the Collateral is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the Collateral.

Furthermore, in the event a bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the Holders of the Notes would hold secured claims only to the extent of the value of the Collateral to which the Holders of the Notes are entitled, and unsecured claims with respect to such shortfall.

Release of Liens

The Security Documents and the Indenture will provide that the 1.5 Priority Liens securing the Note Guarantee of any Guarantor will be automatically released when such Guarantor's Note Guarantee is released in accordance with the terms of the Indenture. In addition, the 1.5 Priority Liens securing the Obligations under the Notes and the Indenture will be released (a) in whole, upon a legal defeasance or a covenant defeasance of the Notes as set forth below under "*—Defeasance,*" (b) in whole, upon satisfaction and discharge of the Indenture, (c) in whole, upon payment in full of principal, interest and all other Obligations on the Notes issued under the Indenture, (d) in whole or in part, with the consent of the requisite Holders of the Notes in accordance with the provisions under "*—Amendments and Waivers,*" including, without limitation, consents obtained in connection with a tender offer or exchange offer for, or purchase of, Notes; (e) in whole, upon the first date that the Notes have Investment Grade Ratings from both Rating Agencies and no Default or Event of Default has occurred and is continuing under the Indenture; and (f) in part, as to any asset constituting Collateral (A) that is sold or otherwise disposed of by Arch Coal or any of the Guarantors in a transaction permitted by the covenant described below under the caption "*—Certain Covenants— Limitation on Asset Sales*" and by the Security Documents (to the extent of the interest sold or disposed of) or otherwise permitted by the Indenture and the Security Documents, if all other Liens on that asset securing the First Lien Obligations and any Pari Passu Secured Debt then secured by that asset (including all commitments thereunder) are released, (B) that is used to make a Restricted Payment or Permitted Investment permitted by the Indenture, (C) that becomes

Excluded Collateral, (D) that is otherwise released in accordance with, and as expressly provided for in accordance with, the Indenture and the Security Documents.

Arch Coal must deliver an Officers' Certificate to the Collateral Agent within 30 calendar days following the end of each six-month period beginning on each interest payment date, to the effect that all such releases and withdrawals during the preceding six-month period (or since the Issue Date, in the case of the first such Officers' Certificate) as described in clause (e) of the preceding paragraph, were not prohibited by the Indenture.

New Intercreditor Agreement

On the Issue Date, Arch Coal, the Guarantors, the Collateral Agent and the First Lien Agent will enter into the New Intercreditor Agreement (together with each joinder, supplement, document or agreement pursuant to which Pari Passu Secured Debt will be subject to the same terms and conditions, the "New Intercreditor Agreement"), which will establish the junior-priority status of the 1.5 Priority Liens relative to the First Priority Liens. In addition to the provisions described above with respect to control of remedies, release of Collateral and amendments to the Security Documents, the New Intercreditor Agreement will also impose certain other restrictions and agreements, including the restrictions and agreements described below.

(1) Pursuant to the New Intercreditor Agreement, the Collateral Agent, the Trustee, the Holders of the Notes and the holders of any Pari Passu Secured Debt will agree that the First Lien

7

Agent and the other First Lien Secured Parties have no fiduciary duties to them. The First Lien Agent will agree in the New Intercreditor Agreement to hold as a gratuitous agent for control and possession purposes, until the Discharge of First Lien Obligations, certain possessory collateral also for the benefit of the Trustee, the Collateral Agent and the holders of the 1.5 Lien Obligations.

(2) In addition, the Collateral Agent, the Trustee and the Holders of the Notes and the holders of any Pari Passu Secured Debt will waive any claim against the First Lien Agent and the First Lien Lenders in connection with any actions they may take under the Amended and Restated Credit Agreement or with respect to the Collateral so long as such actions are in accordance with the terms of the New Intercreditor Agreement. They will further waive any right to assert, or request the benefit of, any marshalling or similar rights that may otherwise be available to them.

(3) The New Intercreditor Agreement will provide for the right of the Collateral Agent and the holders of 1.5 Lien Obligations to exercise certain rights and remedies as unsecured creditors against Arch Coal or any Guarantor, subject to certain terms, conditions, waivers and limitations as more fully set forth in the New Intercreditor Agreement.

(4) Pursuant to the New Intercreditor Agreement and until the Discharge of First Lien Obligations, the Collateral Agent and the Trustee, for itself and on behalf of the Holders of the Notes and the holders of any Pari Passu Secured Debt, will irrevocably constitute and appoint the First Lien Agent and any officer or agent of the First Lien Agent, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power and authority in the place of the Trustee, Collateral Agent, Holder of the Notes, holders of any Pari Passu Secured Debt or in the First Lien Agent's own name, from time to time in the First Lien Agent's discretion, for the limited purpose of carrying out the terms the New Intercreditor Agreement relating to the release of the 1.5 Priority Liens as permitted thereby, including releases upon sales due to enforcement of remedies or otherwise provided for in the New Intercreditor Agreement, to take any and all appropriate action and to execute any and all releases, documents and instruments which may be necessary or desirable to accomplish the purposes of such section of the New Intercreditor Agreement, including any financing statements, mortgage releases, intellectual property releases, endorsements or other instruments or transfer or release of such liens.

(5) Notwithstanding (i) the time, manner, order or method of grant, creation, attachment or perfection, (ii) any conflict with applicable law, (iii) any defect, lapse, avoidance or ineffectiveness of any First Priority Liens or 1.5 Priority Liens, (iv) modification or refinancing of any First Lien Obligation or 1.5 Lien Obligation or any First Lien Document or documents governing 1.5 Lien Obligations, (v) the subordination of the First Priority Liens to a lien securing another obligation of Arch Coal or any Guarantor, (vi) the exchange of a security interest in any Collateral for security interest in other Collateral, (vii) the commencement of an Insolvency or Liquidation Proceeding or (viii) any other circumstance whatsoever, the First Priority Liens will rank senior to any 1.5 Priority Liens on the Collateral. The Collateral for the First Priority Liens and the 1.5 Priority Liens will at all times be the same, except to the extent agreed in the First Lien Documents and documents governing 1.5 Lien Obligations.

(6) The Trustee, the Collateral Agent, the Holders and the holders of any Pari Passu Secured Debt will agree that (i) in certain circumstances, the holders under the First Priority Liens will be required by the terms thereof to be repaid with proceeds of dispositions of Collateral prior to repayment of the Indenture and any Pari Passu Secured Debt (subject to certain reinvestment provisions) and (ii) they will not accept payments from such dispositions of Collateral until applied to repayment of the First Priority Liens as so required. The Trustee, the Collateral Agent, the Holders and the holders of any Pari Passu Secured Debt will agree that if they receive payments at any time from the Collateral in contravention of the New Intercreditor Agreement, they will promptly turn such payments over to First Lien Obligation holders (through the First Lien Agent).

In addition, if Arch Coal or any Guarantor is subject to any Insolvency or Liquidation Proceeding, the Trustee, the Collateral Agent, the Holders and the holders of any Pari Passu Secured Debt will agree that:

8

(1) they will not contest, protest or object to and will be deemed to have consented to Arch Coal's or such Guarantor's use of cash collateral if the First Lien Obligation holders consent to such usage;

(2) they shall not seek or require Arch Coal or any Guarantor to provide any adequate protection, or accept any such adequate protection, for 1.5 Lien Obligations except that if, in connection with the use of Collateral constituting cash collateral by Arch Coal and the Guarantors or debtor-in-possession ("DIP") financing provided to Arch Coal and the Guarantors, the First Lien Obligation holders are granted adequate protection in the form of additional collateral, then the Trustee may seek or request adequate protection in the form of a replacement or additional Lien on such additional collateral and the First Lien Obligation holders will not object to or otherwise contest (and, as necessary will consent to) such adequate protection, so

long as all such replacement or additional Liens are fully junior and subordinate both to the Liens securing the First Lien Obligations (and are subject to the terms of the New Intercreditor Agreement) and to the Liens securing the DIP financing;

(3) if the First Lien Obligation holders consent to a DIP financing, the Trustee and the holders of the 1.5 Lien Obligations will be deemed to have consented to, and will not object to, such DIP financing;

(4) prior to the Discharge of First Lien Obligations, without the prior written consent of the First Lien Agent, they will not seek relief from the automatic stay or any other stay in any Insolvency or Liquidation Proceeding in respect of the Collateral or oppose any request by the First Lien Agent from relief from such stay;

(5) they will not contest, protest or object to any sale or other disposition of the Collateral consented to by the First Lien Agent in writing and shall be deemed to have consented to and released the Liens securing the 1.5 Lien Obligations (*provided* that (x) pursuant to a court order, the Liens securing the 1.5 Lien Obligations attach to the net proceeds from such disposition with the same priority and validity as the Liens held by the Collateral Agent on such Collateral, and the Liens remain subject to the New Intercreditor Agreement and (y) the net proceeds of such sale or other disposition of the Collateral in excess of those necessary to achieve Discharge of the First Lien Obligations are distributed in accordance with the New Intercreditor Agreement and as provided under applicable law);

(6) the 1.5 Lien Agent and the holders of the Notes and any Pari Passu Secured Debt may support any plan of reorganization in any Insolvency or Liquidation Proceedings; *provided* that (i) such plan provides for payment in full of First Lien Obligations, (ii) such plan and any filings, arguments or motions relating to such support are not adverse to the priority status, in accordance with the New Intercreditor Agreement, of the Liens securing the First Lien Obligations and the First Lien Secured Parties' rights to exercise remedies or (iii) such plan is approved by the holders of First Lien Obligations; and

(7) none of the Trustee, the Collateral Agent or any holder of 1.5 Lien Obligations may provide DIP financing to Arch Coal or any Guarantor.

Existing Intercreditor Agreement

On the Issue Date, Arch Coal, the Guarantors, the Collateral Agent and each First Lien Agent will enter into a joinder intercreditor agreement, (together with each joinder, supplement, document or agreement pursuant to which Pari Passu Secured Debt will be subject to the same terms and conditions, the "Existing Intercreditor Agreement"), which will establish the first-priority status of the First Priority Liens and the 1.5 Priority Liens relative to the Junior Priority Liens. The Existing Intercreditor Agreement will also impose certain other restrictions and agreements, including the restrictions and agreements described below. For purposes of the Existing Intercreditor Agreement only, the 1.5 Priority Liens and any Pari Passu Secured Debt will constitute First Priority Liens thereunder.

9

(1) Pursuant to the Existing Intercreditor Agreement, the holders of the Junior Lien Obligations will agree that the First Lien Agent and the other First Lien Secured Parties (which, for purposes of that agreement, include the Collateral Agent and the holders of 1.5 Lien Obligations) have no fiduciary duties to them. The First Lien Agent agrees in the Existing Intercreditor Agreement to hold as a gratuitous agent for control and possession purposes, until the Discharge of First Lien Obligations, certain possessory collateral also for the benefit of the Trustee, the Collateral Agent, the holders of the 1.5 Lien Obligations and the holders of Junior Lien Obligations.

(2) In addition, the holders of the Junior Lien Obligations waive any claim against the First Lien Agent and the First Lien Lenders in connection with any actions they may take under the Amended and Restated Credit Agreement or with respect to the Collateral so long as such actions are in accordance with the terms of the Existing Intercreditor Agreement. They will further waive any right to assert, or request the benefit of, any marshalling or similar rights that may otherwise be available to them.

(3) The Existing Intercreditor Agreement will provide for the right of the holders of Junior Lien Obligations to exercise rights and remedies as unsecured creditors against Arch Coal or any Guarantor, subject to certain terms, conditions, waivers and limitations as more fully set forth in the Existing Intercreditor Agreement.

(4) Pursuant to the Existing Intercreditor Agreement and until the Discharge of First Lien Obligations, the holders of any Junior Lien Obligations, irrevocably constitute and appoint the First Lien Agent and any officer or agent of the First Lien Agent, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power and authority in the place of the holders of any Junior Lien Obligations or in the First Lien Agent's own name, from time to time in the First Lien Agent's discretion, for the limited purpose of carrying out the terms the Intercreditor Agreement relating to the release of the Junior Priority Liens as permitted thereby, including releases upon sales due to enforcement of remedies or otherwise provided for in the Intercreditor Agreement, to take any and all appropriate action and to execute any and all releases, documents and instruments which may be necessary or desirable to accomplish the purposes of such section of the Existing Intercreditor Agreement, including any financing statements, mortgage releases, intellectual property releases, endorsements or other instruments or transfer or release of such liens.

(5) Notwithstanding (i) the time, manner, order or method of grant, creation, attachment or perfection, (ii) any conflict with applicable law, (iii) any defect, lapse, avoidance or ineffectiveness of any First Priority Liens (including 1.5 Priority Liens) or Junior Priority Liens, (iv) modification or refinancing of any First Lien Obligation or Junior Lien Obligation or any First Lien Document or Junior Lien Document, (v) the subordination of the First Priority Liens to a lien securing another obligation of Arch Coal or any Guarantor, (vi) the exchange of a security interest in any Collateral for security interest in other Collateral, (vii) the commencement of an Insolvency or Liquidation Proceeding or (viii) any other circumstance whatsoever, the First Priority Liens will rank senior to any Junior Priority Liens on the Collateral. The Collateral for the First Priority Liens, the 1.5 Priority Liens and the Junior Priority Liens will at all times be the same, except to the extent agreed in the First Lien Documents and Junior Lien Documents.

(6) The holders of any Junior Lien Obligations will agree that (i) in certain circumstances, the holders under the First Priority Liens will be required by the terms thereof to be repaid with proceeds of dispositions of Collateral prior to repayment of the Junior Lien Obligations (subject to certain reinvestment provisions) and (ii) they will not accept payments from such dispositions of Collateral until applied to repayment of the First Priority Liens as so required. The holders of Junior Lien Obligations will agree that if they receive payments at any time from the Collateral in contravention of the Existing Intercreditor Agreement, they will promptly turn such payments over to First Lien Obligation holders (through the First Lien Agent).

In addition, if Arch Coal or any Guarantor is subject to any Insolvency or Liquidation Proceeding, the holders of any Junior Lien Obligations will agree that:

- (1) they will not contest, protest or object to and will be deemed to have consented to Arch Coal's or such Guarantor's use of cash collateral if the holders of First Lien Obligations consent to such usage;
- (2) they shall not seek or require Arch Coal or any Guarantor to provide any adequate protection, or accept any such adequate protection, for Junior Lien Obligations except that if, in connection with the use of Collateral constituting cash collateral by Arch Coal and the Guarantors or debtor-in-possession ("DIP") financing provided to the Issuer and the Guarantors, the First Lien Obligation holders are granted adequate protection in the form of additional collateral, then the holders of Junior Lien Obligations may seek or request adequate protection in the form of a replacement or additional Lien on such additional collateral and the First Lien Obligation holders will not object to or otherwise contest (and, as necessary will consent to) such adequate protection, so long as all such replacement or additional Liens are fully junior and subordinate both to the Liens securing the First Lien Obligations (and are subject to the terms of the Existing Intercreditor Agreement) and to the Liens securing the DIP financing;
- (3) if the First Lien Obligation holders consent to a DIP financing, the holders of the Junior Lien Obligations will be deemed to have consented to, and will not object to, such DIP financing;
- (4) prior to the Discharge of First Lien Obligations, without the prior written consent of the First Lien Agent, they will not seek relief from the automatic stay or any other stay in any Insolvency or Liquidation Proceeding in respect of the Collateral or oppose any request by the First Lien Agent from relief from such stay;
- (5) they will not contest, protest or object to any sale or other disposition of the Collateral consented to by the First Lien Agent in writing and shall be deemed to have consented to and released the Liens securing the Junior Lien Obligations (*provided* that (x) pursuant to a court order, the Liens securing the Junior Lien Obligations attach to the net proceeds from such disposition with the same priority and validity as the Liens held by the holders of Junior Lien Obligations on such Collateral, and the Liens remain subject to the Existing Intercreditor Agreement and (y) the net proceeds of such sale or other disposition of the Collateral in excess of those necessary to achieve Discharge of First Lien Obligations are distributed in accordance with the Existing Intercreditor Agreement and as provided under applicable law);
- (6) the Collateral Agent and any holder of any Junior Lien Obligations may support any plan of reorganization in any Insolvency or Liquidation Proceeding; *provided* that (i) such plan provides for payment in full of First Lien Obligations, (ii) such plan and any filings, arguments or motions relating to such support are not adverse to the priority status, in accordance with the New Intercreditor Agreement, of the Liens securing the First Lien Obligations and the First Lien Secured Parties' rights to exercise remedies or (iii) such plan is approved by the holders of First Lien Obligations; and
- (7) no holder of Junior Lien Obligations may provide DIP financing to Arch Coal or any Guarantor.

No Impairment of the Security Interests

Except as otherwise set forth herein, neither Arch Coal nor any of the Guarantors will be permitted to take any action, or knowingly omit to take any action, which action or omission would have the result of materially impairing the security interest with respect to the Collateral for the benefit of the Trustee, the Collateral Agent and the Holders of the Notes.

Further Assurances

Subject to the limitations described above under the caption "—General" and other exceptions and qualifications set forth herein, the Security Documents and the Indenture will provide that Arch Coal and the Guarantors will, at their expense, duly execute and deliver, or cause to be duly executed and delivered, such further agreements, documents and instruments, and do or cause to be done such further acts as may

be necessary or proper to evidence, perfect, maintain and enforce the 1.5 Priority Liens in the Collateral granted to the Collateral Agent and the priority thereof, and to otherwise effectuate the provisions or purposes of the Indenture and the Security Documents.

Optional Redemption

Except as set forth in the following two paragraphs, the Notes will not be redeemable at the option of Arch Coal prior to August 15, 2018. Starting on that date, Arch Coal may redeem all or any portion of the Notes, at once or over time, upon not less than 30 nor more than 60 days' prior notice. The Notes may be redeemed at the redemption prices set forth below, plus accrued and unpaid interest to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest, if any, due on the relevant interest payment date). The following prices are for Notes redeemed during the 12-month period commencing on August 15 of the years set forth below, and are expressed as percentages of principal amount:

<u>Year</u>	<u>Redemption Price</u>
2018	104.00%
2019	102.00%
2020 and thereafter	100.00%

In addition, at any time and from time to time, prior to August 15, 2018, on one or more occasions, Arch Coal may redeem an aggregate principal amount of Notes not to exceed 35% of the aggregate principal amount of the Notes (calculated giving effect to any issuance of Additional Notes) with the proceeds of one or more Equity Offerings, at a redemption price equal to 108.00% of the principal amount thereof, plus accrued and unpaid interest to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided, however*, that

after giving effect to any such redemption, at least 65% of the aggregate principal amount of the Notes (calculated giving effect to any issuance of Additional Notes) remains outstanding immediately after the occurrence of such redemption (excluding any Notes held by Arch Coal or any of its Subsidiaries). Any such redemption shall be made within 90 days after the date of the closing of such Equity Offering.

At any time prior to August 15, 2018, Arch Coal may, at its option, on one or more occasions redeem all or any portion of the Notes, upon not less than 30 nor more than 60 days' prior notice, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of the date of redemption, and, without duplication, accrued and unpaid interest, if any, to the redemption date (subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Sinking Fund; Open Market Purchases

There will be no mandatory redemption or sinking fund payments for the Notes. Arch Coal may at any time and from time to time purchase Notes in the open market or otherwise.

Repurchase at the Option of Holders Upon a Change of Control

Upon the occurrence of a Change of Control, unless Arch Coal has previously or concurrently mailed a redemption notice with respect to all outstanding Notes as described under "—Optional Redemption," each Holder of Notes shall have the right to require Arch Coal to repurchase all or any part of such Holder's Notes pursuant to the offer described below (the "Change of Control Offer") at a purchase price (the "Change of Control Purchase Price") equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the repurchase date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date). If the repurchase date is after a record date and on or before the relevant interest payment date, accrued and unpaid interest, if any, will be paid to the person or entity in whose name the Note is registered at the close of business on that record date, and no additional interest will be payable to Holders whose Notes shall be subject to repurchase.

Within 30 days following any Change of Control, Arch Coal shall:

12

(a) cause a notice of the Change of Control Offer to be sent at least once to the Dow Jones News Service or similar business news service in the United States; and

(b) send or cause to be sent, by first-class mail, with a copy to the Trustee, to each Holder of Notes, at such Holder's address appearing in the Security Register, a notice stating:

- (1) that a Change of Control has occurred and a Change of Control Offer is being made pursuant to the covenant entitled "Repurchase at the Option of Holders Upon a Change of Control" and that all Notes properly tendered will be accepted for payment;
- (2) the Change of Control Purchase Price and the repurchase date, which shall be, subject to any contrary requirements of applicable law, a business day no earlier than 30 days nor later than 60 days from the date such notice is mailed; and
- (3) the procedures that Holders of Notes must follow in order to tender their Notes (or portions thereof) for payment, and the procedures that Holders of Notes must follow in order to withdraw an election to tender Notes (or portions thereof) for payment.

Arch Coal will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by Arch Coal and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

With respect to the Notes, if Holders of not less than 95% in aggregate principal amount of the outstanding Notes validly tender and do not withdraw such Notes in a Change of Control Offer and Arch Coal, or any third party making a Change of Control Offer in lieu of Arch Coal as described above, purchases all of the Notes validly tendered and not withdrawn by such Holders, Arch Coal or such third party will have the right, upon not less than 30 nor more than 60 days' prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer described above, to redeem all Notes that remain outstanding following such purchase at a price in cash equal to the applicable Change of Control Purchase Price plus, to the extent not included in the Change of Control Purchase Price, accrued and unpaid interest, if any, thereon, to the date of redemption.

Arch Coal will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this covenant, Arch Coal will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue of such compliance.

Arch Coal has no present intention to engage in a transaction involving a Change of Control, although it is possible that it could decide to do so in the future. Subject to certain covenants described below, Arch Coal could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of debt outstanding at such time or otherwise affect its capital structure or credit ratings.

The definition of Change of Control includes a phrase relating to the sale, transfer, assignment, lease, conveyance or other disposition of "all or substantially all" of the Property of Arch Coal and its Restricted Subsidiaries, considered as a whole. Although there is a developing body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, if Arch Coal and its Restricted Subsidiaries, considered as a whole, dispose of less than all of this Property by any of the means described above, the ability of a Holder of Notes to require Arch Coal to repurchase its Notes may be uncertain. In such a case, Holders of the Notes may not be able to resolve this uncertainty without resorting to legal action. In addition, Holders of Notes may not be entitled to require

Arch Coal to repurchase their Notes in certain circumstances involving a significant change in the composition of the Board of Directors of Arch Coal, including in connection with a proxy contest, where Arch Coal's Board of Directors does not endorse a dissident slate of directors but approves them for purposes of the Indenture.

The Amended and Restated Credit Agreement provides that the debt thereunder be repaid upon the occurrence of certain events that would constitute a change of control thereunder. Future Debt of Arch Coal may contain similar provisions. In addition, Arch Coal's ability to pay cash to Holders of Notes upon a repurchase may be limited by Arch Coal's then existing financial resources. Arch Coal cannot assure you that sufficient funds will be available when necessary to make any required repurchases. Arch Coal's failure to repurchase Notes in connection with a Change of Control would result in a default under the Indenture. Such a default could, in turn, constitute a default under other debt of Arch Coal and its Subsidiaries. Arch Coal's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified at any time prior to the occurrence of such Change of Control with the written consent of the Holders of at least a majority in aggregate principal amount of the Notes. See "—Amendments and Waivers."

Certain Covenants

Covenant Termination. Set forth below are summaries of certain covenants that will be contained in the Indenture. Upon the first date (such date, the "Termination Date") that:

- (a) the Notes have Investment Grade Ratings from both Rating Agencies; and
- (b) no Default or Event of Default has occurred and is continuing under the Indenture,

Arch Coal and its Restricted Subsidiaries will cease to be subject to the following provisions of the Indenture:

- "—Limitation on Debt;"
- "—Limitation on Restricted Payments;"
- "—Limitation on Asset Sales;"
- "—Limitation on Restrictions on Distributions from Restricted Subsidiaries;"
- "—Limitation on Transactions with Affiliates;"
- "—Designation of Restricted and Unrestricted Subsidiaries;" and
- clause (d) of the first paragraph of "—Merger, Consolidation and Sale of Property."

In addition, upon the Termination Date, the 1.5 Priority Liens securing the Obligations under the Notes and the Indenture will be released.

As a result, the Notes will be entitled to substantially less protection from and after the date of termination of the covenants.

Limitation on Debt. Arch Coal shall not, and shall not permit any Restricted Subsidiary to, Incur, directly or indirectly, any Debt unless, after giving effect to the application of the proceeds thereof, no Default or Event of Default would occur as a consequence of such Incurrence or be continuing following such Incurrence and either:

- (1) such Debt is Debt of Arch Coal or a Guarantor, and, after giving effect to the Incurrence of such Debt and the application of the proceeds thereof, Consolidated Interest Coverage Ratio of Arch Coal would be at least 2.0 to 1.0, or

14

- (2) such Debt is Permitted Debt.

The term "Permitted Debt" is defined to include the following:

(a) Debt under Credit Facilities (including (i) the Notes issued on the Issue Date, (ii) the Arch Coal Secured Notes and (iii) the Incurrence of Guarantees of any Credit Facilities issued hereunder) in an aggregate principal amount at any one time outstanding pursuant to this clause (a) not to exceed the greater of (i) \$3,000.0 million, less the aggregate amount of all Net Available Cash from Asset Sales applied by Arch Coal or any Restricted Subsidiary to Repay any such Debt pursuant to the covenant described below under the caption "—Limitation on Asset Sales" and (ii) an amount equal to 3.0 times Arch Coal's EBITDA with respect to Arch Coal's most recent four full fiscal quarters for which internal financial statements of Arch Coal are available, calculated on a pro forma basis consistent with the definition of Consolidated Interest Coverage Ratio;

- (b) [reserved]

(c) Debt of Arch Coal or a Restricted Subsidiary in respect of Capital Lease Obligations and Purchase Money Debt; *provided* that the aggregate principal amount of all Debt Incurred and then outstanding pursuant to this clause (c) (together with all Permitted Refinancing Debt Incurred and then outstanding in respect of Debt previously Incurred pursuant to this clause (c)) does not exceed, at any one time outstanding, the greater of (x) \$750.0 million and (y) 7.5% of Consolidated Net Tangible Assets;

(d) Debt of Arch Coal owing to and held by any Restricted Subsidiary and Debt of a Restricted Subsidiary owing to and held by Arch Coal or any Restricted Subsidiary; *provided, however*, that any subsequent issue or transfer of Capital Stock that results in any such Restricted Subsidiary ceasing

to be a Restricted Subsidiary or any subsequent transfer of any such Debt (except to Arch Coal or a Restricted Subsidiary or any pledge of such Debt constituting a Permitted Lien) shall be deemed, in each case, to constitute the Incurrence of such Debt by the issuer thereof;

- (e) Debt under Interest Rate Agreements entered into by Arch Coal or a Restricted Subsidiary in the ordinary course of business;
- (f) Debt under Currency Exchange Protection Agreements entered into by Arch Coal or a Restricted Subsidiary in the ordinary course of business;

- (i) Debt of Arch Coal or any Restricted Subsidiary under one or more unsecured commercial paper facilities in an aggregate amount pursuant to this clause (i) (including all Permitted Refinancing Debt Incurred and then outstanding in respect of Debt previously Incurred pursuant to this clause (i)) not to exceed \$150.0 million at any one time outstanding;
- (j) Debt of Arch Coal or a Restricted Subsidiary outstanding on the Issue Date not otherwise described in clauses (a) through (i) above or (k) through (r) below, including the Arch Coal Senior Notes and the related Guarantees thereof;
- (k) other Debt of Arch Coal or any Restricted Subsidiary in an aggregate principal amount outstanding at any one time not to exceed the greater of (1) \$500.0 million and (2) 5.0% of Consolidated Net Tangible Assets;

15

- (l) Permitted Refinancing Debt Incurred in respect of Debt Incurred pursuant to clause (1) of the first paragraph of this covenant and clauses (c), (i), (j), and this clause (l);
- (m) Debt consisting of installment payment obligations owed to any governmental agency in connection with the acquisition of coal leases or oil, gas or other real property interests in the ordinary course of business;
- (n) Debt Incurred by Arch Coal or any of its Restricted Subsidiaries arising from agreements providing for indemnification, adjustment of purchase price or similar obligations, or guarantees or letters of credit, surety bonds or performance bonds securing any obligations of Arch Coal or any of its Restricted Subsidiaries pursuant to such agreements, in any case Incurred in connection with the disposition of any business, assets or Capital Stock of a Restricted Subsidiary (other than Guarantees of Debt Incurred by any Person acquiring all or any portion of such business, assets or Capital Stock of a Restricted Subsidiary for the purpose of financing such acquisition), so long as the amount does not exceed the gross proceeds actually received by Arch Coal or any Restricted Subsidiary thereof in connection with such disposition;
- (o) Debt Incurred by Arch Coal or any of its Restricted Subsidiaries arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business, *provided, however*, that such Debt is extinguished within five business days of its Incurrence;
- (p) Debt Incurred by Arch Coal to the extent that the net proceeds thereof are promptly deposited to defease or to satisfy and discharge the Notes;
- (q) Debt of a Receivables Subsidiary in respect of a Receivables Facility, which is non-recourse to Arch Coal or any other Restricted Subsidiary in any way other than Standard Securitization Undertakings;
- (r) Debt of Persons that are acquired by Arch Coal or any of its Restricted Subsidiaries or merged into a Restricted Subsidiary in accordance with the terms of the Indenture; *provided, however*, that such Debt is not Incurred in contemplation of such acquisition or merger or to provide all or a portion of the funds or credit support required to consummate such acquisition or merger; *provided further*, that, after giving effect to such acquisition and the Incurrence of such Debt, (x) Arch Coal would be permitted to Incur at least \$1.00 of additional Debt pursuant to clause (1) of the first paragraph of this covenant or (y) the Consolidated Interest Coverage Ratio of Arch Coal and its Restricted Subsidiaries would be equal to or greater than immediately prior to such acquisition or merger; or
- (s) Debt of Foreign Subsidiaries of Arch Coal in an aggregate principal amount outstanding at any one time not to exceed the greater of (1) \$500.0 million and (2) 5.0% of Consolidated Net Tangible Assets.

Notwithstanding anything to the contrary contained in this covenant, accrual of interest, accretion or amortization of original issue discount and the payment of interest or dividends in the form of additional Debt, will be deemed not to be an Incurrence of Debt for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Debt, the U.S. dollar-equivalent principal amount of Debt denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Debt was Incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided* that if such Debt is Incurred to refinance other Debt denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Debt does not exceed the principal amount of such Debt being refinanced, plus the amount of any reasonable premium

16

(including reasonable tender premiums), defeasance costs and any reasonable fees and expenses incurred in connection with the issuance of such new Debt.

The principal amount of any Debt Incurred to refinance other Debt, if Incurred in a different currency from the Debt being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Debt is denominated that is in effect on the date of such refinancing.

For purposes of determining compliance with this covenant in the event that an item of Debt meets the criteria of more than one of the categories of Permitted Debt described in clauses (a) through (s) above or is entitled to be incurred pursuant to clause (1) of the first paragraph of this covenant, Arch Coal shall, in its sole discretion, classify, and may later reclassify, such item of Debt in any manner that complies with this covenant. Notwithstanding the foregoing, Debt under the Amended and Restated Credit Agreement and the Notes, in each case outstanding on the Issue Date, will be deemed to have been Incurred on such date in reliance on the exception provided by clause (a) of the definition of Permitted Debt.

Limitation on Restricted Payments. Arch Coal shall not make, and shall not permit any Restricted Subsidiary to make, directly or indirectly, any Restricted Payment if at the time of, and after giving effect to, such proposed Restricted Payment,

(a) a Default or Event of Default shall have occurred and be continuing;

(b) Arch Coal could not Incur at least \$1.00 of additional Debt pursuant to clause (1) of the first paragraph of the covenant described under “— Limitation on Debt;” or

(c) the aggregate amount of such Restricted Payment and all other Restricted Payments declared or made since the Second Lien Issue Date (the amount of any Restricted Payment, if made other than in cash, to be based upon Fair Market Value at the time of such Restricted Payment) would exceed an amount equal to the sum of:

(1) 50% of the aggregate amount of Consolidated Net Income of Arch Coal accrued during the period (treated as one accounting period) from October 1, 2013 to the end of the most recent fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or if the aggregate amount of Consolidated Net Income of Arch Coal for such period shall be a deficit, minus 100% of such deficit), plus

(2) 100% of the Capital Stock Sale Proceeds, plus

(3) the sum of:

(A) the aggregate net cash proceeds received by Arch Coal or any Restricted Subsidiary from the issuance or sale after the Second Lien Issue Date of convertible or exchangeable Debt that has been converted into or exchanged for Capital Stock (other than Disqualified Stock) of Arch Coal, and

(B) the aggregate net cash proceeds received by Arch Coal from the issuance and sale after the Second Lien Issue Date of Debt of Arch Coal or any Restricted Subsidiary that has been converted or exchanged for Capital Stock (other than Disqualified Stock) of Arch Coal, excluding, in the case of clause (A) or (B):

(x) any such Debt issued or sold to Arch Coal or a Subsidiary of Arch Coal or an employee stock ownership plan or trust established by Arch Coal or any such Subsidiary for the benefit of their employees, and

(y) the aggregate amount of any cash or other Property distributed by Arch Coal or any Restricted Subsidiary upon any such conversion or exchange;

plus

17

(4) an amount equal to the sum of:

(A) the net reduction in Investments in any Person other than Arch Coal or a Restricted Subsidiary resulting from dividends, repayments of loans or advances or other transfers of Property, in each case to Arch Coal or any Restricted Subsidiary from such Person, and

(B) the portion (proportionate to Arch Coal's equity interest in such Unrestricted Subsidiary) of the Fair Market Value of the net assets of an Unrestricted Subsidiary of Arch Coal at the time such Unrestricted Subsidiary is designated a Restricted Subsidiary;

provided, however, that the foregoing sum shall not exceed, in the case of any Person, the amount of Investments previously made (and treated as a Restricted Payment) by Arch Coal or any Restricted Subsidiary in such Person.

Notwithstanding the foregoing limitation, Arch Coal may:

(a) pay dividends on its Capital Stock within 60 days of the declaration thereof if, on the declaration date, such dividends could have been paid in compliance with the Indenture; *provided, however*, that such dividend shall be included in the calculation of the amount of Restricted Payments;

(b) make Restricted Payments in exchange for, or out of the proceeds of the substantially concurrent sale of, Capital Stock of Arch Coal (other than Disqualified Stock and other than Capital Stock issued or sold to a Subsidiary of Arch Coal or an employee stock ownership plan or trust established by Arch Coal or any such Subsidiary for the benefit of their employees); *provided, however*, that

(1) such purchase, repurchase, redemption, legal defeasance, acquisition or retirement shall be excluded in the calculation of the amount of Restricted Payments, and

(2) the Capital Stock Sale Proceeds from such exchange or sale shall be excluded from the calculation pursuant to clause (c) (2) above;

(c) purchase, repurchase, redeem, legally defease, acquire or retire for value any Subordinated Obligations in exchange for, or out of the proceeds of the substantially concurrent sale of, Permitted Refinancing Debt; *provided, however*, that such purchase, repurchase, redemption, legal defeasance, acquisition or retirement shall be excluded in the calculation of the amount of Restricted Payments;

(d) repurchase shares of, or options to purchase shares of, common stock of Arch Coal or any of its Subsidiaries from current or former officers, directors or employees of Arch Coal or any of its Subsidiaries (or permitted transferees of such current or former officers, directors or employees), pursuant to the terms of agreements (including employment agreements) or plans (or amendments thereto) approved by the Board of Directors under which such individuals purchase or sell, or are granted the option to purchase or sell, shares of such common stock; *provided, however*, that: (1) the aggregate amount of such repurchases shall not exceed \$10.0 million in any calendar year (with unused amounts in any calendar year being carried over to succeeding years subject to a maximum of \$20.0 million in any calendar year) and (2) at the time of such repurchase, no other Default or Event of Default shall have occurred and be continuing (or result therefrom); *provided further, however*, that such repurchases shall be included in the calculation of the amount of Restricted Payments;

(e) pay cash in lieu of fractional Capital Stock pursuant to the exchange or conversion of any exchangeable or convertible securities; *provided, however*, that such payment shall not be for the purpose of evading the limitation of this covenant (as determined by the Board of Directors in good faith); *provided further, however*, that such payments will be excluded in the calculation of the amount of Restricted Payments;

18

(f) repurchase of Capital Stock deemed to occur upon the exercise of options, warrants or other securities convertible into or exchangeable for Capital Stock of Arch Coal to the extent that such Capital Stock represents all or a portion of the exercise price thereof; *provided, however*, that such repurchase will be excluded in the calculation of the amount of Restricted Payments;

(g) declare and pay dividends to holders of any class or series of Disqualified Stock of Arch Coal or any Restricted Subsidiary, or Preferred Stock of a Restricted Subsidiary, in each case issued in accordance with the covenant described under “—Limitation on Debt”; *provided, however*, that 50% of such dividends shall be included in the calculation of the amount of Restricted Payments;

(h) declare and pay dividends on Arch Coal’s common stock not to exceed the greater of (1) an annual rate of \$0.60 per share (such amount to be appropriately adjusted to reflect any stock split, reverse stock split, stock dividend or similar transaction occurring after the Second Lien Issue Date so that the aggregate amount of dividends permitted after such transaction is the same as the amount permitted immediately prior to such transaction), and (2) \$150.0 million per full calendar year (in each case of clause (1) and (2) prorated for 2013 from the Second Lien Issue Date); *provided however* that any unused amounts in any calendar year may be carried over for the next succeeding calendar; *provided further*, that such dividends shall be excluded in the calculation of the amount of Restricted Payments; and

(i) so long as no Default or Event of Default has occurred and is continuing, other Restricted Payments in an aggregate amount not to exceed \$400.0 million; *provided, however*, that such Restricted Payments shall be excluded in the calculation of the amount of Restricted Payments.

For purposes of determining compliance with this covenant, if a Restricted Payment meets the criteria of more than one of the types of Restricted Payments described in clauses (a) through

(i) above, Arch Coal may, in its sole discretion, classify such Restricted Payment in any manner that complies with this covenant.

Limitation on Liens. Arch Coal shall not, and shall not permit any Restricted Subsidiary to, directly or indirectly, Incur or suffer to exist, any Lien (other than Permitted Liens) upon any of its Property (including Capital Stock of a Restricted Subsidiary), whether owned at the Issue Date or thereafter acquired, or any interest therein or any income or profits therefrom; *provided* that Arch Coal and its Restricted Subsidiaries may Incur or suffer to exist, any Lien (in addition to Permitted Liens) upon any of its Property (including Capital Stock of a Restricted Subsidiary) that is not Collateral if it has made or will make effective provision whereby the Notes or any Note Guarantee will be secured by such Lien equally and ratably with all other Debt of Arch Coal or any Restricted Subsidiary secured by such Lien for so long as such other Debt is secured by such Lien; *provided, however*, that if such Debt is expressly subordinated to the Notes or any Note Guarantee, the Lien securing such Debt will be subordinated and junior to the Lien securing the Notes or such Note Guarantee, as the case may be, with the same relative priority as such Debt has with respect to the Notes or such Note Guarantee.

Limitation on Asset Sales. Arch Coal shall not, and shall not permit any Restricted Subsidiary to, directly or indirectly, consummate any Asset Sale unless:

(a) Arch Coal or such Restricted Subsidiary receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the Property subject to such Asset Sale (such Fair Market Value to be determined at the time of contractually agreeing to such Asset Sale);

(b) at least 75% of the consideration paid to Arch Coal or such Restricted Subsidiary in connection with such Asset Sale is in the form of cash, Cash Equivalents or Additional Assets or a combination thereof. For purposes of this provision, each of the following will be deemed to be cash:

(i) any liabilities of Arch Coal or any Restricted Subsidiary (other than contingent liabilities, liabilities that are by their terms subordinated to the Notes or the Note Guarantees and liabilities to the extent owed to Arch Coal or any Subsidiary of Arch Coal) that are assumed by the transferee

19

of any Property or Capital Stock, as applicable, to the extent that Arch Coal and the Restricted Subsidiaries are no longer obligated with respect to such liabilities; and

(ii) any securities, notes or other obligations received by Arch Coal or any such Restricted Subsidiary from such transferee that are converted by Arch Coal or such Restricted Subsidiary into cash within 180 days of receipt (to the extent of the cash received in that conversion); and

(c) if such Asset Sale involves the disposition of Collateral, Arch Coal or such Guarantor (or the Restricted Subsidiary, as the case may be) has complied with the provisions of the Indenture and the Security Documents.

The Net Available Cash (or any portion thereof) from Asset Sales other than a sale of Collateral may be applied by Arch Coal or a Restricted Subsidiary to the extent Arch Coal or such Restricted Subsidiary elects (or is required by the terms of any Debt) to:

(a) Repay any secured Debt (other than Subordinated Obligations) of Arch Coal or any Restricted Subsidiary, any Debt of a Restricted Subsidiary that is not a Guarantor (other than Debt owed to Arch Coal or another Restricted Subsidiary) or any Debt under the Amended and Restated Credit Agreement;

(b) make a capital expenditure or reinvest in Additional Assets (including by means of an Investment in Additional Assets by a Restricted Subsidiary with Net Available Cash received by Arch Coal or another Restricted Subsidiary); or

(c) Repay other Pari Passu Debt; *provided* that Arch Coal shall also equally and ratably reduce Debt under the Notes through open-market purchases or by making an offer (in accordance with the procedures set forth below for a Prepayment Offer) to all Holders to purchase the *pro rata* principal amount of Notes, in each case at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest to the repurchase date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

The Net Available Cash (or any portion thereof) from Asset Sales that constitute the sale of Collateral may be applied by Arch Coal or a Restricted Subsidiary to the extent Arch Coal or such Restricted Subsidiary elects (or is required by the terms of any Debt) to:

(a) repay First Lien Obligations; or

(b) make a capital expenditure or reinvest in Additional Assets (including by means of an Investment in Additional Assets by a Restricted Subsidiary with Net Available Cash received by Arch Coal or another Restricted Subsidiary); *provided* that such Additional Assets are pledged as Collateral under the Security Documents in the manner required under the Security Document.

Any Net Available Cash from an Asset Sale (other than an Asset Sale consisting of all of the Capital Stock of Mountain Coal Company, LLC) not applied in accordance with the preceding two paragraphs within 365 days from the date of the receipt of such Net Available Cash or that is not segregated from the general funds of Arch Coal for investment in identified Additional Assets in respect of a project that shall have been commenced, and for which binding contractual commitments have been entered into, prior to the end of such 365-day period and that shall not have been completed or abandoned shall constitute "Excess Proceeds;" *provided, however*, that the amount of any Net Available Cash that ceases to be so segregated as contemplated above and any Net Available Cash that is segregated in respect of a project that is abandoned or completed shall also constitute "Excess Proceeds" at the time any such Net Available Cash ceases to be so segregated or at the time the relevant project is so abandoned or completed, as applicable; *provided further, however*, that the amount of any Net Available Cash that continues to be segregated for investment and that is not actually reinvested within twenty-four months from the date of the receipt of such Net Available Cash shall also constitute "Excess Proceeds." Any Net Available Cash from an Asset Sale consisting of all of the Capital Stock of Mountain Coal Company, L.L.C. not applied in accordance with the preceding paragraph within 365 days from the date of the receipt of such Net Available Cash shall be

segregated from the general funds of Arch Coal and invested in cash or Cash Equivalents pending application in accordance with the preceding paragraph. Subject to the foregoing, Arch Coal or such Restricted Subsidiary may apply the Net Available Cash to temporarily reduce Debt outstanding under a revolving credit facility or otherwise invest such Net Available Cash in any manner not prohibited by the Amended and Restated Credit Agreement pending the final application of the Net Available Cash pursuant to this covenant.

When the aggregate amount of Excess Proceeds exceeds \$50.0 million (or earlier at Arch Coal's option, in which case Excess Proceeds shall be deemed to include any Net Available Cash Arch Coal elects to include in such repurchase offer), Arch Coal will be required to make an offer to repurchase (the "Prepayment Offer") the Notes, and (a) in the case of Net Available Cash from Collateral, to the holders of any other Pari Passu Secured Debt containing provisions similar to those set forth in the Indenture with respect to asset sales or (b) in the case of any other Net Available Cash, to all holders of other Pari Passu Debt containing provisions similar to those set forth in the Indenture with respect to asset sales, in each case, which offer shall be in the amount of the Excess Proceeds, on a *pro rata* basis according to principal amount, at a purchase price equal to 100% of the principal amount thereof, plus accrued and unpaid interest to the repurchase date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date), in accordance with the procedures (including prorating in the event of oversubscription) set forth in the Indenture. To the extent that any portion of the amount of Net Available Cash remains after compliance with the preceding sentence and *provided* that all Holders of Notes have been given the opportunity to tender their Notes for repurchase in accordance with the Indenture, Arch Coal or such Restricted Subsidiary may use such remaining amount for any purpose not prohibited by the Indenture, and the amount of Excess Proceeds will be reset to zero.

Within five business days after Arch Coal is obligated to make a Prepayment Offer as described in the preceding paragraph, Arch Coal shall send or arrange to be sent a written notice, by first-class mail, to the Holders of Notes, accompanied by such information regarding Arch Coal and its Subsidiaries as Arch Coal in good faith believes will enable such Holders to make an informed decision with respect to such Prepayment Offer. Such notice shall state, among other things, the purchase price and the repurchase date, which shall be, subject to any contrary requirements of applicable law, a business day no earlier than 30 days nor later than 60 days from the date such notice is mailed.

Arch Coal will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, Arch Coal will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue of such compliance.

The Amended and Restated Credit Agreement currently limits Arch Coal from purchasing any Notes, and also provides that certain asset sale events with respect to Arch Coal would constitute a default under the Amended and Restated Credit Agreement. Any future credit agreements or other agreements to

which Arch Coal becomes a party may contain similar restrictions and provisions. In the event an Asset Sale occurs at a time when Arch Coal is prohibited from purchasing Notes, Arch Coal could seek the consent of its senior lenders to the purchase of Notes or could attempt to refinance the borrowings that contain such prohibition. If Arch Coal does not obtain such a consent or repay such borrowings, Arch Coal will remain prohibited from purchasing Notes. In such case, Arch Coal's failure to purchase tendered Notes would constitute an Event of Default under the Indenture which would, in turn, constitute a default under such other agreements.

Limitation on Restrictions on Distributions from Restricted Subsidiaries. Arch Coal shall not, and shall not permit any Restricted Subsidiary to, directly or indirectly, create or otherwise cause or suffer to exist any consensual restriction on the right of any Restricted Subsidiary to:

(a) pay dividends, in cash or otherwise, or make any other distributions on or in respect of its Capital Stock, or pay any Debt or other obligation owed, to Arch Coal or any other Restricted Subsidiary;

21

(b) make any loans or advances to Arch Coal or any other Restricted Subsidiary; or

(c) transfer any of its Property to Arch Coal or any other Restricted Subsidiary.

The foregoing limitations will not apply:

(1) with respect to clauses (a), (b) and (c), to restrictions:

(A) in effect on the Issue Date (including, without limitation, restrictions pursuant to the Arch Coal Senior Notes and each of the Arch Coal Senior Notes Indentures, the Arch Coal Secured Notes and each of the Arch Coal Secured Notes Indentures, the Amended and Restated Credit Agreement, the Notes and the Indenture);

(B) relating to any agreement or other instrument of a Restricted Subsidiary of Arch Coal and existing at the time it became a Restricted Subsidiary if such restriction was not created in connection with or in anticipation of the transaction or series of transactions pursuant to which such Restricted Subsidiary became a Restricted Subsidiary or was acquired by Arch Coal;

(C) that result from any amendment, restatement, renewal, replacement or refinancing of an agreement referred to in clause (1) (A) or (B) above or in clause (2) (A) or (B) below, *provided* such restrictions are not materially more restrictive, taken as a whole, than those under the agreement being amended, restated, renewed, refinanced or replaced;

(D) existing under, or by reason of or with respect to applicable law, rule, regulation or order of any governmental authority;

(E) on cash or other deposits or net worth imposed by customers or required by insurance surety or bonding companies, in each case, under contracts entered into in the ordinary course of business;

(F) relating to Debt of a Receivables Subsidiary or other contractual requirements of a Receivables Subsidiary in connection with a Receivables Facility; *provided* that such restrictions only apply to such Receivables Subsidiary or the receivables which are subject to the Receivables Facility;

(G) with respect to any Person or the Property of a Person acquired by Arch Coal or any of its Restricted Subsidiaries existing at the time of such acquisition and not incurred in connection with or in anticipation of such acquisition, which restriction is not applicable to any Person or the Property of any Person, other than the Person, or the Property of the Person, so acquired and any amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacements or refinancings thereof, *provided* that the restrictions in any such amendments, modifications, restatements, renewals, extensions, supplements, refundings, replacements or refinancings are not materially more restrictive, taken as a whole, than those in effect on the date of the acquisition;

(H) contained in customary provisions in asset sale agreements limiting the transfer of such Property or distributions or loans from the Property to be sold pending the closing of such sale;

(I) contained in customary provisions in partnership agreements, limited liability company organizational governance documents, joint venture agreements and other similar agreements that restrict the transfer of ownership interest in, or assets of, such partnership, limited liability company, joint venture or similar Person; and

(J) contained in agreements or instruments governing the Debt of a Restricted Subsidiary; *provided* that such restrictions contained in any agreement or instrument will not materially affect Arch Coal's ability to make anticipated principal or interest payments on the Notes (as determined in good faith by the Board of Directors or the senior management of Arch Coal); and

22

(2) with respect to clause (c) only, to restrictions:

(A) relating to Debt that is permitted to be Incurred and secured without also securing the Notes pursuant to the covenants described under "—Limitation on Debt" and "—Limitation on Liens" that limit the right of the debtor to dispose of the Property securing such Debt;

(B) resulting from customary provisions restricting subletting, assignment or transfer of any property or asset that is subject to a lease, license, sub-license or similar contract or customary provisions in other agreements that restrict assignment or transfer of such agreements or rights thereunder; or

(C) customary restrictions contained in asset sale agreements limiting the transfer of such Property pending the closing of such sale.

Limitation on Transactions with Affiliates. Arch Coal shall not, and shall not permit any Restricted Subsidiary to, directly or indirectly, enter into or suffer to exist any transaction or series of transactions (including the purchase, sale, transfer, assignment, lease, conveyance or exchange of any Property or the rendering of any service) with, or for the benefit of, any Affiliate of Arch Coal (an “Affiliate Transaction”) involving consideration in excess of \$15.0 million, unless:

- (a) the terms of such Affiliate Transaction are not materially less favorable to Arch Coal or such Restricted Subsidiary, as the case may be, than those that could be obtained in a comparable arm’s-length transaction with a Person that is not an Affiliate of Arch Coal;
- (b) if such Affiliate Transaction involves aggregate payments or value in excess of \$50.0 million, the Board of Directors approves such Affiliate Transaction and, in its good faith judgment, believes that such Affiliate Transaction complies with clauses (a) of this paragraph as evidenced by a Board Resolution promptly delivered to the Trustee; and
- (c) if such Affiliate Transaction involves aggregate payments or value in excess of \$250.0 million, Arch Coal obtains a written opinion from an Independent Financial Advisor to the effect that the consideration to be paid or received in connection with such Affiliate Transaction is fair, from a financial point of view, to Arch Coal or such Restricted Subsidiary or that such Affiliate Transaction is not materially less favorable to Arch Coal or such Restricted Subsidiary, as the case may be, than those that could be obtained in a comparable arm’s length transaction with a Person that is not an Affiliate of Arch Coal.

Notwithstanding the foregoing limitation, Arch Coal or any Restricted Subsidiary may enter into or suffer to exist the following:

- (a) any transaction or series of transactions between Arch Coal and one or more Restricted Subsidiaries, or among Restricted Subsidiaries;
- (b) any Restricted Payment permitted to be made pursuant to the covenant described under “—Limitation on Restricted Payments” or Permitted Investments (other than pursuant to clause (b) or (c) of such definition);
- (c) any reasonable and customary employment, consulting, service or termination agreement, or indemnification agreement, entered into by Arch Coal or any of its Restricted Subsidiaries with officers, directors, employees and consultants of Arch Coal or any of its Restricted Subsidiaries and the payment of fees or compensation (including amounts paid pursuant to employment and related agreements and employee benefit plans) for the personal services of current or former officers, directors, employees and consultants of Arch Coal or any of its Restricted Subsidiaries (including amounts paid pursuant to employee benefit plans, employee stock option, stock awards or similar plans);

23

-
- (d) loans and advances to employees made in the ordinary course of business permitted by law and consistent with the past practices of Arch Coal or such Restricted Subsidiary;
 - (e) indemnities of officers, directors and employees of Arch Coal or any Restricted Subsidiary consistent with applicable charter, bylaw or statutory provisions;
 - (f) agreements in effect on the Issue Date and any modifications, extensions or renewals thereto that are not materially less favorable taken as a whole to Arch Coal or any Restricted Subsidiary than such agreements as in effect on the Issue Date;
 - (g) pledges of Capital Stock of Unrestricted Subsidiaries for the benefit of lenders to such Unrestricted Subsidiaries;
 - (h) any transaction with a Receivables Subsidiary as part of a Receivables Facility and otherwise in compliance with the Indenture that are fair to Arch Coal or its Restricted Subsidiaries or not less favorable to Arch Coal or its Restricted Subsidiaries than those that might be obtained at the time with Persons that are not Affiliates of Arch Coal (as determined in good faith by the Board of Directors); and
 - (i) transactions with Unrestricted Subsidiaries, customers, clients, suppliers, contractors, joint venture partners or purchasers or sellers of goods or services, or lessors or lessees of property, in each case in the ordinary course of business (including, without limitation, pursuant to joint venture agreements) and otherwise in compliance with the terms of the Indenture which are, in the aggregate (taking into account all the costs and benefits associated with such transactions), materially no less favorable taken as a whole to Arch Coal or its Restricted Subsidiaries than those that would have been obtained in a comparable transaction by Arch Coal or such Restricted Subsidiary with an unrelated Person, as determined in good faith by Arch Coal.

Designation of Restricted and Unrestricted Subsidiaries. The Board of Directors may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation (which would constitute an Investment in such Subsidiary) would not result in a breach of the covenant described under “—Limitation on Restricted Payments” or otherwise cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by Arch Coal and its Restricted Subsidiaries in the Subsidiary properly designated will be deemed to be an Investment made as of the time of the designation as set forth under the definition of “Investment” and will reduce the amount available for Restricted Payments under the “—Limitation on Restricted Payments” covenant or Permitted Investments, as determined by Arch Coal. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary.

The Board of Directors may also designate any Subsidiary of Arch Coal to be an Unrestricted Subsidiary if:

- (a) the Subsidiary to be so designated does not own any Capital Stock or Debt of, or own or hold any Lien on any Property of, Arch Coal or any other Restricted Subsidiary and is not required to be a Guarantor pursuant to the Indenture; and
- (b) either:
 - (1) the Subsidiary to be so designated has total assets of \$1.0 million or less; or
 - (2) such designation is effective immediately upon such entity becoming a Subsidiary of Arch Coal.

Unless so designated as an Unrestricted Subsidiary, any Person that becomes a Subsidiary of Arch Coal will be classified as a Restricted Subsidiary; *provided, however*, that such Subsidiary shall not be designated a Restricted Subsidiary and shall be automatically classified as an Unrestricted Subsidiary if

either of the requirements set forth in clauses (x) and (y) of the second immediately following paragraph will not be satisfied after giving *pro forma* effect to such classification or if such Person is a Subsidiary of an Unrestricted Subsidiary.

In addition, neither Arch Coal nor any of its Restricted Subsidiaries shall at any time be directly or indirectly liable for any Debt that provides that the holder thereof may (with the passage of time or notice or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its Stated Maturity upon the occurrence of a default with respect to any Debt, Lien or other obligation of any Unrestricted Subsidiary (including any right to take enforcement action against such Unrestricted Subsidiary) except for a pledge of the Capital Stock of any Unrestricted Subsidiary for the benefit of such holders.

The Board of Directors may designate any Unrestricted Subsidiary to be a Restricted Subsidiary if, immediately after giving *pro forma* effect to such designation,

(x) Arch Coal could Incur at least \$1.00 of additional Debt pursuant to clause (1) of the first paragraph of the covenant described under “—Limitation on Debt,” and

(y) no Default or Event of Default shall have occurred and be continuing or would result therefrom.

Any such designation or redesignation by the Board of Directors will be evidenced by filing with the Trustee a Board Resolution giving effect to such designation or redesignation and an Officers’ Certificate that:

(a) certifies that such designation or redesignation complies with the foregoing provisions; and

(b) gives the effective date of such designation or redesignation,

such filing with the Trustee to occur within 45 days after the end of the fiscal quarter of Arch Coal in which such designation or redesignation is made (or, in the case of a designation or redesignation made during the last fiscal quarter of Arch Coal’s fiscal year, within 90 days after the end of such fiscal year).

Guarantees by Restricted Subsidiaries. Arch Coal shall not permit any Restricted Subsidiary that is not a Guarantor, directly or indirectly, to Guarantee or secure the payment of any other Debt of Arch Coal or any of its Restricted Subsidiaries under the Amended and Restated Credit Agreement or any capital markets Debt unless within 15 days, such Restricted Subsidiary (a) executes and delivers a supplemental indenture to the Indenture within providing for a Note Guarantee of the payment of the Notes by such Restricted Subsidiary, (b) grants a Lien in the Collateral owned by such Restricted Subsidiary in favor of the Collateral Agent for its benefit and for the benefit of the Trustee and the Holders of the Notes and (d) executes a joinder agreement to the Security Documents, agreeing to be bound thereby; *provided* that this paragraph shall not be applicable to:

(i) any Guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary;

(ii) any Guarantee arising under or in connection with performance bonds, indemnity bonds, surety bonds or letters of credit or bankers’ acceptances or coal sales contracts; or

(iii) Permitted Liens.

If the Guaranteed Debt is a Subordinated Obligation, the Guarantee of such Guaranteed Debt must be subordinated in right of payment to the Note Guarantee to at least the extent that the Guaranteed Debt is subordinated to the Notes or the applicable Note Guarantee.

Merger, Consolidation and Sale of Property

Arch Coal shall not merge, consolidate or amalgamate with or into any other Person (other than a merger of a Restricted Subsidiary of Arch Coal into Arch Coal) or sell, transfer, assign, lease, convey or otherwise dispose of all or substantially all its Property in any one transaction or series of transactions unless:

(a) Arch Coal is the Surviving Person or the Surviving Person (if other than Arch Coal) formed by such merger, consolidation or amalgamation or to which such sale, transfer, assignment, lease, conveyance or disposition is made shall be a corporation, partnership or limited liability company organized and existing under the laws of the United States of America, any state thereof or the District of Columbia; *provided* that at any time the Surviving Person is a partnership or a limited liability company, there shall be a co-issuer of the Notes that is a corporation that also satisfies the requirements of this covenant;

(b) the Surviving Person (if other than Arch Coal) expressly assumes all obligations of Arch Coal under the Indenture, the Notes, the New Intercreditor Agreement, the Existing Intercreditor Agreement and the Security Documents, pursuant to agreements in form satisfactory to the Trustee and the Collateral Agent, as applicable;

(c) immediately after giving effect to such transaction or series of transactions on a *pro forma* basis (and treating, for purposes of this clause (c) and clause (d) below, any Debt that becomes, or is anticipated to become, an obligation of the Surviving Person or any Restricted Subsidiary as a

result of such transaction or series of transactions as having been Incurred by the Surviving Person or such Restricted Subsidiary at the time of such transaction or series of transactions), no Default or Event of Default shall have occurred and be continuing;

(d) immediately after giving effect to such transaction or series of transactions on a *pro forma* basis, (1) at least \$1.00 of additional Debt would be able to be Incurred under clause (1) of the first paragraph of the covenant described under “—Certain Covenants— Limitation on Debt” or (2) the Consolidated Interest Coverage Ratio of Arch Coal and its Restricted Subsidiaries would be equal to or greater than immediately prior to such transaction;”

(e) Arch Coal shall deliver, or cause to be delivered, to the Trustee, in form and substance reasonably satisfactory to the Trustee, an Officers’ Certificate and an Opinion of Counsel, each stating that such transaction or series of transactions and the supplemental indenture, if any, in respect thereto comply with this covenant and that all conditions precedent herein provided for relating to such transaction or series of transactions have been satisfied;

(f) the Surviving Entity (if other than Arch Coal) causes such amendments, supplements or other instruments to be executed, delivered, filed and recorded, as applicable, in such jurisdictions as may be required by applicable law to preserve and protect the Lien of the Security Documents on the Collateral owned by or transferred to such Surviving Entity;

(g) the Collateral owned by or transferred to the Surviving Entity shall (a) continue to constitute Collateral under the Indenture and the Security Documents, (b) be subject to the Lien in favor of the Collateral Agent for the benefit of the Trustee and the Holders of the Notes, and (c) not be subject to any Lien other than Permitted Liens; and

(h) the property and assets of the Surviving Entity, to the extent that they are property or assets of the types which would constitute Collateral under the Security Documents, shall be treated as after-acquired property and the Surviving Entity shall take such action as may be reasonably necessary to cause such property and assets to be made subject to the Lien of the Security Documents in the manner and to the extent required in the Indenture.

Clause (d) above of this paragraph shall not apply to (1) any merger, consolidation or sale, assignment, transfer, conveyance or other disposition of assets between or among Arch Coal and any of its Restricted

26

Subsidiaries or (2) a merger of Arch Coal with an Affiliate solely for the purpose of reincorporating Arch Coal in another jurisdiction.

Arch Coal shall not permit any Guarantor to consolidate with or merge with or into any Person or sell, assign, transfer, convey or otherwise dispose of, all or substantially all of its assets, in one or more related transactions, to any Person unless Arch Coal has delivered to the Trustee an Officers’ Certificate and Opinion of Counsel stating that the transaction complies with the following conditions and each of the following conditions is satisfied:

(a) the other Person is Arch Coal or any Restricted Subsidiary that is a Guarantor or becomes a Guarantor concurrently with the transaction; or

(b) (1) either (x) the Guarantor shall be the Surviving Person or (y) the entity formed by such consolidation or into which the Guarantor is merged, expressly assumes, by a Guarantee or a supplemental indenture in form satisfactory to the Trustee, executed and delivered to the Trustee by such surviving Person the due and punctual performance and observance of all the obligations of such Guarantor under the Note Guarantee;

(2) the Surviving Person, if other than the Guarantor, causes such amendments, supplements or other instruments to be executed, delivered, filed and recorded, as applicable, in such jurisdictions as may be required by applicable law to preserve and protect the Lien of the Security Documents on the Collateral owned by or transferred to such entity; and

(3) the Surviving Person, if other than the Guarantor, is a corporation or limited liability company organized under the laws of the United States, any state thereof or the District of Columbia and immediately after giving effect to the transaction and any related Incurrence of Debt of, no Default or Event of Default shall have occurred and be continuing; or

(c) the transaction constitutes a sale or other disposition (including by way of consolidation or merger) of the Guarantor or the sale or disposition of all or substantially all the assets of the Guarantor (in each case other than to another Guarantor) and at the time of such transaction after giving *pro forma* effect thereto, the provisions of clause (c) of the first paragraph of this covenant would be satisfied, the transaction is otherwise permitted by the Indenture.

The Surviving Person shall succeed to, and be substituted for, and may exercise every right and power of Arch Coal under the Indenture (or of the Guarantor under the Note Guarantee, as the case may be), but Arch Coal, in the case of:

(a) a sale, transfer, assignment, conveyance or other disposition (unless such sale, transfer, assignment, conveyance or other disposition is of all the assets of Arch Coal as an entirety or virtually as an entirety); or

(b) a lease, shall not be released from any of the obligations or covenants under the Indenture.

SEC Reports

Notwithstanding that Arch Coal may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, Arch Coal shall file with the Commission and, if not filed electronically with the Commission, will provide to the Trustee (within 15 days after it would have been required to file with the Commission) such quarterly and annual information that would be required to be contained in a filing with the Commission on Forms 10-K and 10-Q, as if Arch Coal were required to file such forms; *provided, however*, that Arch Coal shall not be so obligated to file such information, documents and reports with the Commission if the Commission does not permit such filings; *provided further, however*, that Arch Coal will be required to provide to the Trustee any such quarterly and annual information, documents or reports that are not so filed.

27

In addition, Arch Coal and the Guarantors agree that, for so long as any Notes remain outstanding, if at any time they are not required to file with the Commission the reports required by the preceding paragraph, they will furnish to Holders of the Notes and to prospective investors, upon their request, the information required to be delivered pursuant to Rule 144(A)(d)(4) under the Securities Act.

Events of Default

Events of Default in respect of the Notes include:

- (1) failure to make the payment of any interest on the Notes when the same becomes due and payable, and such failure continues for a period of 30 days;
- (2) failure to make the payment of any principal of, or premium, if any, on, the Notes when the same becomes due and payable at its Stated Maturity, upon acceleration, optional redemption, required repurchase or otherwise;
- (3) failure to comply with the covenant described under “—Repurchase at the Option of Holders Upon a Change of Control,” “—Certain Covenants—Limitation on Asset Sales” and “—Merger, Consolidation and Sale of Property;”
- (4) failure to comply with the covenant described under “—SEC Reports” for 120 days after written notice is given to Arch Coal as provided below;
- (5) failure to comply with any other covenant or agreement in the Notes, the Indenture or the Note Guarantees (other than a failure that is the subject of the foregoing clause (1), (2), (3) or (4)), and such failure continues for 60 days after written notice is given to Arch Coal as provided below;
- (6) a default under any Debt by Arch Coal or any Restricted Subsidiary that results in acceleration of the maturity of such Debt, or failure to pay any such Debt at maturity, in an aggregate amount greater than \$100.0 million or its foreign currency equivalent at the time (the “cross acceleration provisions”);
- (7) any final judgment or judgments for the payment of money in an aggregate amount in excess of \$100.0 million (or its foreign currency equivalent at the time), to the extent such judgments are not paid or covered by insurance provided by a reputable carrier that shall be rendered against Arch Coal or any Restricted Subsidiary and that shall not be waived, satisfied, stayed or discharged for any period of 60 consecutive days after the date on which the right to appeal has expired (the “judgment default provisions”);
- (8) certain events involving bankruptcy, insolvency or reorganization of Arch Coal, any Guarantor or any other Significant Subsidiary (the “bankruptcy provisions”);
- (9) any Note Guarantee shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason (other than in accordance with the provisions of the Indenture) to be in full force and effect or any Guarantor, or any Person acting on behalf of any Guarantor, shall deny or disaffirm its obligations under any Note Guarantee; and
- (10) unless all of the Collateral has been released from the 1.5 Priority Liens in accordance with the provisions of the Security Documents, (x) default by Arch Coal or any Guarantor in the performance of the Security Documents which adversely affects the enforceability, validity, perfection or priority of the 1.5 Priority Liens on any Collateral, individually or in the aggregate, having a fair market value in excess of \$100.0 million, (y) the repudiation or disaffirmation by Arch Coal or any Guarantor of its material obligations under the Security Documents or (z) the determination in a judicial proceeding that the Security Documents are unenforceable or invalid against Arch Coal or any Guarantor party thereto for any reason with respect to any Collateral, individually or in the aggregate, having a fair market value in excess of \$100.0 million, in each case, which default, repudiation, disaffirmation or determination is not rescinded, stayed, or waived by the Persons having such

authority pursuant to the Security Documents or otherwise cured within 60 days after Arch Coal receives written notice thereof specifying such occurrence from the Trustee or the Holders of at least 25% of the outstanding principal amount of the Notes and demanding that such default be remedied.

A Default under clauses (3) or (4) is not an Event of Default until the Trustee or the Holders of not less than 25% in aggregate principal amount of the Notes then outstanding notify Arch Coal of the Default and Arch Coal does not cure such Default within the time specified after receipt of such notice. Such notice must specify the Default, demand that it be remedied and state that such notice is a “Notice of Default.”

Arch Coal shall deliver to the Trustee, within 30 days after the occurrence thereof, written notice in the form of an Officers’ Certificate of any event that with the giving of notice or the lapse of time or both would become an Event of Default, its status and what action is being taken or proposed to be taken with respect thereto.

If an Event of Default with respect to the Notes (other than an Event of Default resulting from the bankruptcy provisions) shall have occurred and be continuing, the Trustee or the registered Holders of not less than 25% in aggregate principal amount of the Notes then outstanding may declare to be immediately due and payable the principal amount of all the Notes then outstanding, plus accrued but unpaid interest to the date of acceleration. In case an Event of Default under the bankruptcy provisions shall occur, such amount with respect to all the Notes shall be due and payable immediately without any declaration or other act on the part of the Trustee or the Holders of the Notes. After any such acceleration, but before a judgment or decree based on acceleration is obtained by the Trustee, the registered Holders of at least a majority in aggregate principal amount of the Notes then outstanding may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the nonpayment of accelerated principal, premium or interest, have been cured or waived as provided in the Indenture.

In the event of a declaration of acceleration of the Notes because an Event of Default described in clause (6) under the first paragraph above has occurred and is continuing, the declaration of acceleration of the Notes shall be automatically annulled if the default or failure to make payment triggering such Event of Default pursuant to clause (6) shall be remedied or cured by Arch Coal or a Restricted Subsidiary or waived by the holders of the relevant Debt within 20 days after the declaration of acceleration of the Notes with respect thereto and if (i) the annulment of the acceleration of the Notes would not conflict with any

judgment or decree of a court of competent jurisdiction and (ii) all existing Events of Default, except nonpayment of principal, premium or interest on the Notes that became due solely because of the acceleration of the Notes, have been cured or waived.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default shall occur and be continuing, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the Holders of the Notes, unless such Holders shall have offered to the Trustee indemnity satisfactory to it. Subject to such provisions for the indemnification of the Trustee, the Holders of at least a majority in aggregate principal amount of the Notes then outstanding will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the Notes.

No Holder of Notes will have any right to institute any proceeding with respect to the Indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, unless:

- (a) such Holder has previously given to the Trustee written notice of a continuing Event of Default;
- (b) the registered Holders of at least 25% in aggregate principal amount of the Notes then outstanding have made a written request and offered indemnity satisfactory to the Trustee to institute such proceeding as Trustee; and

29

- (c) the Trustee shall not have received from the registered Holders of at least a majority in aggregate principal amount of the Notes then outstanding a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days.

However, such limitations do not apply to a suit instituted by a Holder of any Note for enforcement of payment of the principal of, and premium, if any, or interest on, such Note on or after the respective due dates expressed in such Note.

Amendments and Waivers

Subject to certain exceptions, (a) Arch Coal and the Trustee with the consent of the registered Holders of at least a majority in aggregate principal amount of the Notes then outstanding (including consents obtained in connection with a tender offer or exchange offer for the Notes) may amend the Indenture and the Notes or the Note Guarantees and the registered Holders of at least a majority in aggregate principal amount of the Notes outstanding may waive any past default or compliance with any provisions of the Indenture, the Notes or the Note Guarantees (except a default in the payment of principal, premium or interest and certain covenants and provisions of the Indenture which cannot be amended without the consent of each Holder of an outstanding Note) and (b) Arch Coal, the Guarantors and the Collateral Agent may amend or otherwise modify in any manner the Security Documents or the obligations thereunder with the consent of the registered Holders of at least a majority in aggregate principal amount of the outstanding Notes and Pari Passu Secured Debt, voting as one class. However, without the consent of each Holder of an outstanding Note, no amendment may, among other things,

- (1) reduce the amount of Notes whose Holders must consent to an amendment or waiver;
- (2) reduce the rate of, or extend the time for payment of, interest on any Note;
- (3) reduce the principal of, or extend the Stated Maturity of, any Note;
- (4) make any Note payable in money other than that stated in the Note;
- (5) impair the right of any Holder of the Notes to receive payment of principal of, premium, if any, and interest, on, such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Notes;
- (6) reduce the premium payable upon the redemption of any Note or change the time at which any Note may be redeemed (other than any notice provisions), as described under "—Optional Redemption;"
- (7) reduce the premium payable upon a Change of Control or, at any time after a Change of Control has occurred, change the time at which the Change of Control Offer relating thereto must be made or at which the Notes must be repurchased pursuant to such Change of Control Offer;
- (8) at any time after Arch Coal is obligated to make a Prepayment Offer with the Excess Proceeds from Asset Sales, change the time at which such Prepayment Offer must be made or at which the Notes must be repurchased pursuant thereto;
- (9) modify or change any provision of the Indenture affecting the ranking of the Notes or the Note Guarantees in a manner adverse to the Holders of the Notes; or
- (10) release any Guarantor from any of its obligations under its Note Guarantee or the Indenture other than in accordance with the provisions of the Indenture, or amend or modify any provision relating to such release.

In addition, any amendment to, or waiver of the provisions of (1) the Indenture or any Security Document that has the effect of releasing all or substantially all of the Collateral from the Liens securing the Notes other than in accordance with the Indenture and the Security Documents or (2) the New Intercreditor Agreement or the Existing Intercreditor Agreement in any manner adverse in any material

30

respect to the Holders of the Notes, in each case, will require the consent of the Holders of at least 662/3% in aggregate principal amount of Notes and Pari Passu Secured Debt then outstanding, voting as one class.

The Indenture and the Notes may be amended by Arch Coal and the Trustee without the consent of any Holder of the Notes to:

- (a) cure any ambiguity, omission, defect or inconsistency in any manner that is not adverse in any material respect to any Holder of the Notes;
- (b) provide for the assumption by a Surviving Person of the obligations of Arch Coal under the Indenture;
- (c) provide for uncertificated Notes in addition to or in place of certificated Notes (*provided* that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code);
- (d) add Note Guarantees with respect to the Notes or confirm and evidence the release, termination or discharge of any security or Note Guarantee when such release, termination or discharge is permitted by the Indenture;
- (e) add to the covenants of Arch Coal and the Restricted Subsidiaries for the benefit of the Holders of the Notes or surrender any right or power conferred upon Arch Coal;
- (f) make any change that does not adversely affect the rights of any Holder of the Notes;
- (g) provide for the issuance of Additional Notes in accordance with the Indenture;
- (h) to evidence and provide for the acceptance of appointment by a successor Trustee;
- (i) to add to the Collateral securing the Notes;
- (j) to provide for the release of Collateral from the Lien of the Indenture and the Security Documents when permitted or required by the Security Documents or the Indenture;
- (k) to secure any Debt that is permitted to be incurred in accordance with the Indenture under the Security Documents and to appropriately include the same in the New Intercreditor Agreement and the Existing Intercreditor Agreement;
- (l) to mortgage, pledge, hypothecate or grant any other Lien in favor of the Collateral Agent for the benefit of the Trustee on behalf of the holders of the Notes, as additional security for the payment and performance of all or any portion of the 1.5 Priority Liens, in any property or assets, including any which are required to be mortgaged, pledged or hypothecated, or in which a Lien is required to be granted to or for the benefit of the Trustee or the Collateral Agent pursuant to the Indenture, any of the Security Documents or otherwise;
- (m) to conform the text of the Indenture, the Security Documents or the Notes to any provision of this “*Description of New 2022 Secured Notes*” to the extent that such provision in this “*Description of New 2022 Secured Notes*” was intended to be a recitation of a provision of the Indenture, the Security Documents or the Notes; or
- (n) to make any amendment to the provisions of the Indenture relating to the transfer and legending of the Notes as permitted by the Indenture, including, without limitation to facilitate the issuance and administration of the Notes; *provided, however*, that (i) compliance with the Indenture as so amended would not result in the Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of Holders to transfer the Notes.

The consent of the Holders of the Notes is not necessary to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment becomes effective, Arch Coal is required to mail, or arrange to be mailed, to each registered Holder of the Notes at such Holder’s address appearing in the Security Register a notice briefly describing such amendment. However, the failure to give such notice to all Holders of the Notes, or any defect therein, will not impair or affect the validity of the amendment.

Defeasance

Arch Coal at any time may terminate all of its obligations under the Notes and the Indenture and all obligations of the Guarantors may be discharged with respect to their Note Guarantees (“legal defeasance”), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes, to replace mutilated, destroyed, lost or stolen Notes and to maintain a registrar and paying agent in respect of the Notes. Arch Coal at any time may terminate:

- (1) its obligations under the covenants described under “—Repurchase at the Option of Holders Upon a Change of Control,” “—Certain Covenants” and “—Reports” (and thereafter any omission to comply with these covenants will not constitute a Default or Event of Default with respect to the Notes);
- (2) the operation of the cross acceleration provisions, the judgment default provisions and the bankruptcy provisions with respect to Significant Subsidiaries described under “—Events of Default” above; and
- (3) the limitations contained in clause (d) under the first paragraph of “—Merger, Consolidation and Sale of Property” above (“covenant defeasance”).

Arch Coal may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option.

If Arch Coal exercises its legal defeasance option, payment of the Notes may not be accelerated because of an Event of Default with respect thereto. If Arch Coal exercises its covenant defeasance option, payment of the Notes may not be accelerated because of an Event of Default specified in clause (4) (with respect to the covenants described under “—Certain Covenants” or “—Reports”), (5), (6) or (7) (with respect only to Significant Subsidiaries) under “—

Events of Default” above or because of the failure to comply with clause (d) under the first paragraph of “—Merger, Consolidation and Sale of Property” above.

The legal defeasance option or the covenant defeasance option may be exercised only if:

- (a) Arch Coal irrevocably deposits in trust with the Trustee money or U.S. Government Obligations, or a combination thereof, for the payment of principal of, premium, if any, and interest on the Notes to maturity or redemption, as the case may be;
- (b) Arch Coal delivers to the Trustee a certificate from a nationally recognized firm of independent certified public accountants expressing their opinion that the payments of principal, premium, if any, and interest when due and without reinvestment on the deposited U.S. Government Obligations plus any deposited money without investment will provide cash at such times and in such amounts as will be sufficient to pay principal, premium, if any, and interest when due on all the Notes to be defeased to maturity or redemption, as the case may be;
- (c) 91 days pass after the deposit is made, and during the 91-day period, no Default described in clause (7) under “—Events of Default” occurs with respect to Arch Coal or any other Person making such deposit which is continuing at the end of the period;
- (d) no Default or Event of Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Debt and, in each case, the granting of Liens in connection therewith) has occurred and is continuing on the date of such deposit and after giving effect thereto;

32

- (e) such deposit does not constitute a default under any other material agreement or instrument binding on Arch Coal or any of its Restricted Subsidiaries;
- (f) in the case of the legal defeasance option, Arch Coal delivers to the Trustee an Opinion of Counsel stating that:
 - (1) Arch Coal has received from the Internal Revenue Service a ruling, or
 - (2) since the date of the Indenture there has been a change in the applicable U.S. federal income tax law, to the effect that, and based thereon such Opinion of Counsel shall confirm that, the beneficial owners of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same time as would have been the case if such defeasance has not occurred;
- (g) in the case of the covenant defeasance option, Arch Coal delivers to the Trustee an Opinion of Counsel to the effect that the beneficial owners of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred; and
- (h) Arch Coal delivers to the Trustee an Officers’ Certificate and an Opinion of Counsel, each stating that all conditions precedent to the defeasance and discharge of the Notes have been complied with as required by the Indenture.

The Collateral will be released from the Liens securing the Notes, as provided under the caption “*Security—Release of Liens*,” upon a legal defeasance or covenant defeasance in accordance with the provisions described above.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when:

- (1) either:
 - (a) all Notes that have been authenticated (except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust and thereafter repaid to Arch Coal) have been delivered to the Trustee for cancellation; or
 - (b) all Notes that have not been delivered to the Trustee for cancellation are to be called for redemption within one year and an irrevocable notice of redemption with respect thereto has been deposited with the Trustee or will become due and payable within one year and Arch Coal or a Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, U.S. Government Obligations, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the Notes not delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;
- (2) no Default or Event of Default will have occurred and be continuing on the date of such deposit or will occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Arch Coal or any Guarantor is a party or by which Arch Coal or any Guarantor is bound;
- (3) Arch Coal or any Guarantor has paid or caused to be paid all sums payable by it under the Indenture; and

33

- (4) Arch Coal has delivered irrevocable instructions to the Trustee under the Indenture to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, Arch Coal must deliver an Officers' Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

The Collateral will be released from the Liens securing the Notes, as provided under the caption "*Security—Release of Liens*," upon a satisfaction and discharge in accordance with the provisions described above.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator, stockholder, member, manager or partner of Arch Coal or any Guarantor, as such, will have any liability for any obligations of Arch Coal or the Guarantors under the Notes, the Indenture, the Note Guarantees or the Security Documents or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes.

Governing Law

The Indenture, the Notes and the Security Documents (other than any real property mortgages on parcels located outside of the State of New York) will be governed by the laws of the State of New York.

The Trustee

U.S. Bank National Association will be the Trustee under the Indenture.

Except during the continuance of an Event of Default, the Trustee will perform only such duties as are specifically set forth in the Indenture. During the existence of an Event of Default, the Trustee will exercise such of the rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

(a) any dividend or distribution (whether made in cash, securities or other Property) declared or paid, on or with respect to any shares of Capital Stock of Arch Coal or any Restricted Subsidiary (including any payment in connection with any merger or consolidation with or into Arch Coal or any Restricted Subsidiary), except for any dividend or distribution that is (i) made solely to Arch Coal or a Restricted Subsidiary (and, if such Restricted Subsidiary is not a Wholly Owned Restricted Subsidiary, to the other shareholders or members of such Restricted Subsidiary on a *pro rata* basis or on a basis that results in the receipt by Arch Coal or a Restricted Subsidiary of dividends or distributions equal to or greater in value than it would receive on a *pro rata* basis); or (ii) payable solely in shares of Capital Stock (other than Disqualified Stock) of Arch Coal;

(b) the purchase, repurchase, redemption, acquisition or retirement for value of any Capital Stock of Arch Coal (other than from Arch Coal or a Restricted Subsidiary);

“Security Agreement” means the security agreement dated as of the Issue Date among the Collateral Agent, Arch Coal and the Guarantors granting, among other things, a 1.5 Priority Lien on the Collateral subject to Permitted Liens, in each case in favor of the Collateral Agent for its benefit and for the benefit of the Trustee and the Holders of the Notes and the holders of any Pari Passu Secured Debt, as amended, modified, restated, supplemented or replaced from time to time in accordance with its terms.

“Security Documents” means the Security Agreement, any mortgages, the Existing Intercreditor Agreement, the New Intercreditor Agreement and all of the security agreements, pledges, collateral assignments, mortgages, deeds of trust, trust deeds or other instruments evidencing or creating or purporting to create any security interests in favor of the Collateral Agent for its benefit and for the benefit of the Trustee and the Holders of the Notes and the holders of any Pari Passu Secured Debt, in all or any portion of the Collateral, as amended, modified, restated, supplemented or replaced from time to time.

“Significant Subsidiary” means any Subsidiary that would be a “significant subsidiary” of Arch Coal within the meaning of Rule 1-02 under Regulation S-X promulgated by the Commission.

“Standard Securitization Undertakings” means representations, warranties, covenants and indemnities entered into by Arch Coal or any Restricted Subsidiary that are reasonably customary in receivables financing facilities, including, without limitation, servicing of the obligations thereunder.

“Stated Maturity” means, with respect to any security, the date specified in such security as the fixed date on which the payment of principal of such security is due and payable, including pursuant to any mandatory redemption provision (but excluding any provision providing for the repurchase of such security at the option of the holder thereof upon the happening of any contingency beyond the control of the issuer unless such contingency has occurred).

“Subordinated Obligation” means any Debt of Arch Coal or a Guarantor (whether outstanding on the Issue Date or thereafter Incurred) that is subordinate or junior in right of payment to the Notes or the Note Guarantees pursuant to a written agreement to that effect.

“Subsidiary” means, in respect of any Person, any corporation, company (including any limited liability company), association, partnership, joint venture or other business entity of which at least a majority of the total voting power of the Voting Stock is at the time owned or controlled, directly or indirectly, by:

(a) such Person;

(b) such Person and one or more Subsidiaries of such Person; or

(c) one or more Subsidiaries of such Person.

“Surviving Person” means the surviving Person formed by a merger, consolidation or amalgamation and, for purposes of the covenant described under “—Merger, Consolidation and Sale of Property,” a Person to whom all or substantially all of the Property of Arch Coal or a Guarantor is sold, transferred, assigned, leased, conveyed or otherwise disposed.

“Transactions” means the entry into and consummation of the Exchange Offer, the Concurrent Exchange Offer and Consent Solicitation and the Concurrent Ineligible Holders Offer and transactions related to such transactions, and the payment of any related fees, expenses or costs.

“Treasury Rate” means, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15(519) that has become publicly available at least two business days prior to the redemption date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to August 15, 2018; *provided, however*, that if the period from the redemption date to August 15, 2018 is less than one

year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

“Unrestricted Subsidiary” means:

- (a) any Subsidiary of Arch Coal that is designated after the Issue Date as an Unrestricted Subsidiary as permitted or required pursuant to the covenant described under “—Certain Covenants—Designation of Restricted and Unrestricted Subsidiaries” and is not thereafter redesignated as a Restricted Subsidiary as permitted pursuant thereto;

After the termination of the covenants upon the Notes obtaining Investment Grade Ratings, all Unrestricted Subsidiaries shall be Restricted Subsidiaries.

“U.S. Government Obligations” means direct obligations (or certificates representing an ownership interest in such obligations) of the United States of America (including any agency or instrumentality thereof) for the payment of which the full faith and credit of the United States of America is pledged and which are not callable or redeemable at the issuer’s option.

“Voting Stock” of any Person means all classes of Capital Stock or other interests (including partnership interests) of such Person then outstanding and normally entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof.

“Wholly Owned Restricted Subsidiary” of a Person means, at any time, a Restricted Subsidiary all the Voting Stock of which (except directors’ qualifying shares) is at such time owned, directly or indirectly, by such Person and its other Wholly Owned Subsidiaries.

[Risk Factors]

ANNEX D-1

RISK FACTORS

In addition to the other information incorporated by reference in this notice including without limitation the “Risk Factors” included in our Annual Report for the year ended December 31, 2014, you should carefully consider the following risk factors before deciding to participate in the Exchange Transaction. If any of the risks described below or in the documents incorporated by reference actually occurs, our business, business prospects, financial condition, results of operations or cash flows could be materially adversely affected. In any such case, the value of the New Notes could decline, and you could lose all or part of your investment. The risks below and those incorporated by reference are not the only ones facing us. Additional risks not currently known to us or that we currently deem immaterial may also adversely affect us. This notice also contains forward looking statements, estimates and projections that involve risks and uncertainties. Our actual results could differ materially from those anticipated in the forward looking statements as a result of specific factors, including the risks described below and in the documents incorporated by reference. Defined terms used herein shall have the meanings as set forth in the notice.

Risks Related to Participating in the Exchange Transaction

The Exchange Transaction may be cancelled or delayed.

We have the right to terminate or withdraw at our sole discretion the Exchange Transaction at any time and for any reason, including failure to satisfy any condition to the Exchange Transaction. Even if the Exchange Transaction is consummated, it may not be consummated on the schedule described in this notice. Accordingly, Holders participating in the Exchange Transaction may have to wait longer than expected to receive their New Notes and Cash Payment, during which time such Holders will not be able to effect transfers or sales of their Old Notes tendered pursuant to the Exchange Transaction.

You must comply with the applicable Exchange Transaction procedures to receive New Notes.

Delivery of New Notes and Cash Payments in exchange for Old Notes properly tendered and accepted for the exchange pursuant to the Exchange Transaction will be made only after timely receipt by the Trustee of the following:

- book-entry confirmation of a book-entry transfer of Old Notes into the Trustee's account at DTC, New York, New York as a depository;
- a complete and signed Exchange Agreement, or facsimile copy; and
- any other documents required by the Exchange Agreement.

Therefore, Holders of Old Notes who would like to tender Old Notes in exchange for New Notes and Cash Payments should be sure to allow enough time for the necessary documents to be timely received by the Trustee. We are not required to notify you of defects or irregularities in tenders of Old Notes for exchange. If you are a beneficial owner of Old Notes that are registered in the name of your broker, dealer, commercial bank, trust company or other nominee, and you wish to tender in the Exchange Transaction, you should promptly contact the person in whose name your Old Notes are registered and instruct that person to tender your Old Notes on your behalf.

The exchange ratio for the Exchange Transaction does not reflect any independent valuation of the Old Notes or the New Notes.

We have not obtained or requested a fairness opinion from any banking or other firm as to the fairness of the exchange ratio or the relative values of the Old Notes or New Notes. If you tender your Old Notes, you may receive less value than if you keep such Old Notes. We cannot assure you that if you tender your Old Notes, you will receive more or as much value than if you choose to keep them. Additionally, if you tender your Old Notes, there will be a reduction in the aggregate principal amount of debt owed to you and,

in the event of a bankruptcy or liquidation proceeding, you may have a smaller claim than if you had retained your Old Notes.

We may recognize a significant amount of cancellation of indebtedness ("COD") income as a result of the consummation of the Exchange Transaction.

The exchange of Old Notes for New Notes and cash pursuant to the Exchange Transaction is expected to result in COD income to Arch for U.S. federal income tax purposes. Because the amount of COD income to be recognized by Arch depends in part on the fair market value and/or issue price of instruments to be issued on the date of the exchange, the precise amount of COD income, if any, resulting from the exchange of Old Notes cannot be determined prior to the date of the exchange. However, Arch generally anticipates that any COD income that it recognizes in the Exchange Transaction will be offset, at least in part, by its existing net operating losses ("NOLs") and certain other tax attributes. To the extent that existing NOLs and other tax attributes of Arch are not sufficient to offset fully any COD income, Arch may incur a cash tax liability from such COD income. In addition, because of the U.S. federal income tax rules regarding "applicable high yield discount obligations" ("AHYDOs"), we expect that we will not be permitted to deduct all or a substantial portion of the original issue discount on the New Notes.

Risks to Holders of Old Notes Not Tendered or Not Accepted for Exchange

Holders who fail to exchange their Old Notes may have reduced liquidity after the Exchange Transaction.

As Old Notes are tendered and accepted in the Exchange Transaction, the aggregate principal amount of remaining Old Notes will be reduced. This decrease could reduce the liquidity of the trading markets for the non-tendered Old Notes. We cannot assure you of the liquidity, or even the continuation, of the trading markets for the Old Notes following the Exchange Transaction. Reduced liquidity could adversely affect the market price for Old Notes not tendered or accepted for exchange.

Existing ratings for the Old Notes may not be maintained after the Exchange Transaction.

We cannot assure you that, as a result of the Exchange Transaction, one or more rating agencies will not downgrade or negatively comment upon the ratings for the Old Notes not tendered or accepted for exchange or take action to withdraw their rating of the Old Notes. Any withdrawal, downgrade or negative comment would likely adversely affect the market price of the Old Notes.

If the proposed amendments to the indenture governing the Old Notes become operative, Holders of Old Notes will have less covenant protection than is currently provided by the restrictive covenants in the indenture governing the Old Notes.

The proposed amendments to the indenture governing the Old Notes will result in the amendment of certain restrictive covenants in that indenture to permit the incurrence of additional secured debt. The elimination of these protections could permit us, subject to restrictions in our other debt instruments, to incur certain secured debt previously prohibited under that indenture, which could adversely affect the market prices and credit ratings of the remaining Old Notes.

Claims regarding the Old Notes remaining outstanding following the completion of the Exchange Transaction will be effectively subordinated to claims with respect to our secured indebtedness, including the New Notes.

The unsecured nature of the claims of the Old Notes could materially and adversely affect the value of a Holder's Old Notes remaining outstanding following the completion of the Exchange Transaction, in the event of a bankruptcy, liquidation or insolvency of us, to the extent of such Holder's recovery. The New Notes will be secured by liens on the collateral, but the Old Notes will remain unsecured. As a result, the

Old Notes will be effectively subordinated to our secured indebtedness, including the New Notes and other secured indebtedness expected to be incurred on or around the date of the Exchange Transaction. In the event of our bankruptcy, liquidation or insolvency, it is possible that our unpledged assets will be insufficient to satisfy the claims of the Old Notes and our other unsecured indebtedness remaining outstanding following the completion of the Exchange Transaction.

Our obligations under the New Notes will be secured by liens on the collateral. In the event we defaulted on our outstanding debt obligations, the proceeds from certain sales of collateral will be applied first to satisfy claims made in respect of our secured indebtedness, including the New Notes, which will benefit Holders of the New Notes. As a result, in a bankruptcy, there will be fewer assets available to satisfy our obligations under the Old Notes remaining outstanding following the completion of the Exchange Transaction.

We continuously contemplate future transactions and initiatives related to capital structure, including the concurrent exchange offers (as described in Arch's Current Report on Form 8-K filed on July 2, 2015), in light of, among other things, our substantial indebtedness and the sustained downturn in the coal industry. As a result of these transactions and initiatives, holders of Old Notes may ultimately be in a worse position if they do not participate in the Exchange Transaction.

Future transactions and initiatives that we continuously contemplate and may pursue, including the concurrent exchange offers, may have significant effects on our business, capital structure, ownership, liquidity and/or results of operations. For example, we have pursued, are pursuing and may continue to pursue, from time to time, transactions and initiatives related to capital structure, including, without limitation, the concurrent exchange offers and other debt exchange transactions, debt repurchases, equity or debt issuances, debt refinancing transactions (including extensions of maturity dates), asset sales, joint ventures, recapitalizations, business combinations and other strategic transactions. There can be no guarantee that any such transactions or initiatives would ultimately be successful or produce the desired outcome, which could ultimately affect us in a material and adverse manner. Moreover, the effects of any of these transactions or initiatives could be material and adverse to holders of our debt and could be disproportionate, and directionally different, with respect to one class or type of debt than with respect to others. As a result of these transactions and initiatives, holders of Old Notes may ultimately be in a worse position if they do not participate in the Exchange Transaction. Despite our current high debt level, we may still be able to incur substantially more debt. This could further exacerbate the risks associated with our substantial debt.

We may purchase Old Notes in the future at different prices.

We may from time to time purchase any Old Notes that remain outstanding after consummation of the Exchange Transaction through open market or privately negotiated transactions, one or more tender or exchange offers or otherwise, on terms that may be less advantageous to Holders than the terms of the Exchange Transaction.

Risks Relating to the New Notes

We will have a substantial amount of debt following this Exchange Transaction, which will continue to limit our flexibility and imposes restrictions on us, and a continued downturn in economic or industry conditions may materially affect our ability to meet our future financial commitments and liquidity needs.

We have a substantial amount of indebtedness. As of March 31, 2015, after giving effect to the Concurrent Exchange Offer and Consent Solicitation and the Concurrent Exchange Offer (based on certain assumptions), we would have had consolidated indebtedness of approximately \$4.2 billion outstanding, including \$1.9 billion of first lien debt and \$674.2 million of unsecured or junior lien debt that will mature earlier than the debt offered hereby. While we intend to further reduce our debt through the Exchange Transaction and the concurrent exchange transactions, we can provide no assurances that this will be successful. Our EBITDA has declined as a result of the sustained downturn in the coal industry, and even with the reduced leverage we will experience if this Exchange Transaction and the concurrent exchange transactions are successful, we will remain highly leveraged and cannot assure you that we will continue to be able to satisfy our debt obligations. Our ability to satisfy our debt obligations, and our ability to refinance our indebtedness, will depend upon our future operating performance, which

will be affected by prevailing economic conditions in the markets that we serve (and will depend in significant part on an improvement in coal industry conditions within the next several years), and financial, business and other factors, many of which are beyond our control. We may be unable to generate sufficient cash flow from operations and future borrowings or other financing may be unavailable in an amount sufficient to enable us to fund our future financial obligations or our other liquidity needs.

The amount and terms of our debt could have material consequences to our business, including, but not limited to:

- limiting our ability to obtain additional financing to fund growth, such as new lease-by- application acquisitions or other mergers and acquisitions, working capital, capital expenditures, debt service requirements or other cash requirements;
- exposing us to the risk of increased interest costs if the underlying interest rates rise;
- limiting our ability to invest operating cash flow in our business due to existing debt service requirements;
- making it more difficult to obtain surety bonds, letters of credit or other financing, particularly during weak credit markets;
- causing a decline in our credit ratings;
- limiting our ability to compete with companies that are not as leveraged and that may be better positioned to withstand economic downturns;
- limiting our ability to acquire new coal reserves and/or plant and equipment needed to conduct operations;

- limiting our flexibility in planning for, or reacting to, and increasing our vulnerability to, changes in our business, the industry in which we compete and general economic and market conditions; and
- making it more difficult to restructure our capital structure in the future. See “—*We continuously contemplate future transactions and initiatives related to capital structure in light of, among other things, our substantial indebtedness and the sustained downturn in the coal industry. As a result of these transactions and initiatives, holders of Old Notes may ultimately be in a worse position if they do not participate in the Exchange Transaction.*”

If we further increase our indebtedness, the related risks that we now face, including those described above, could intensify. In addition to the principal repayments on our outstanding debt, we have other demands on our cash resources, including capital expenditures and operating expenses. Our ability to pay our debt depends upon our operating performance. In particular, economic conditions have caused our revenues to decline and, without a significant improvement in coal industry conditions, will hamper our ability to repay our indebtedness. If we do not have enough cash to satisfy our debt service obligations, we may be required to refinance all or part of our debt, sell assets or reduce our spending. We may not be able to, at any given time, refinance our debt or sell assets on terms acceptable to us or at all.

A loss or reduction in our ability to self-bond could have a material adverse effect on our business and results of operations.

Federal and state laws require us to obtain surety bonds or post letters of credit to secure performance or payment of certain long-term obligations, such as mine closure or reclamation costs, federal and state workers’ compensation costs, coal leases and other obligations. The costs of surety bonds have fluctuated in recent years while the market terms of such bonds have generally become more unfavorable to mine operators. These changes in the terms of the bonds have been accompanied at times by a decrease in the number of companies willing to issue surety bonds. We use

self-bonding to secure performance of certain obligations in Wyoming. Self-bonding commits us to pay directly for reclamation costs rather than obtaining a traditional surety bond. As of December 31, 2014, we have self-bonded an aggregate of approximately \$458.5 million. The Land Quality Division of the Wyoming Department of Environmental Quality periodically re-evaluates the amount of the bond, so the current amount is subject to increase.

There can be no assurance that the amount of our self-bonding obligations will not be increased or that we will continue to qualify to self-bond. To the extent we are unable to maintain our current level of self-bonding, due to legislative or regulatory changes or changes in our financial condition, our costs would increase and it could have a material adverse effect on our financial condition and results of operations.

We are a holding company and depend on our subsidiaries to generate sufficient cash flow to meet our debt service obligations, including payments on the New Notes.

We are a holding company, and substantially all of our consolidated assets are held by our subsidiaries. As a holding company, we conduct substantially all of our business through our subsidiaries. Accordingly, our cash flows and ability to meet our debt service obligations, including payments on the New Notes, are largely dependent upon the earnings of our subsidiaries and the payment of such earnings to us in the form of dividends, distributions, loans or otherwise, and repayment of such loans or advances from us. These subsidiaries are separate and distinct legal entities, and we may not exercise sufficient control to cause them to provide us with funds for our payment obligations, whether by dividends, distributions, loans or otherwise. The ability of our subsidiaries to pay dividends or make other advances or transfer of funds will depend on their respective results of operations and may be restricted by, among other things, applicable law and contractual provisions limiting the amount of funds available to make dividends and agreements of those subsidiaries.

If the New Notes become rated investment grade by both Standard & Poor’s and Moody’s, certain covenants will be terminated, and you will lose the protection of these covenants permanently, even if such ratings subsequently fall back below investment grade.

Certain covenants in the indenture for the New Notes will be terminated if the notes are rated investment grade by both Standard & Poor’s and Moody’s. These covenants restrict, among other things, our ability and the ability to our subsidiaries to:

- incur additional debt;
- make distributions;
- sell capital stock or other assets; and
- engage in transactions with affiliates.

In the case of such a termination, we will be able to incur additional debt and consummate transactions that may impair our ability to satisfy our obligations with respect to the New Notes. These covenants will not be restored, even if the assigned credit ratings subsequently fall below investment grade.

We may be unable to repurchase the New Notes in the event of a change of control as required by the indenture.

Holders of the New Notes and our other outstanding series of notes will have the right to require us to repurchase the notes at a repurchase price equal to 101% upon the occurrence of certain change of control events specified in the indenture governing the New Notes. Any change of control also would constitute a default under our existing senior secured credit facility. Therefore, upon the occurrence of a change of control, the lenders under our senior secured credit facility would have the right to accelerate the payment obligations

with respect to outstanding loans under our senior secured credit facility, and if so accelerated, we would be required to pay all of our outstanding obligations under such facility. We may not be able to repay or repurchase the New Notes at that time because we may not have available funds to repay the debt or pay the repurchase price as applicable. There can be no assurance that we would be able to repay such other debt. Any requirement to offer to repay or to purchase

any outstanding New Notes may result in us having to refinance our outstanding indebtedness, which we may not be able to do. In addition, even if we were able to refinance our outstanding indebtedness, such financing may be on terms unfavorable to us.

The terms of the agreements governing our indebtedness contain significant restrictions that limit our operating and financial flexibility.

Our credit agreements and the agreements governing our and our subsidiaries' other indebtedness contain various covenants and other restrictions that limit our ability and the ability of our restricted subsidiaries to engage in specified types of transactions and may adversely affect our ability to operate our business. These covenants and other restrictions limit our and our restricted subsidiaries' ability to, among other things:

- incur additional indebtedness;
- pay dividends on, repurchase or make distributions in respect of capital stock or make restricted payments;
- make investments;
- create liens;
- issue and sell capital stock of subsidiaries;
- sell or transfer assets;
- enter into restrictions affecting the ability of restricted subsidiaries to make distributions, loans or advances to us;
- engage in transactions with affiliates;
- enter into sale and leaseback transactions; and
- consolidate, merge, sell or otherwise dispose of all or substantially all of our assets.

These restrictions on operations and financings, as well as those that may be contained in future debt agreements, may limit our ability to execute preferred business strategies. Moreover, under certain circumstances, we may be unable to comply with these covenants. If that occurs, our lenders and noteholders could accelerate the payment obligations with respect to that debt. If the payment obligations with respect to our debt obligations are accelerated, we may not be able to repay all of that debt, in which case the indebtedness represented by the New Notes may not be fully repaid, if it is repaid at all.

Despite our current levels of debt, we may still be able to incur substantially more debt. This could further exacerbate the risks associated with our substantial debt.

We may be able to incur additional debt in the future. The terms of our credit agreements and the indentures and other agreements governing our and our subsidiaries' other indebtedness will allow us to incur substantial amounts of additional debt, subject to certain limitations. For example, as of March 31, 2015, after giving effect to the Exchange Transaction and the concurrent exchange transactions, and assuming all holders are eligible to participate and do so prior to the early tender time, we would have had availability of approximately \$122.6 million under our securitization facility. If new debt is added to our current debt levels, the related risks we could face would be magnified.

The New Notes are structurally subordinated to the existing and future liabilities of our subsidiaries that do not guarantee the New Notes to the extent of the assets of such non-guarantor subsidiaries.

Some of our subsidiaries will not guarantee the New Notes. As a result, the New Notes will be structurally subordinated to all existing and future liabilities of our subsidiaries that do not guarantee the New Notes. Therefore, our rights and the rights of our creditors to participate in the assets of any subsidiary in the event that such subsidiary is liquidated or reorganized are subject to the prior claims of such subsidiary's creditors. As a result, all indebtedness and other liabilities, including trade payables, of the non-guarantor subsidiaries, whether secured or unsecured, must be satisfied before any of the assets of such subsidiaries would be available for distribution, upon a liquidation or otherwise, to us in order for us to meet our obligations with respect to the New Notes. To the extent that we may be a creditor with recognized claims against any subsidiary, our claims would still be a subject to the prior claims of such subsidiary's creditors to the extent that they are secured or senior to those held by us. Our subsidiaries may incur additional indebtedness and other liabilities.

As of March 31, 2015, our non-guarantor subsidiaries had approximately \$0.8 million of total indebtedness and other liabilities, including trade payables and accrued expenses but excluding intercompany payables. The non-guarantor subsidiaries did not represent any of our consolidated revenues for the year ended December 31, 2014 or for the three months ended March 31, 2015. The non-guarantor subsidiaries and generated negative EBITDA of less than 1% of our consolidated Adjusted EBITDA for the year ended December 31, 2014 and the three months ended March 31, 2015, respectively, and at March 31, 2015 represented approximately 2.7% of our consolidated assets (excluding intercompany receivables).

The issuance of the New Notes, the granting of the liens in respect thereof could be wholly or partially voided as preferential or fraudulent transfer by a bankruptcy court.

If Arch were to become a debtor in a case under the U.S. Bankruptcy Code within 90 days after we consummate the Exchange Transaction (or, with respect to any insiders, as defined in the U.S. Bankruptcy Code, within one year after consummation of the Exchange Transaction), and the court determines that we were insolvent at the time of the Exchange Transaction (for preference purposes, we would be presumed to have been insolvent on and during the 90 days immediately preceding the date of filing of any bankruptcy petition), the court could find that the issuance of the New Notes or the granting of the liens in respect thereof involved a preferential transfer. If the court determined that the Exchange Transaction effected a preference, then any such preferential transfer (which may include the grant of liens to secure the New Notes), absent any of the U.S. Bankruptcy Code's defenses to avoidance, may be avoided, in whole or in part, and, to the extent avoided, the value of any consideration Holders received with respect to such New Notes or Cash Payments could be recovered from such Holders and possibly from subsequent transferees. In addition, under federal bankruptcy law and comparable provisions of state

fraudulent transfer laws, a court may avoid any transfer of an interest of a debtor in property, or any obligation incurred by a debtor, if among other things, the debtor conveyed the assets with an actual intent to hinder, delay or defraud its creditors, or the debtor received less than reasonably equivalent value in exchange for such transfer or obligation, and the debtor (a) was insolvent or rendered insolvent by reason of such incurrence; (b) was engaged in a business or transaction for which the debtor's remaining assets constituted unreasonably small capital; or (c) intended to incur, or believed that it would incur, debts beyond its ability to pay as such debts mature. As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied. The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a debtor would be considered insolvent if (a) the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets; or (b) if the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or (c) it could not pay its debts as they become due.

A court may "collapse" the component steps of the restructuring into a single set of integrated transactions to determine whether the restructuring overall effected a fraudulent transfer. The transfers and obligations in respect of the Exchange Transaction may be subject to avoidance under state fraudulent transfer laws or if we become the subject of a bankruptcy proceeding if a court concludes that we issued the

New Notes, or granted the liens securing such indebtedness, or made the Cash Payments for less than reasonably equivalent value or fair consideration, other elements of the statutes are satisfied, and no applicable defense exists. Here, we will not receive any cash proceeds from the Exchange Transaction. A court may find that the tender of the Old Notes does not constitute reasonably equivalent value or fair consideration for the interests in the New Notes and Cash Payments.

If a bankruptcy petition were filed by or against us, a Holder of the New Notes may have its claims allowed in a lesser amount than the face amount of its claims under the indenture.

If a bankruptcy petition were filed by or against us under the U.S. Bankruptcy Code after the consummation of the Exchange Transaction, the allowed claim of any Holder of the New Notes for the principal amount of such indebtedness may be limited to an amount equal to the sum of:

- the original issue price for the New Notes; and
- that portion of the original issue discount that does not constitute "unmatured interest" for purposes of the U.S. Bankruptcy Code, if any.

Bankruptcy courts have not developed a uniform method for determining the original issue price of indebtedness in an exchange offer. Rather, the facts and circumstances of the particular issuance appear to dictate how the original issue price of indebtedness is determined. Measures of the original issue price of indebtedness in an exchange offer have included the fair market value of the notes being exchanged (i.e., old notes) at the time of the exchange and the selling price of the issued indebtedness on their first day of trading. The U.S. Bankruptcy Court for the Southern District of New York ruled that unamortized original issue discount generated by a fair value debt exchange would not be disallowed in bankruptcy as a claim for un-matured interest. However, this decision may be subject to appeal and is not binding on courts in other jurisdictions. Accordingly, any original issue discount that was not amortized as of the date of the bankruptcy filing may be disallowed as un-matured interest in bankruptcy. Thus, a Holder of New Notes under these circumstances may have its claims allowed in a lesser amount than the face amount of its claims would be under the terms of the indenture, even if sufficient funds are available to pay the Holder the unamortized portion of any original issue discount as of the bankruptcy filing.

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require debtholders to return payments received or prevent debtholders from receiving payments.

If we or a guarantor becomes a debtor in a case under the Bankruptcy Code or encounters other financial difficulty, under federal bankruptcy law and comparable provisions of state fraudulent transfer laws, a court may void, subordinate or otherwise decline to enforce the New Notes, a guarantee may be voided, or claims in respect of a guarantee may be subordinated to all other debts of that guarantor. The guarantees may be voided as fraudulent transfers if the guarantor, at the time it incurred the indebtedness evidenced by its guarantee, received less than reasonably equivalent value or fair consideration for the incurrence of such guarantee; and

- was insolvent or rendered insolvent by reason of such incurrence; or
- was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

The court might also avoid such guarantee, without regard to the above factors, if it found that the subsidiary entered into its guarantee with actual or deemed intent to hinder, delay, or defraud its creditors. A court would likely find that a guarantor did not receive reasonably equivalent value or fair consideration for its guaranty and security agreements if the guarantor did not substantially benefit directly or indirectly from the issuance of the New Notes. Because the guarantees are for our benefit and only indirectly for the

benefit of the guarantors, a court could conclude that the guarantors received less than fully equivalent value.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets; or

- if the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they become due.

Each guaranty contains a provision intended to limit the guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guaranty to be a fraudulent transfer. This provision may not be effective to protect the guaranties from being voided under fraudulent transfer law, or may reduce or eliminate the guarantor's obligation to an amount that effectively makes the guaranty worthless.

We cannot assure you as to what standard a court would apply in making these determinations or that a court would agree with our conclusions in this regard. Sufficient funds to repay the New Notes may not be available from other sources, including Arch or the remaining guarantors, if any. If a court avoided such guarantee, you would no longer have a claim against such subsidiary or the collateral granted by such subsidiary to secure its guarantee. In addition, the court might direct you to repay any amounts already received from such subsidiary. If the court were to avoid any guarantee, we cannot assure you that funds would be available to pay the related indebtedness from another subsidiary or from any other source.

In the event of our bankruptcy, the ability of Holders to realize upon the collateral will be subject to certain bankruptcy law limitations.

The ability of Holders of New Notes to realize upon the collateral will be subject to certain bankruptcy law limitations in the event of our bankruptcy. Under applicable U.S. federal bankruptcy laws, secured creditors are prohibited from, among other things, repossessing their security from a debtor in a bankruptcy case, or from disposing of security repossessed from such a debtor, without bankruptcy court approval, which may not be obtained. Moreover, applicable federal bankruptcy laws generally permit the debtor to continue to retain collateral, including cash collateral, even though the debtor is in default under the applicable debt instruments, provided that the secured creditor is given "adequate protection." During the pendency of a bankruptcy case, a secured creditor may be entitled to request "adequate protection" to protect the value of the secured creditor's interest in its collateral, but the adequate protection, if any, actually provided to a secured creditor may vary according to the circumstances. Adequate protection may include cash payments or the granting of additional security. Following notice and a hearing, the bankruptcy court may award adequate protection to secured creditors based upon diminution in value of the collateral as a result of the debtor's use, sale or lease of such collateral during the pendency of the bankruptcy case or the imposition of the automatic stay. In view of the lack of a precise definition of the term "adequate protection" and the broad discretionary powers of a U.S. bankruptcy court, we cannot predict whether or when the collateral and administrative agent under the indenture governing the New Notes could foreclose upon or sell the collateral.

Any disposition of the collateral during a bankruptcy case would also require permission from the bankruptcy court. Furthermore, in the event a bankruptcy court determines the value of the collateral is not sufficient to repay all amounts due on debt which is to be repaid first out of the proceeds of collateral, the Holder would hold a secured claim to the extent of the value of such collateral to which the Holder is entitled and unsecured claims with respect to such shortfall. The Bankruptcy Code only permits the payment and accrual of post-petition interest, costs and attorney's fees to a secured creditor during a

debtor's bankruptcy case to the extent the value of its collateral is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the collateral.

The New Notes will have a later maturity than the Old Notes.

If the Exchange Transaction is completed, the New Notes will have a later maturity than the Old Notes. Holders of New Notes will be exposed to the risk of nonpayment for a longer period than the holders of Old Notes that remain outstanding. For example, following the maturity date of the Old Notes, but prior to the maturity date of the New Notes, Arch may become subject to a bankruptcy or similar proceeding. If such a proceeding were to occur, holders of Old Notes may be paid in full at maturity, while there is a risk that the holders of New Notes would not be paid in full in connection with any bankruptcy or similar proceeding.

An active trading market may not develop for the New Notes.

The New Notes are a new issuance of securities. There is no established public trading market for the New Notes, and an active trading market may not develop. We do not intend to apply for the New Notes to be listed on any securities exchange. There may be limited liquidity of any trading market that does develop for the New Notes. In addition, the liquidity of the trading market in the New Notes, and the market prices quoted for such securities, may be adversely affected by changes in the overall market for this type of instrument and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. The Old Notes are trading at a discount and the New Notes may trade at a discount to their face value as well. As a consequence, an active trading market may not develop for the New Notes, Holders may not be able to sell their securities, or, even if they can sell their securities, they may not be able to sell them at acceptable prices.

You are responsible for determining the legality of your own investment.

Investing in the New Notes may raise legal issues for different classes of investors. You are responsible for determining whether you have the legal power, authority and right to invest in the New Notes. Arch and its affiliates express no view as to your legal power, authority or right to invest in the New Notes. You are urged to consult your own legal advisors as to such matters. You must be able to make the representations and warranties contained in the Exchange Agreement.

Risks Related to the Collateral Securing the New Notes

It may be difficult to realize the value of the collateral securing the New Notes.

The collateral securing the New Notes will be subject to any and all exceptions, defects, encumbrances, liens and other imperfections as may be accepted by the administrative agent, in its reasonable discretion, for the New Notes and any other creditors that also have the benefit of liens on the collateral securing the New Notes from time to time, whether on or after the date the New Notes are issued (including exceptions, defects, encumbrances, liens and other imperfections as may be accepted by the administrative agents or collateral agent, in their reasonable discretion, under our existing senior secured credit facilities). We have not analyzed the effect of, nor

participated in any negotiations relating to, such exceptions, defects, encumbrances, liens and other imperfections. The existence of any such exceptions, defects, encumbrances, liens and other imperfections could adversely affect the value of the collateral securing the New Notes as well as the ability of the collateral agent, to realize or foreclose on such collateral.

The collateral securing the New Notes does not include all of our or the guarantors' assets. In particular, the collateral does not include (i) certain undeveloped land, (ii) vehicles or other assets subject to certificates of title that do not secure first lien obligations, (iii) assets which, in the discretion of the administrative agent under our senior secured credit facility, the taking of liens thereupon is impractical, prohibited by law or commercially unreasonable, (iv) assets of any non-guarantor subsidiary and (v) capital stock or other securities of any of our foreign subsidiaries (except for 65% of the capital stock or other securities in any first-tier foreign subsidiaries). No appraisals of any collateral have been prepared in connection with the Exchange Transaction. The value of the collateral at any time will depend on market and other economic conditions, including the availability of suitable buyers. By their nature, some or all of the pledged assets may be illiquid and may have no readily ascertainable market value. The fair market value of the collateral as of the date of this notice may not exceed the principal amount of the debt secured thereby. The value of the assets pledged as collateral for the New Notes could be impaired in the future as a result of changing economic conditions, our failure to implement our business strategy, competition and other future trends. Any claim for the difference between the amount, if any, realized from the sale of the collateral will rank equal in right of payment with all of our other unsecured unsubordinated indebtedness and other obligations, including trade payables. Additionally, in the event that a bankruptcy case is commenced by or against us, if the value of the collateral is less than the amount of principal and accrued and unpaid interest on the New Notes and our first lien obligations, including the debt under our senior secured credit facility, interest may cease to accrue on the New Notes from and after the date the bankruptcy petition is filed.

In the future, the obligation to grant additional security over assets, or a particular type or class of assets, whether as a result of the acquisition or creation of future assets or subsidiaries, the designation of a previously unrestricted subsidiary or otherwise, is subject to the agreement governing our senior secured credit facility and related security documents. These agreements set out a number of limitations on the rights of the lenders under the senior secured credit facility to require assets to be pledged as collateral in certain circumstances, which may result in, among other things, the amount recoverable under any security provided by us or any guarantor being limited and/or security not being granted over a particular type or class of assets. Accordingly, this may affect the value of the security provided by us and the guarantors.

The security interest of the collateral agents will be subject to practical problems generally associated with the realization of security interests in collateral. For example, the collateral agents may need to obtain the consent of a third party to obtain or enforce a security interest in a contract. We cannot assure you that the collateral agents will be able to obtain any such consent. We also cannot assure you that the consents of any third parties will be given when required to facilitate a foreclosure on such assets. Accordingly, the collateral agents may not have the ability to foreclose upon those assets, and the value of the collateral may significantly decrease.

The imposition of certain permitted liens will cause the assets on which such liens are imposed to be excluded from the collateral securing the New Notes and the guarantees. There are also certain other assets that are also excluded from the collateral.

The collateral securing the New Notes may be subject to existing permitted liens. The indenture governing the New Notes (as well as our other debt agreements) also will permit liens in favor of third parties to secure additional debt, including purchase money indebtedness and capitalized lease obligations, and any assets subject to such liens will be automatically excluded from the collateral securing the New Notes to the extent the agreements governing such indebtedness prohibit additional liens. In addition, certain categories of assets, such as certain undeveloped land, vehicles or other assets subject to certificates of title that do not secure first lien obligations, assets of any non-guarantor subsidiary and capital stock or other securities of any of our foreign subsidiaries (except for 65% of the capital stock or other securities in any first-tier foreign subsidiaries), are excluded from the collateral securing the New Notes. If an event of default occurs and our payment obligations with respect to the New Notes are accelerated, the New Notes will rank equally in right with the Holders of other unsubordinated and unsecured indebtedness and other liabilities of the

relevant entity with respect to such excluded assets. As a result, if the value of the assets securing the New Notes (taking into account any secured indebtedness with a prior security interest on such asset) is less than the aggregate amount of the claims of the Holder, the Holder may not receive any substantial recovery from the excluded assets.

The New Notes will be secured by liens that rank junior to the liens securing our senior secured credit facility.

The New Notes will be secured by liens that rank junior in priority to the liens securing our senior secured credit facility. The effect of this subordination is that upon a default in payment on, or the acceleration of, any obligations under our senior secured credit facility, or in the event of our bankruptcy, insolvency, liquidation, dissolution, reorganization or similar proceeding, the proceeds on the sale of the collateral will be available to pay holders of the New Notes only after all obligations under our senior secured credit facility have been paid in full. As a result, if the value of the proceeds on the sale of the collateral is less than the value of the claims of the Holders of the New Notes, those claims may not be satisfied in full.

The collateral agent for the New Notes will not control decisions regarding the collateral even after repayment in full of our existing loans.

The Holders of the New Notes will be governed by, and materially limited by, intercreditor agreements. The holders of first priority lien obligations will control substantially all matters related to the collateral. As a result, the collateral agent for the first priority lien obligations could decide not to proceed against the collateral, regardless of whether or not there is a default under the credit agreement governing such first priority lien obligations. In such event, the only remedy available to Holders of the New Notes would be to sue for payment on the notes and the guarantees. In addition, the holders of the New Notes will waive a number of other important rights that would otherwise accrue to a secured creditor in bankruptcy, including the right to seek adequate protection and to object to DIP financings.

Your rights in the collateral may be adversely affected by the failure to perfect security interests in collateral.

Applicable law provides that a security interest in certain tangible and intangible assets can be properly perfected and its priority retained only through certain actions undertaken by the secured party. The liens securing the New Notes may not be perfected if the collateral agent is not able to take the actions

necessary to perfect any of these liens at or prior to the date of the indenture governing the New Notes. There can be no assurance that the collateral agent on behalf of the Holders of our existing notes has taken all actions necessary to create properly perfected security interests in the collateral securing the New Notes. In addition, applicable law provides that certain property and rights acquired after the grant of a general security interest, such as real property, equipment subject to a certificate and certain proceeds, can only be perfected at the time such property and rights are acquired and identified. We and the guarantors have limited obligations to perfect the lenders' security interest in specified collateral. There can be no assurance that the collateral agent for the New Notes will monitor the future acquisition of property and rights that constitute collateral, and that the necessary action will be taken to properly perfect the security interest in such after-acquired collateral. The collateral agent for the New Notes has no obligation to monitor the acquisition of additional property or rights that constitute collateral or the perfection of any security interest. Such failure may result in the loss of the security interest in the collateral or the priority of the security interest in favor of the New Notes against third parties.

Security over all of the collateral may not be in place upon the date of issuance of the New Notes.

Certain security interests may not be in place on the date of the issuance of the New Notes or may be not perfected on such date. For example, with respect to Collateral perfected by mortgages, Arch will be required to use commercially reasonable efforts to execute and record amendments to record such security interests as soon as practicable following the Issue Date, but in any event no later than 180 days after the date of the issuance of the New Notes. Any issues that we are unable to resolve in connection with

the recordation of such security interests may negatively impact the value of the collateral. To the extent a security interest in certain collateral is perfected following the date of issuance of the New Notes, it might be avoidable in bankruptcy.

If we or any guarantor were to become subject to a bankruptcy proceeding after the date of the issuance of the New Notes, any mortgage delivered after the issue date of the notes would face a greater risk of being invalidated than if we had delivered it at the issue date. If a mortgage is delivered after the issue date, it will be treated under bankruptcy law as if it were delivered to secure previously existing debt, which is materially more likely to be avoided as a preference by the bankruptcy court than if the mortgage were delivered and promptly recorded at the time of the issuance of the New Notes. To the extent that the grant of any such mortgage is avoided as a preference, you would lose the benefit of the security interest in the core property that the mortgage was intended to provide.

There are circumstances, other than repayment or discharge of the New Notes, under which the collateral securing the New Notes and guarantees will be released automatically, without your consent.

Under various circumstances, all or a portion of the collateral may be released. In addition, a guarantee of the New Notes will be released in connection with a sale or merger of the applicable guarantor in a transaction not prohibited by the indenture.

The indenture will also permit us to designate one or more of our restricted subsidiaries that is a guarantor of the New Notes as an unrestricted subsidiary. If we designate a subsidiary guarantor as an unrestricted subsidiary, all of the liens on any collateral owned by such subsidiary or any of its subsidiaries and any guarantees of the New Notes by such subsidiary or any of its subsidiaries will be released under the indenture. Designation of an unrestricted subsidiary will reduce the aggregate value of the collateral securing the New Notes to the extent that liens on the assets of the unrestricted subsidiary and its subsidiaries are released. In addition, the creditors of the restricted subsidiary and its subsidiaries will have a senior claim on the assets of such unrestricted subsidiary and its subsidiaries.

No title insurance reports or policies will be delivered to the collateral agent in connection with the mortgages securing the New Notes. There will be no independent assurance, therefore, among other things, that there are no liens other than those permitted by the indenture encumbering such real properties.

No title insurance will be obtained with respect to the mortgaged properties securing the New Notes. As a result, there is and will be no independent assurance that, among other things, (i) the real property interests encumbered by the mortgages includes all of the property interests owned by us and our subsidiaries that we intended to include, (ii) that our title (or that of our subsidiaries) to such owned real property interests is not encumbered by liens and other defects not permitted by the indenture and (iii) no unpaid taxes, encroachments, adverse possession claims, zoning or other restrictions exist with respect to such owned real property interests which could result in a material adverse effect on the value or utility of such owned real property interests. Consequently, one or more of the mortgages securing the New Notes may need to be amended in the future in the event a discrepancy in the description of the real estate is discovered and/or we may need to take remedial action to resolve other matters that are disclosed by current title and lien searches.

State law may limit the ability of the collateral agent to foreclose on real property and improvements included in the collateral securing the New Notes.

The New Notes will be secured by, among other things, liens on real property and improvements located in various states. State laws may limit the ability of the collateral agent to foreclose on the improved real property collateral located therein. State laws govern the perfection, enforceability and foreclosure of mortgage liens against real property which secure debt obligations such as the New Notes. These laws may impose procedural requirements for foreclosure different from and necessitating a longer time period for completion than the requirements for foreclosure of security interests in personal property.

Debtors may have the right to reinstate defaulted debt (even if it has been accelerated) before the foreclosure date by paying the past due amounts and a right of redemption after foreclosure. Governing law may also impose security first and one form of action rules, which rules can affect the ability to foreclose or the timing of foreclosure on real and personal property collateral securing the New Notes regardless of the location of the collateral securing the New Notes and may limit the right to recover a deficiency following a foreclosure.

The collateral agent for the New Notes also may be limited in its ability to enforce a breach of the "no liens" covenant. Some decisions of certain state courts have placed limits on a lender's ability to accelerate debt as a result of a breach of this type of a covenant. Under these decisions, a lender seeking to accelerate debt secured by real property upon breach of covenants prohibiting the creation of certain junior liens or leasehold estates may need to demonstrate that enforcement is reasonably necessary to protect against impairment of the lender's security or to protect against an increased risk of default. Although the

foregoing court decisions may have been preempted, at least in part, by certain federal laws, the scope of such preemption, if any, is uncertain. Accordingly, a court could prevent the collateral agent for the New Notes from declaring a default and accelerating the New Notes by reason of a breach of this covenant, which could have a material adverse effect on the ability of Holders of the New Notes to enforce the covenant.

The collateral is subject to casualty risks.

Although we maintain insurance policies to insure against losses, there are certain losses that may be either uninsurable or not economically insurable, in whole or in part. As a result, it is possible that the insurance proceeds will not compensate us fully for our losses in the event of a catastrophic loss. We cannot assure you that any insurance proceeds received by us upon the total or partial loss of the pledged collateral will be sufficient to satisfy all of our secured obligations, including the New Notes.

In the event of a total or partial loss to any of the pledged collateral, certain items such as equipment, fixtures and other improvements and inventory may not be easily replaced. Accordingly, even though there may be insurance coverage, the extended period needed to manufacture or construct replacement of such items could cause significant delays.

Any future pledge of collateral might be avoidable in bankruptcy.

Any future pledge of collateral in favor of the collateral agent might be avoidable by the pledgor (as debtor-in-possession) or by its trustee in bankruptcy if certain events or circumstances exist or occur, including, among others, if the pledgor is insolvent at the time of the pledge, the pledge permits the Holders of the New Notes to receive a greater recovery than if the pledge had not been given and a bankruptcy proceeding in respect of the pledgor is commenced within 90 days following the pledge or, in certain circumstances, a longer period.

We may incur additional debt that is secured by the collateral for the New Notes on a senior or parity lien basis, which may dilute the security interest of the Holders in the collateral.

The indenture that will govern the New Notes will allow us to secure any debt that we are permitted to incur on a parity lien basis with an equal and ratable security interest in the collateral securing the New Notes offered hereby and other notes secured by pari passu liens which will be offered in the concurrent exchange transactions. In addition, our senior secured credit facilities permit us to incur additional debt secured by first priority liens on the collateral securing the New Notes. These liens will rank senior to the liens securing the New Notes being offered in the Exchange Transaction. In addition, the terms of the New Notes will permit us, subject to certain limitations, to incur additional secured debt ranking equally with, or senior to, the liens securing the New Notes. To the extent any additional senior or parity liens are granted in the future, it will dilute the interests of the New Notes issued hereby in the collateral.

The security over the collateral will not be granted directly to the Holders of the New Notes.

The security interests in the collateral that will secure the obligations of Arch and the guarantors under the New Notes will not be granted directly to the Holders of such indebtedness but will be granted

14

only in favor of the collateral agent on behalf of the Holders of the New Notes. As a consequence, the Holders of the New Notes will not be entitled to take enforcement action in respect of the collateral, except through the collateral agent.

Annex E

[Certain U.S. Federal Income Tax Considerations]

ANNEX E-1

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion summarizes certain U.S. federal income tax considerations to U.S. Holders and Non-U.S. Holders (each term as defined below and, in the aggregate, referred to as “holders”) relating to (i) the exchange of 2020 Notes for the New Notes and cash pursuant to the Exchange Transactions (the “Exchange”), (ii) the adoption of the proposed amendments to the 2020 Notes (as described in the Exchange Agreement) and (iii) the ownership and disposition of the New Notes acquired in the Exchange.

This summary does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including alternative minimum tax or Medicare tax on net investment income consequences, as well as differing tax consequences that may apply if you are, for instance:

- a financial institution;
- a regulated investment company;
- a dealer or trader in securities that uses a mark-to-market method of tax accounting;
- holding 2020 Notes or New Notes as part of a “straddle” or integrated transaction;

- a U.S. Holder (as defined below) whose functional currency is not the U.S. dollar;
- a tax-exempt entity; or
- a partnership for U.S. federal income tax purposes.

If you are a partnership for U.S. federal income tax purposes, the U.S. federal income tax treatment of your partners will generally depend on the status of the partners and your activities.

This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof (the “Code”), administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, changes to any of which subsequent to the date hereof may affect the tax consequences described herein. This summary assumes that the 2020 Notes and New Notes are and will be held as capital assets for U.S. federal income tax purposes. This summary does not address any aspect of U.S. state, local, gift or estate, or non-U.S. taxation, or any taxes other than income taxes. You should consult your tax adviser with regard to the application of the U.S. federal tax laws to your particular situation, as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

TAX CONSEQUENCES TO U.S. HOLDERS

This section applies to you if you are a U.S. Holder. You are a U.S. Holder if for U.S. federal income tax purposes you are a beneficial owner of a 2020 Note or New Note and are:

- a citizen or individual resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state therein or the District of Columbia; or
- an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

Treatment of the Exchange for Participating U.S. Holders

The U.S. federal income tax consequences of the Exchange will depend in part on whether the differences in the terms of the New Notes received as compared to the 2020 Notes being exchanged therefor constitutes a “significant modification” of the 2020 Notes. Under Treasury Regulations, the modification of a debt instrument (including any exchange of debt instruments) generally is a significant modification if, based on the facts and circumstances and taking into account all modifications of the debt instrument collectively, the legal rights or obligations that are altered and the degree to which they are altered are “economically significant.” The Treasury Regulations provide that a modification of a debt instrument that adds, deletes or alters customary accounting or financial covenants is not a significant modification. A modification will, however, be treated as a significant modification if it results in a sufficient change in the yield of the debt. Based on the change of yield, we expect the Exchange to be treated as a significant modification.

If the Exchange is treated as a significant modification of the 2020 Notes, a U.S. Holder that participates in the Exchange will recognize gain or loss on the Exchange unless the Exchange is treated as a recapitalization for U.S. federal income tax purposes. The Exchange will be treated as a recapitalization if both the 2020 Notes and the New Notes constitute “securities” within the meaning of the provisions of the Code governing reorganizations. This, in turn, depends upon the terms and conditions of, and other facts and circumstances relating to, the 2020 Notes and the New Notes, and upon the application of numerous judicial decisions. Most authorities have held that the term to maturity of the debt instrument is one of the most significant factors. In this regard, debt instruments with a term of ten years or more generally have qualified as securities, whereas debt instruments with a term of less than five years generally have not qualified as securities. Although the matter is not free from doubt because of the absence of authority that is directly on point, we intend to take the position that the Exchange qualifies as a recapitalization for U.S. federal income tax purposes.

Assuming that the Exchange is treated as a recapitalization, a participating U.S. Holder will recognize gain, but not loss, equal to the excess of the sum of the issue price (determined as described below under “Ownership of the New Notes—Issue Price”) of the New Notes and cash received in consideration for the 2020 Notes (other than amounts attributable to accrued interest, which will be treated as a payment of interest) over the holder’s adjusted tax basis in the 2020 Notes, but in no event will the gain recognized exceed the amount of cash received in consideration for the 2020 Notes (excluding cash attributable to accrued interest). It is unclear what portion of the consideration received by holders should be treated as attributable to accrued but unpaid interest on the 2020 Notes. As noted below under “Treatment of Additional Payments to Participating U.S. Holders,” we intend to take the position that the additional amounts paid to U.S. Holders who exchange the 2020 Notes before 5:00 p.m. New York City time on July 16, 2015 are additional consideration received for the 2020 Notes, though the tax treatment of these payments is uncertain. Except with respect to any portion of a New Note received that is attributable to accrued interest, a U.S. Holder will have a tax basis in the New Note received equal to such holder’s adjusted tax basis in the 2020 Note exchanged therefor, reduced by the amount of cash (other than cash attributable to accrued interest) received in consideration for the 2020 Note and increased by the gain, if any, recognized. A U.S. Holder’s tax basis in the portion of a New Note that is attributable to accrued interest will equal its fair market value at the time of the Exchange. A U.S. Holder’s holding period in the New Note will include the period of time during which the holder held the 2020 Note, except that the U.S. Holder’s holding period in the portion of a New Note that is attributable to accrued interest will begin the day after the day of the Exchange. In addition, any market discount on the 2020 Notes prior to the Exchange would survive the Exchange, although some or all of the market discount could effectively be converted into original issue discount, as described below.

If the Exchange fails to qualify as a recapitalization, a U.S. Holder would generally recognize gain or loss equal to the difference, if any, between the amount realized on the Exchange and the U.S. Holder’s adjusted tax basis in the 2020 Notes. The amount realized would be equal to the issue price (determined as described below under “Ownership of the New Notes—Issue Price”) of the New Notes plus the cash received in consideration for the 2020 Notes. For these purposes, the amount realized does not include any amount attributable to accrued interest on the 2020 Notes. A U.S. Holder would recognize ordinary interest

income to the extent that New Notes and cash received in the Exchange are attributable to accrued interest on the 2020 Notes that has not previously been included in income. A U.S. Holder's holding period for a New Note received in the Exchange would commence on the date immediately following the date of the Exchange and the U.S. Holder's initial tax basis in the New Note received would be the issue price of the New Note (determined as described below under "Ownership of the New Notes—Issue Price"). If the Exchange is treated as a wash sale within the meaning of Section 1091 of the Code, a U.S. Holder would not be allowed to currently recognize any loss resulting from the Exchange. Instead, such loss would be deferred, and would be reflected as an increase in the basis of the New Notes. U.S. Holders should consult their own advisers regarding whether the Exchange may be subject to the wash sale rules.

Subject to the application of the market discount rules discussed in the paragraph immediately below, any gain or loss would be capital gain or loss, and would be long term capital gain or loss if at the time of the Exchange the 2020 Notes have a holding period of more than one year. The deduction of capital losses for U.S. federal income tax purposes is subject to limitations.

If a U.S. Holder holds 2020 Notes acquired at a "market discount," any gain recognized by the U.S. Holder in the Exchange would be recharacterized as ordinary income to the extent of the accrued market discount that had not previously been included as ordinary income.

Treatment of Additional Payments to Participating U.S. Holders

The law is unclear with respect to the tax treatment of additional amounts paid to U.S. Holders who exchange the 2020 Notes before 5:00 p.m. New York City time on July 16, 2015. The receipt of such amounts may be treated either as additional consideration received in exchange for the 2020 Notes or as separate consideration for consenting to the proposed amendments, in which case the payments would constitute ordinary income to the holder. We intend to treat such payments as additional consideration paid in exchange for the 2020 Notes. U.S. Holders are urged to consult their tax advisers regarding the proper characterization and treatment of such payments for U.S. federal income tax purposes.

Treatment of the Adoption of the Proposed Amendments to Non-Participating U.S. Holders

The U.S. federal income tax consequences of the adoption of the proposed amendments to a U.S. Holder who continues to hold 2020 Notes after the Exchange Transactions will depend on whether or not, under Treasury Regulations, the adoption of the amendments results in a "significant modification" of the 2020 Notes, as described above under "Treatment of the Exchange for Participating U.S. Holders." We intend to take the position that the adoption of the proposed amendments is not a significant modification. If, however, the adoption of the proposed amendments is treated as a significant modification, the tax consequences would depend on whether the resulting deemed exchange is treated as a recapitalization for U.S. federal income tax purposes or a taxable exchange, as described above under "Treatment of the Exchange for Participating U.S. Holders."

Ownership of the New Notes

Contingent Payments. There are circumstances in which we might be required to make payments on the New Notes that would increase the yield of the New Notes, for instance, as described under "Description of New Notes—Repurchase at the Option of Holders Upon a Change of Control." We intend to take the position that the possibility of such payments does not result in the New Notes being treated as contingent payment debt instruments under the applicable Treasury Regulations. Our position is not binding on the IRS. If the IRS takes a contrary position, a holder of a New Note may be required to accrue interest income based upon a "comparable yield" (as defined in the Treasury Regulations) determined at the time of issuance of the New Notes, with adjustments to such accruals when any contingent payments are made that differ from the payments based on the comparable yield. In addition, any income on the sale, exchange, retirement or other taxable disposition of the New Notes would be treated as interest income rather than as capital gain. You should consult your tax adviser regarding the tax consequences if the New Notes were treated as contingent payment debt instruments. The remainder of this discussion assumes that the New Notes are not treated as contingent payment debt instruments.

Issue Price. If there has been a significant modification of the 2020 Notes, the issue price of a New Note received in the Exchange will equal the New Note's fair market value at the time of the Exchange (reduced by the amount of any pre-acquisition accrued interest, as described under "Pre-Acquisition Accrued Interest" below) if the New Notes are considered to be "publicly traded" within the meaning of the applicable Treasury Regulations. It is expected that the New Notes will be considered "publicly traded" for U.S. federal income tax purposes.

Payments of Interest. Stated interest paid on the New Notes (other than any portion of the first interest payment treated as a return of pre-acquisition accrued interest, as described under "Pre-Acquisition Accrued Interest" below) will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes.

Pre-Acquisition Accrued Interest. If a U.S. Holder receives the New Notes after the Early Closing Date (as defined in the Exchange Agreement), a portion of the New Notes exchanged for the 2020 Notes may be allocable to interest that accrued prior to that date (the "pre-acquisition accrued interest"). A U.S. Holder may take the position that, on the first interest payment date, a portion of the interest received in an amount equal to the pre-acquisition accrued interest should be treated as a return of the pre-acquisition accrued interest and not as a payment of interest on the New Notes. Amounts treated as a return of pre-acquisition accrued interest should not be taxable when received. It is not clear in such instance whether to exclude the amount attributable to pre-acquisition accrued interest from a U.S. Holder's basis, or to reduce a U.S. Holder's basis by the amount of pre-acquisition accrued interest when it is received.

Original Issue Discount. If, as is expected, the principal amount of the New Notes exceeds the issue price by an amount that does not satisfy a *de minimis* test, the excess will be treated as "original issue discount" ("OID") for U.S. federal income tax purposes.

A U.S. Holder will be required to include OID in income for U.S. federal income tax purposes as it accrues, in accordance with a constant-yield method, before the receipt of cash payments attributable to this income. Under this method, a U.S. Holder generally will be required to include in income increasingly greater amounts of OID in successive accrual periods.

A U.S. Holder may make an election to include in income all interest that accrues on the New Notes (including stated interest, acquisition discount, OID, *de minimis* OID, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortizable bond premium or acquisition premium) in accordance with a constant-yield method based on the compounding of interest.

AHYDO. It is expected that the New Notes will be “applicable high yield discount obligations” (“AHYDOs”), as defined in the Code, because it is expected that the yield to maturity of such New Notes will exceed the “applicable Federal rate” in effect at the time of their issuance plus five percentage points. If the New Notes are AHYDOs, under the rules applicable to AHYDOs, all or a portion of the OID that accrues on the New Notes will not be deductible by Arch. To the extent that the non-deductible portion of OID would have been treated as a dividend if it had been distributed with respect to Arch’s stock, it will be treated as a dividend to holders of the New Notes for purposes of the rules relating to the dividends-received deduction for U.S. corporate holders.

Market Discount. If a U.S. Holder’s tax basis in a New Note received in an Exchange is less than the issue price of the New Note, the amount of the difference will be treated as market discount for U.S. federal income tax purposes, unless this difference is less than a specified *de minimis* amount.

If a New Note has market discount, a U.S. Holder generally will be required to treat any principal payment, any payment that is not stated interest or any gain on the sale or other taxable disposition of the New Note as ordinary income to the extent of the market discount accrued on the New Note at the time of the payment or disposition unless the U.S. Holder has previously included this market discount in income. If a U.S. Holder disposes of a New Note with respect to which there is market discount on the New Note in one of certain nontaxable transactions, accrued market discount will be includible as ordinary income as if the U.S. Holder had sold the New Note in a taxable transaction at its then fair market value. In addition, a

4

U.S. Holder may be required to defer, until the maturity of the New Note or its earlier disposition (including in one of certain nontaxable transactions), the deduction of all or a portion of the interest expense on any indebtedness incurred or maintained to purchase or carry the New Note.

Acquisition Premium. If a U.S. Holder’s tax basis in a New Note received in the Exchange is greater than the issue price of the New Note but less than or equal to the New Note’s principal amount, the holder will be considered to have acquired the New Note at an acquisition premium. Under the acquisition premium rules, the amount of OID that the holder must include in gross income with respect to the New Note for any taxable year will be reduced by the portion of acquisition premium properly allocable to that year.

Amortizable Bond Premium. If a U.S. Holder’s tax basis in a New Note received in the Exchange is greater than the principal amount of the New Note (disregarding any pre-acquisition accrued interest), the U.S. Holder will be considered to have acquired the New Note with amortizable bond premium, in an amount equal to such excess. A U.S. Holder may elect to amortize this bond premium, using a constant-yield method, over the remaining term of the New Note. Because of the optional redemption feature of the New Notes, the value of the amortizable bond premium may be adversely affected. A U.S. Holder generally may use the amortizable bond premium allocable to an accrual period to offset stated interest otherwise required to be included in income with respect to the New Notes in that accrual period. In addition, a U.S. Holder will not be required to include any OID in income with respect to the New Notes. An election to amortize bond premium applies to all taxable debt obligations then owned or thereafter acquired and may be revoked only with the consent of the IRS.

If a U.S. Holder makes a constant-yield election (as described under “Original Issue Discount” above) for the New Notes with amortizable bond premium, that election will result in a deemed election to amortize bond premium for all of the U.S. Holder’s debt instruments with amortizable bond premium, and may be revoked only with the permission of the IRS with respect to debt instruments acquired after revocation.

Sale, Exchange or Retirement. Upon the sale, exchange or retirement of a New Note, a U.S. Holder will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the U.S. Holder’s adjusted tax basis in the New Note. For these purposes, the amount realized does not include any amount attributable to accrued interest, which is treated as described under “Payments of Interest” above. A U.S. Holder’s adjusted tax basis in a New Note will equal the holder’s initial tax basis in the New Note, increased by the amounts of any market discount and OID that the U.S. Holder previously included in income with respect to the New Note and reduced by any amortized premium and any principal payments received and by the amounts of any other payments other than stated interest. Except as described in this paragraph, gain or loss recognized on the sale, exchange or retirement of a New Note will generally be capital gain or loss and will be long term capital gain or loss if at the time of sale, exchange or retirement the U.S. Holder’s holding period for the New Note is more than one year. Exceptions to this general rule apply to the extent of any accrued market discount not previously included in the U.S. Holder’s taxable income. See “—Market Discount” above.

Backup Withholding and Information Reporting. Information returns are required to be filed with the IRS in connection with the Exchange, payments on the New Notes and the proceeds from a sale or other disposition of the New Notes, unless the U.S. Holder is an exempt recipient. A U.S. Holder may also be subject to backup withholding on payments in the Exchange and payments in respect of the New Notes unless the holder provides its taxpayer identification number and otherwise complies with applicable requirements of the backup withholding rules or the U.S. Holder provides proof of an applicable exemption. Amounts withheld under the backup withholding rules are not additional taxes and may be refunded or credited against a U.S. Holder’s U.S. federal income tax liability, *provided* the required information is timely furnished to the IRS.

TAX CONSEQUENCES TO NON-U.S. HOLDERS

This section applies to you if you are a Non-U.S. Holder. You are a Non-U.S. Holder if for U.S. federal income tax purposes you are a beneficial owner of a 2020 Note or a New Note that is:

5

- a nonresident alien individual;
- a foreign corporation; or
- a foreign estate or trust.

You are not a Non-U.S. Holder if you are a nonresident alien individual present in the United States for 183 days or more in the taxable year of disposition, or if you are a former citizen or former resident of the United States, in either of which cases you should consult your tax adviser regarding the U.S. federal income tax consequences of owning or disposing of a 2020 Note or a New Note.

Treatment of Additional Payments to Participating Non-U.S. Holders

As described above under “Tax Consequences to U.S. Holders — Treatment of Additional Payments to Participating U.S. Holders,” the law is unclear with respect to the tax treatment of additional consideration paid to holders who tender the 2020 Notes before 5:00 p.m. New York City time on July 16, 2015. We intend to treat such payments as additional consideration paid in exchange for the 2020 Notes. However, the payments could be seen as separate consideration for consenting to the proposed amendments, in which case the payments may be subject to U.S. withholding tax at a 30% rate (or lower applicable treaty rate). Non-U.S. Holders are urged to consult their tax advisers regarding the proper characterization and treatment of such payments for U.S. federal income tax purposes.

Ownership or Disposition of New Notes and Exchange of 2020 Notes

Payments on the New Notes. Subject to the discussion below under “FATCA,” payments of principal and interest (including OID) on the New Notes by Arch or any paying agent to a Non-U.S. Holder will not be subject to U.S. federal income or withholding tax, *provided* that, in the case of interest,

- the holder does not own, actually or constructively, ten percent or more of the total combined voting power of all classes of stock of Arch entitled to vote;
- the holder is not a controlled foreign corporation related, directly or indirectly, to Arch through stock ownership;
- the holder certifies on a properly executed IRS Form W-8BEN or W-8BEN-E, under penalties of perjury, that it is not a United States person; and
- it is not effectively connected with the holder’s conduct of a trade or business in the United States as described below.

If a Non-U.S. Holder cannot satisfy one of the first three requirements described above and interest paid on the New Notes is not exempt from withholding because it is effectively connected with the holder’s conduct of a trade or business in the United States as described below, payments of interest on the New Notes will be subject to withholding tax at a rate of 30%, or the rate specified by an applicable treaty.

Sale or Other Taxable Disposition of the 2020 Notes or New Notes. Subject to the discussions below under “Backup Withholding and Information Reporting” and “FATCA,” a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on gain realized on a sale, redemption or other taxable disposition of 2020 Notes or New Notes (including pursuant to the Exchange or any deemed exchange of 2020 Notes as a result of the adoption of the proposed amendments, as described above under “Tax Consequences to U.S. Holders—Treatment of the Adoption of the Proposed Amendments to Non-Participating U.S. Holders”), unless the gain is effectively connected with the holder’s conduct of a trade or business in the United States as described below, although any amounts attributable to accrued interest will be treated as a payment of interest. It is unclear what portion of the consideration received by holders in the Exchange should be treated as attributable to accrued but unpaid interest on the 2020 Notes.

6

Effectively Connected Income. If interest or gain on a 2020 Note or a New Note is effectively connected with a holder’s conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment or fixed base maintained by the holder), the holder will generally be taxed in the same manner as a U.S. Holder (see “Tax Consequences to U.S. Holders” above). In this case, the Non-U.S. Holder will be exempt from the withholding tax on interest discussed above, although the holder will be required to provide a properly executed IRS Form W-8ECI in order to claim an exemption from withholding. You should consult your tax adviser with respect to other U.S. tax consequences of the ownership and disposition of 2020 Notes and New Notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate) if you are a corporation.

Backup Withholding and Information Reporting. Information returns are required to be filed with the IRS in connection with payments of interest on the 2020 Notes and New Notes. Unless a Non-U.S. Holder complies with certification procedures to establish that it is not a United States person, information returns may also be filed with the IRS in connection with the proceeds from a sale or other disposition of a 2020 Note or New Note. A Non-U.S. Holder may be subject to backup withholding on payments on the 2020 Notes or New Notes or on the proceeds from a sale or other disposition of the 2020 Notes or New Notes unless it complies with certification procedures to establish that it is not a United States person or otherwise establishes an exemption. The certification procedures required to claim the exemption from withholding tax on interest described above will satisfy the certification requirements necessary to avoid backup withholding as well. Amounts withheld under the backup withholding rules are not additional taxes and may be refunded or credited against a Non-U.S. Holder’s U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

FATCA

Provisions commonly referred to as “FATCA” impose withholding of 30% on payments of interest on debt instruments and (for dispositions after December 31, 2016) of proceeds of sales or redemptions of debt instruments to “foreign financial institutions” (which is broadly defined for this purpose and in general includes investment vehicles) and certain other non-U.S. entities unless various U.S. information reporting and due diligence requirements (generally relating to ownership by U.S. persons of interests in or accounts with those entities) have been satisfied, or an exemption applies. If FATCA withholding is imposed, a beneficial owner that is not a foreign financial institution generally will be entitled to a refund of any amounts withheld by filing a U.S. federal income tax return (which may entail significant administrative burden). Arch intends to treat payments on the New Notes as subject to FATCA reporting requirements and, to the extent applicable, FATCA withholding.

Holders should consult their own tax advisers regarding the effects of FATCA on their investment in the New Notes.
